In Memoriam

DOWNING — In loving memory of our beloved daughter Peggy Savage, who went to be with Jesus two years ago July 19, 1970. For those we love are with the Lord. We believe the Lord has promised to leave us or forsake us. Behold I am with you always, if she is with him and he is with us. She cannot be far away. —Always in our hearts, her mother and father-in-law, Viola and Lester. clw3

GILES — In loving memory of a dear husband and father Edward Charles who passed away July 22, 1970. Past his suffering, past his pain. Cease to weep for tears are vain. He who suffered is at rest. Gone to Heaven with the best. —Always remembered by wife Flo and son Bob. clw3

MacFARLANE — In loving memory of Connie MacFarlane who passed away July 20, 1971. Gone from the earth so swiftly. Just like a flower in bloom. So young, so fair, so loving. Yet called away so soon. —Sadly missed by Mom, Sister Carla and Grandma. *1w3

MALLOY — Mary E. who entered into rest July 21, 1971. —Lovingly remembered by her family. clw3

RICHARDS — In loving memory of my dear father George H. Richards who passed away July 17, 1961. We little knew when we woke that morning. The sorrow the day would bring. For the call was sudden, the shock severe. To part with one we loved so dear. —Sadly missed by daughters Laura and family and Margaret and family. clw3

WALLS — In loving memory of a dear husband and father Wesley Walls who passed away July 14, 1964. Those whom we love go out of sight. But never out of mind. They are cherished in the hearts of those they left behind. Loving and kind in all his ways. Upright and just in all his days. Sincere and true in heart and mind. Beautiful memories he left behind. —Lovingly remembered by wife Rita and family. *1w3

How much home are you missing through outdated wiring?

When this house was built it was hard to imagine all the wonderful ways in which electricity would be serving us today. That's why the wiring in so many older homes just isn't adequate for today's needs.

There are many signs. Fuses blowing. Lights dimming. Appliances performing sluggishly. Cluttered extension cords. Not enough outlets.

So, if you're planning to modernize your home, think first of the wiring. Have a qualified electrical contractor check it. You'll be surprised at how easily and inexpensively it can be updated. The Hydro Finance Plan makes it easy to get started right away. Just ask your Hydro.
