BEST ON THE FIELD

This may not be the best team on paper to ever wear the Dynes colors. But it has been the best one on the field when it really counted. They have to scratch to win on occasions. But scratch they do. Win they do. You just can't write them off.

From what scanty "info" I've managed to get, it would undoubtedly seem that the United States

is the team to beat at this juncture.

Cedar Rapids, Iowa, eliminated the Detroit Nothdurft Team in two straight games and the Dynes boys weren't able to upend Detroit all year. But the Detroit-Cedar Rapids games were something like 2-0, 4-0 contests which weren't really that decisive. The Jewellers never beat Bonnie Jones and the Detroiters, but they didn't lose by much McGrath one each. either. So you never know.

In representing Canada, Richmond Hill will have a three-man pitching staff that can beat anyone on by Paul Ohlis on the only goal one each. There won't be too many teams with the likes of Dick Hames, Bob Domik and Billy Drennan going for them.

So maybe come March 12 Richmond Hill will NOVICES have something going for them world-wise.

Woudn't that be loverly. No predictions. I just hope with everything I've got they beat every team by at least one run. Good luck.

But isn't it great?

GOLF TIME?

I don't want to dwell on February (horrible, awful, wretched, rotten) except to say that somewhere out there is March, then May, and summer.

Ernie Nerlich, a former pro at the Richmond Hill Golf and Country Club, is sponsoring a "Paris in the Spring" golf tour from May 15 to May 23. The tour will take in the French Amateur Golf Championship from May 19 to 22.

So if you've got \$340 kicking around in your sock this is your chance to soak up some golf and both Hans' goals with assists French air. That \$340 includes airfare.
