Donna had never been to a stage show before and I haven't been to one in many years, and we enjoyed the show tremendously. Most certainly, the part of Chuck, the rising executive at Consolidated Life (played by Ted Pugh) carried the show, with Ted on stage for almost every scene.

750 At King Lions' Annual Oyster Supper

The King City Lions did it again, with 750 people served at All Saints Anglican Tuesday of last week. The man in charge of this great social event was Howard Clegg of Hollingsworth Avenue, assisted by his wife Eleanor who headed up the "kitchen detail".

By no means a small chore was the seating, serving and cleaning up for 750 people between 4:30 and 8 pm. The 32 members of the Lions, helped by most of their wives, performed like you wouldn't believe. The church parking lot and Keele Street were the scene of waiting parking as guests came and went. Persons entering were given a number and asked to wait for their turn to be seated, as a voice announced intermittently the numbers in order.

Clegg says the oysters were purchased from the Maple Egg Grading Station in King and over 35 gallons of oysters were served. Among the hundreds of guests from the surrounding region was Bill Hodgson MLA York North and his wife Eliza. Shown serving oyster stew are (from left to right) George Adams, John Dew and Mrs. Margaret Kerr.

L. Wilcox-Oak Ridges Personal Development Conference At Seneca

Community Conference '72, a first for the Oak Ridges, Lake Wilcox and Ward 5 area, is scheduled for Seneca College, King Campus (Eaton Hall), for this weekend, designed for adult, young adult and teen personal development.

Aim of the program is to provide all persons taking part or wishing to take part, in group activities, the opportunity to learn more about the social and cultural organizations, their role, their function and how they operate. It will also endeavor to discover ways of increasing the contribution of groups to the life of the community and help group members learn and understand more about the way groups plan, make decisions and organize for action. Moreover, the program will endeavor to develop the potential of group members to become more effective as members and leaders within their own organizations.

This program came about as a result of an awareness by organizations and individuals of the community that education extension projects of this nature were virtually non-existent in the community or its immediate environs.

A citizens' committee was named at a general meeting attended by representatives of 85% of the organizations and it was charged with investigating various educational and cultural resources that could provide the needed extension program to the Ward 5 area. The proximity of the King Campus of Seneca College proved to be most satisfactory to several agencies which expressed interest and proposals.

Further information and application forms may be obtained by contacting the seminar Registrar Mrs. Robert Sayers, Box 453, Elm Grove Avenue, Oak Ridges.
