Look Ma—  
no hands

that's what the new **BERNINA** is all about!

Imagine—now you can have both hands free to guide the fabric through those precision turns! And look what's happened to buttonholing on the BERNINA 830! You don't even have to touch the fabric and bingo, a perfect buttonhole! Talking of fabric, do you know that the new BERNINA automatic fabric sensor adjusts itself to any fabric, stretch or knit, cotton or synthetic, and gives you stitching that simply will not pucker or snap. The 1972 BERNINA overlock stitch gives a perfect finish to stretch or knit garments and the new blindstitch, a hand-finished lock.

You have to hand it to the Swiss. Such ingenuity! Can a sewing machine be perfect? Meet the new BERNINA 830, in its streamlined red carrying case, at your dealer's today.

Of course, a wide choice of cabinets is available.
