Community Life In King City Area

King Library
It was the last of the three summer programs in the lower room of the King Library, and Mrs. Bernice Ellis captured the minds and imaginations of the boys and girls present with several tales of Sinbad the Sailor. Present were: Susy Hopkins, Michael Redman, Christopher Ball, Phillipa Ball, Sari Matthews, Helga Page, Janet Vanchuck, Mandy Matthews, Tara Knowles, Heather Burbridge, Dale Riddell, Kelvin Bowler, Tammy Matthews, Alex Burbridge, Sherri Maggiacomo, Michelle Romanin, Debra Cullman, Jeff McCartney, Becca Matthews, David Hadwen, David Felstead, and Helen Leung. The 'castle' creations begun three weeks ago were finished up and given a spot of paint where needed. Mrs. Ellis persuaded the children to leave the castles there for a week or so, and if you're in the neighborhood, drop in for a visit to a land of turrets and drawbridges.

THE REGIONAL MUNICIPALITY OF YORK

AUDITOR'S REPORT

To: The Members of Council, Inhabitants and Ratepayers of The Regional Municipality of York.

We have examined the 1971 Financial Statements - Municipal Operations and 1971 Financial Statements - Waterworks of The Regional Municipality of York, which are listed on the attached Index. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of The Regional Municipality of York as at December 31, 1971 and the results of its operations for the year then ended, in accordance with accounting principles generally accepted for Ontario Municipalities.

Notes to Financial Statements

1. Establishment of The Regional Municipality of York
Pursuant to The Regional Municipality of York Act, 1970, the inhabitants of the then County of York, outside The Municipality of Metropolitan Toronto, were constituted a body corporate under the name "The Regional Municipality of York."
Under the Act the Corporation of the County of York and the Toronto and York Roads Commission were dissolved on the 1st day of January, 1971, and all the assets and liabilities of such bodies became, as of the day of such dissolution, the assets and liabilities of the Regional Corporation. The Act also provided that the Health Unit serving the County of York was dissolved on the 1st day of January, 1971, and the assets and liabilities thereof were to be disposed of by order of the Minister of Health.
The Act permitted the Regional Corporation to enact by-laws assuming for sewer, water and police purposes certain real and personal property vested in the Area Municipalities. Such assumptions were to be without payment of compensation to the Area Municipalities involved; the Regional Corporation did however become responsible for the payment of any outstanding debenture debt relating to property assumed from the Area Municipalities.
All the necessary by-laws relevant to the assumption of property have been enacted by the Regional Corporation, and by the terms of The Regional Municipality of York Act, the Regional Corporation has become liable for the payment to the Area Municipalities of the outstanding debt with respect to the works assumed.

2. Charges for Net Long Term Liabilities
Total charges for the year for net long term liabilities were as follows:
Principal payments including contributions to the debt retirement fund of Ontario
Water Resources Commission 712,363
Interest 523,603
1,235,966
Of the total charges shown above, \$958,886 was paid from the revenue of the municipality and is included in expenditure, classified under the appropriate functional headings and \$277,080 was recovered from the waterworks department for which the related net long term liabilities were incurred.

3. Provision for Reserve
A provision for reserve for working funds amounting to \$373,000 is included in the item "financial expenses" in the Statement of Revenue and Expenditure.

4. Contributions to Reserve Funds
Contributions to reserve funds amounting to \$9,779 are included in the Statement of Revenue and Expenditure classified under the heading "Sanitation and Waste Removal".

5. Basis of Consolidation

The consolidated balance sheet reflects the assets and liabilities of the revenue fund, the capital fund, and all reserve funds of the Regional Corporation. The assets of the York Manor Home for the Aged residents' trust fund amounting to \$65,578 have not been consolidated.
The Home Care Program administered by the Regional Health Unit and subsidized 100% by the Province of Ontario, has not been included in the consolidation. In the five months from August to December 1971, this program has received Provincial subsidies of \$51,000, has incurred expenditures of \$37,549, leaving a 'cash on hand' balance at December 31, 1971 of \$13,451.

6. Net Long Term Liabilities

By the formation of the Regional Corporation on January 1, 1971 (see note 1) certain long term liabilities of the Corporation of the County of York were assumed by the Regional Corporation. These liabilities together with certain Ontario Water Resources Commission projects finalized since the formation of the Region, are regarded as being incurred by the Regional Corporation.

Total long term liabilities incurred by the Regional Corporation and outstanding at the end of the year amount to 11,763,137
In addition, the Regional Corporation has assumed responsibility for the payment of principal and interest charges on certain long term liabilities issued by Regional Area Municipalities. At the end of the year, the principal amount of this liability is 5,021,598
Of the long term liabilities shown above, the responsibility for payment of principal and interest charges has been assumed by others for a principal amount of (8,690,900)
Total balance in the debt retirement fund of the Ontario Water Resources Commission, excluding interest earned during 1971, which has been accumulated to the end of the year to retire the outstanding long term liabilities included above amounts to (483,811)
Net Long Term Liabilities at the end of the year 7,610,044

7. Capital Outlay to be Recovered in Future Years

Some capital outlay does not represent a burden on general Regional Corporation revenues, as it is to be recovered in future years from other sources:
Municipal Enterprises (Waterworks) \$2,167,718

8. Liability for Vested Sick Leave Benefits

Under the sick leave benefit plan, unvested sick leave can accumulate and employees may become entitled to a cash payment upon termination of employment equal to no more than one-half of the number of days accumulated or one-half their current salary. The liability for these accumulated days, to the extent that they have vested, and could be taken in cash by an employee on terminating, amounted to \$607,000 at the end of the year. No provision has been made for this liability.
