### Sign Contest Winners Meet The Mayor

Vaughan Council is delighted with the response to its sign contest. Residents of the municipality were invited to submit ideas for signs representative of the new Town of Vaughan.

The 42 entries, many of them from children, were judged by a sign committee — Michael Bevan of Emery Secondary School in North York, Gordon Slack of the Ministry of Transportation and Communication, and Gary Schlee of the Woodbridge and Vaughan News.

Signs were chosen on the basis of practicality, readability, stability and appearance with numbers, not names, on each entry.

Six signs were selected and referred to council for final judging. Council chose the design submitted by Alice Weislo of Kleinburg, pictured above with Mayor Garnet Williams. It incorporates the crest of Vaughan within a border of varying shades of green.

Second prize went to Arthur Bacher of Maple, and third prize went to Mrs. Mary Norcliffe, Maple. Named for honorable mentions were Roy Rice and Barbara Rice of Thornhill and Jean Walsh of Woodbridge.

Cash awards of \$100, \$50 and \$25 were made to the three prize winners. A professional sign company will be asked to advise on the type of background material and coloring to be used and give an estimate of cost before a final choice is made.

Presentation of prizes took place in the mayor's office on June 12.

### Reception Friday

## Educator Plans Outdoor School

After 15 years as teacher and principal in the Region of York, Principal Harry Hunt of Ballantrae Public School is leaving the area. His friends are planning a reception for those who have been associated with him through the years, including former pupils.

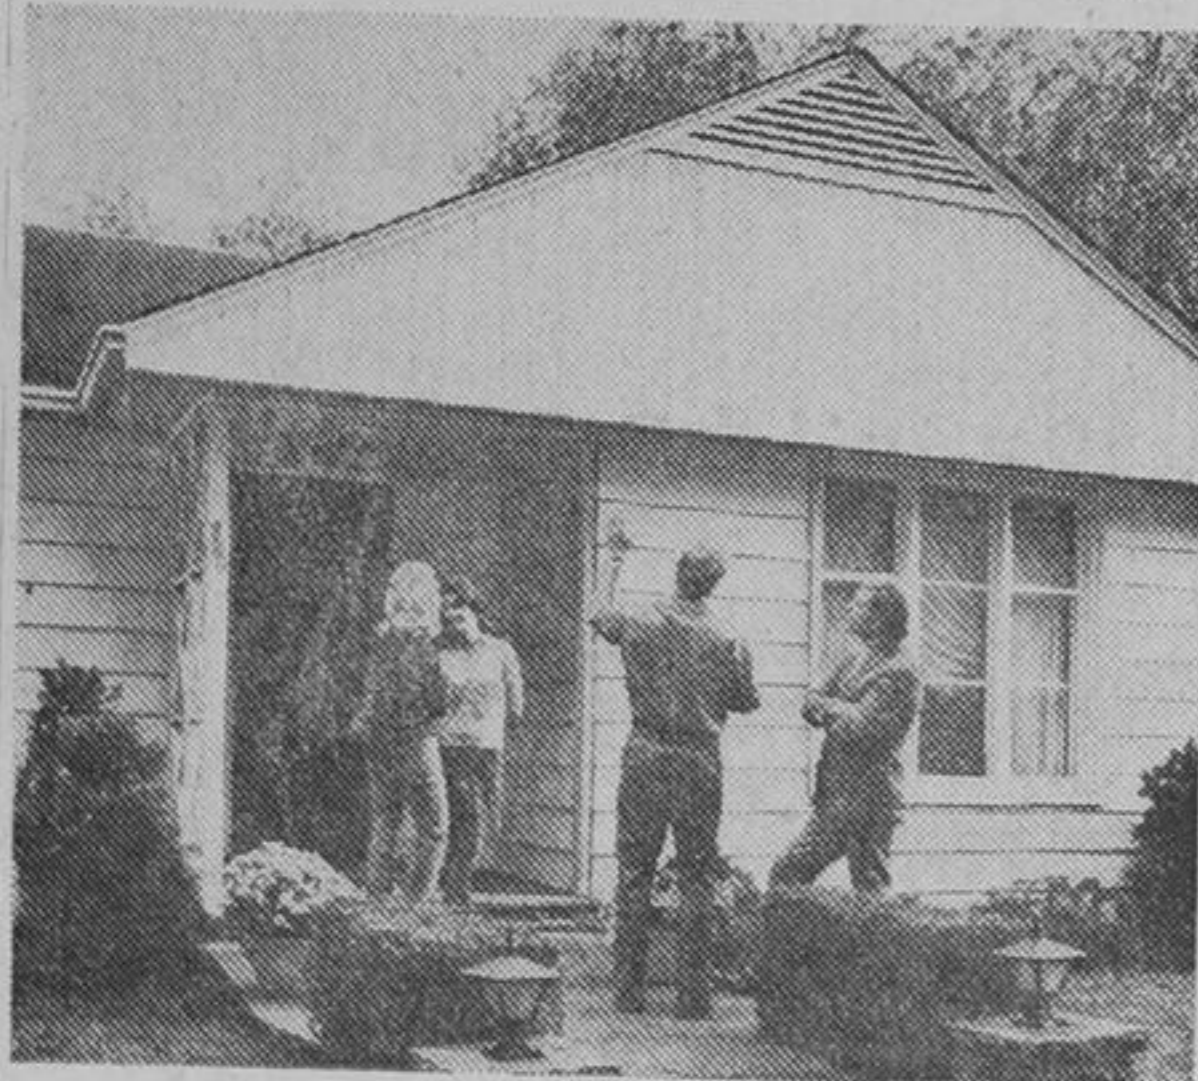

The dessert and coffee reception and community farewell will be at Ballantrae Centennial Centre from 7 to 9 pm June 23. A native of Whitechurch, Hunt had lived in Bethesda all his life, and although he is only 37 he has been in the teaching profession for 18 years. He taught at Jefferson Public School for a year and at Lloyd Public School for eight years before going to Ballantrae.

Mrs. Hunt is also a teacher and recently has done supply teaching at Whitechurch Highlands Public School. They are planning to open an outdoor education centre at Wyevalle in Huronia, much to the delight of their three children — Robert, 13, David 9, and Susie, 3.

The Hunts have bought a 100 acre property by the Wye River in the middle of the ski country around Mount St. Louis. There is a water driven grist mill on the property, a sugar bush and marsh — ideal conditions for an outdoor education program.

They will live in a log house built of British Columbia cedar and plan to erect a lodge of cedar logs with large common room and fireplace and a dormitory wing. The lodge will house classroom space for about 50 students.

They have long dreamed of such a place, said Mrs. Hunt, but it was finding the property with its many natural assets and just up the river from the Martyrs' Shrine in Huron County that clinched the decision to get it on the road. They hope to

Strong. Good looking. Durable. Adds value. Guaranteed 20 years. Yet it costs no more.
