

Maple, Kleinburg Concord & Edgeley News

"The Liberal" is always willing to publish items regarding people and events contributed by its readers in Maple, Concord, Edgeley and Kleinburg. Maple, please phone Mrs. Louise Cooper, 832-2408; in Edgeley and Concord, Mrs. Carol Cole, 889-4379; in Kleinburg, Mary Dawson, 884-1105; in Teston Mrs. Connie Brown, 832-8817.

LOOKING AROUND

Several of our Maple residents are celebrating birthdays about now, and included in those are Mrs. Margaret Jackson and her daughter Betty, Ed Borrett and Mrs. Hazel Borrett.

A happy birthday for each of these and our apologies to Jack Leece for missing his last week when we extended wishes for a happy birthday to several of our senior citizens.

We were happy to hear from Mrs. Andrew Snider, recently of Maple, now of Fergus. Dorothy tells us that she is now home from hospital, and wishes to let all her host of friends know how much she appreciated all the cheery cards and letters of encouragement.

We know how much it means to know that our friends are thinking of us during times of illness and trouble. We were also evidently misinformed when we gave the Snider's address as Box 92. It is 445 Union Street East, Fergus.

Mr. and Mrs. Harry Jennings of Major Mackenzie Drive enjoyed their first trip away from home this summer when they visited their son, Len and his family last week in Owen Sound.

Mrs. Margaret Jackson and daughter Betty, are enjoying the company of Mrs. Jackson's great nephew Robert Cado of Collingwood, this summer. Robert is staying with the Jacksons while he is furthering his studies in chartered accountancy at York University, and we feel sure that he will enjoy his visit as well as they.

Percy Puterbaugh was the guest of honor Friday at an open house at the home of his son-in-law and daughter, Mr. and Mrs. Wilfred Boves, RR 1, Maple, on the happy occasion of his 80th birthday.

Mr. Puterbaugh greeted over 150 guests during the day, assisted by his daughters Irene (Mrs. Wilfred Boves), Marion (Mrs. Ross Bryson) and Ruby (Mrs. Russell Hoover).

Adding to the joy of the occasion, as well as their fathers, Wilfred Boves, Ross Bryson and Russell Hoover, were Mr. Puterbaugh's grandchildren Gloria and Dannie Boves, Brian and Betty Bryson and Terry and Bobby Hoover.

Grandson David Boves was missed, being away on a special holiday.

The Puterbaughs are a pioneer family in Vaughan, Percy

IN THE VILLAGE OF MAPLE

being born on Concession 5, Lot 13, and living there and farming the family farm with his wife Minnie until 1961.

The ladies of Carville United Church did a lovely job of adding their bit to the festive occasion with delicious refreshments, graciously served.

A husband of Maple Seniors and several guests Saturday headed out at 8 am for the much talked about mystery trip. With Travelways Driver Roland Guilbault and Hostess Louise Cooper the group stopped for coffee and then arrived in Peterboro for the two-hour lift-off tour.

After a relaxed lunch in the beautiful sunny scenic park the group again boarded the bus and headed for home with a stop at the lift-off to watch the operation from the bus.

This excursion is scheduled to leave Maple United Church at 9 am with the individual again taking his or her own lunch. Tea and coffee will again be provided, as well as paper plates and cups.

Supper has been arranged at the Drummond Hill Presbyterian Church in Niagara Falls, and the group hopes to stay to see the falls illuminated, arriving home around 11 pm.

The first draw of the Maple-Kleinburg Lions Arena Lottery was made last Friday evening, with the first prizewinner of \$500 a resident of Richmond Hill.

We have been advised that the Lions have received an extension from the lottery board on the deadline date for selling the draw books until August 25, before the second draw. There are over 200 books left which

will now, of course, sell for \$55. Any member of the Maple or Kleinburg Lions Clubs have tickets for sale, and for such a worthwhile cause we strongly urge residents to make a point of contacting one of the men if they have not already done so, to get in on the remaining 11 draws.

We were told this week of a special effort by five young lads to help support the Maple Arena in the form of a candy sale. Jamie Ferguson, eight years of age and his brother Lee, six years, Danny Munshaw, eight years, Michael Jones, nine years and Brent Ivens, 10 years raised \$3.25 which they contributed to the arena fund.

The new backdrop for the northeast diamond of the community hall park is now completely erected thanks to the Ryder Road Boys, Frank Guttridge, Fred Sharples, Bruce Bousher, Bruce Thurston, Rick Coward, Charlie Wilmot and of course Frank Robson who is the sparkplug for most projects of this nature.

The assistance of musclemen Hugh Cook, Ron Sanford, and Tom Mummery is also gratefully acknowledged.

Junior assistants included Jim Robson, Mark Bousher, David Plante, Jeff Sanford, David Taylor, Kevin Garrett and John and Bob Wilmot.

Since the only cost to the town was for material (about \$280), perhaps the town fathers of the recreation department could now find funds to rebuild the backdrop at the northwest diamond—if some willing volunteers come along to do the work.

The parks are being well kept, and the community park is in constant use for baseball and tennis during the summer.

The senior men play Sunday evenings, junior and senior boys Monday and Thursday evenings and T-Ball is played Tuesday.

At this point it should be mentioned that Bill Tinline, chief umpire and all the volunteers who assist in this summer program deserve more appreciation and thanks than we could possibly give here. These jobs are so often thankless, and as everyone knows, umpires and coaches come under criticism, sometimes as often as they receive well deserved appreciation.

As we did last year, we will attempt to inform our readers of the Go Bus service through Maple to the Canadian National Exhibition. There will be five buses daily from Maple to the

Ex" except on Sunday when there will be only two. From Monday to Saturday, inclusive, buses will leave Maple at 8:22 am, 8:52 am, 9:17 am and the 10:17 and 11:17 buses will run daily.

Return buses from the "Ex" to Maple will leave the "Ex" at 7:30 pm daily, 9 pm daily except Sunday and 11 pm daily.

The fare is 85c single and \$1.70 return for adults and for children under 12 years of age and over 5, half the adult fare or 45c one way and 85c return.

We suggest that the above be clipped and kept handy for the "Ex".

The congregation of St. Andrew's Presbyterian has enjoyed the company of members of Maple United as well as visitors from Zion Lutheran and several other churches this past month.

During the month of August, the Presbyterian Church will be closed, with the congregation invited to join with that of Maple United. Rev. Stanley Snowden will resume services this Sunday morning at 10 am at Maple United. Carville service will be held at 9 am and Mr. Snowden will preach at St. Paul's Presbyterian 7th line.

Teston Tidings

With the summer half gone, there have been a few news items brought to my attention. Miss Jamie Cudia, daughter of Mrs. Evelyn Cudia of Jane Street graduated from the Osler School of Nursing July 27 at Weston Collegiate Institute.

Jamie, a graduate of Langstaff Secondary School has resided here all her life. She was the youngest nurse to graduate being just 18 and standing ninth in her class of 110. She will be on the staff at York Central Hospital commencing September 4 on the surgical ward.

Roseanne Cudia and a girlfriend are spending a pleasant week at a cottage at Marmora, Ontario near Belleville.

Ken and Gloria Lotton, Ken and Connie Brown, and Wayne and Shirley Diceman enjoyed a trip to Moosonee and Moose Factory the last week of July.

This trip to the farthest place north that the railway runs, takes five hours from Cochrane. The weather was cloudy and it stormed on the canoe trip back from the Island, but it cleared sufficiently enough to spend the night in the tent trailer.

One thing that we found in this northern town was the high price of just about everything. It is hard to believe what these people have to pay for articles that we really take for granted. Especially the food prices.

Marg Murray entertained Ann McMahon, Elsie Diceman, Hazel Cooper and Hattie Deisman at the cottage the past week. The weather co-operated and everyone enjoyed relaxing for a while.

The Vellore Institute held its August meeting at Isabel and Aubrey Ella's cottage at Lake Simcoe August 1.

George and Doris Sayewell are spending the month of August at their cottage at Gravenhurst with side trips to various parts of Ontario planned.

The lowest or any tender not necessarily accepted.
R. H. Kraft P. Eng.
Town Engineer
Town of Vaughan
Maple, Ontario.

Vaughan on the last Sunday in August.

David Boves, son of Mr. and Mrs. Wilfred Boves of RR 1, Maple, and Glen Barnden, son of Mr. and Mrs. Roy Barnden of Ryder Road, last week enjoyed a holiday in New Brunswick after being chosen by the teachers and principals of their respective schools, Bayview and Langstaff Secondary, to participate in the Young Voyageurs Program.

The students in grade 11, at least 17 years of age, were required to learn as much as possible about their own province of Ontario, and were billeted in private homes in New Brunswick, where they were to exchange information and bring back as much as they could to their fellow students next year.

We can feel a sense of pride, that of all the students in the grade 11 classes in both schools, these boys were both from Maple.

As part of the Youth Involvement Program, featured in photograph on last week's Maple page, a tennis tournament is being held August 14 at 7 pm.

This tournament involves young people from Newmarket, King, Woodbridge and Maple and should prove to be a lot of fun.

These programs, provided for young people between the ages of 14 and 20 years at Maple and Woodbridge operate Monday to Friday between 6 pm and 12 midnight in the community centre, and provide lively arts, physical sports and involvement with a sense of the community. The program in Maple is attracting more attention as the summer wears on, and is proving to be a valuable interest for those involved.

Community Prefers Townhouses On Site

Markham Planning Committee wants townhouses instead of apartments on a site at Bayview Avenue and Laureleaf Road in Thornhill and decided at its July 20 meeting to invite a representative of the owners, Fred Schaeffer, to the next meeting to discuss uses for the site.

At the June 1 planning committee meeting, a resolution was passed asking the owners, Pine-tree Developments, to consider townhouses instead of apartments for the site. The planning director reported that the owners' intention was to proceed with apartments.

The committee discussed the most appropriate use of the property, which presents special problems due to its shape, size and location. It is a medium-sized wedged parcel abutting the tracks of the CN access line to the Maple marshalling yards and a low density subdivision.

The planning department recommends that the whole site, which includes 11 single family lots, be used for townhouses.

Crops And Fertilizer Explained To 4-H'ers

The Woodbridge 4-H Club members were guests Tuesday at the Fieldhouse Farms located west of Woodbridge.

Purpose of this meeting was to examine the crops on this well-managed farm.

After the business portion of the meeting was completed Don Fieldhouse took the members on a hayride so he could explain the crops and the fertilization of the land.

Following the hayride, refreshments were served. One of the members extended a thank you to the Fieldhouses which was endorsed heartily by the remainder of the club.

STOUFFVILLE: Loss in a fire which destroyed a barn on a farm owned by Ken Schell and Vern Hoover was estimated at \$150,000. Destroyed, beside the building, were 10 cows, 113 pigs, two tractors, two wagons, a combine, and a piggery.

Markham To Hire 2 More Planners

Markham Town Planning Committee decided July 20 to add two qualified planners to its planning staff in the near future.

The two will be: a development planner who will be responsible mainly for reviewing subdivision plans, site plans and rezoning requests at a salary of \$8,500 to \$10,500; and a project planner who will be responsible mainly for carrying out special studies, long-range planning, etc., at a salary of \$8,500 to \$10,500. The salary scale in each case will need approval of the town's personnel committee.

With Planning Director William Powers this will bring the number of planners in Markham to three.

and dollars
You're miles ahead at

Firestone STORES

Two points to note about this belt:

the name on the tire

That's right. Firestone. A name you've known since you were a kid. A name you'll find on the tires that come on so many new cars. For a reason. Sure, we're proud of the name Firestone. And we do everything we can to keep our good name good. With the way we engineer our tires. With our quality control. And with our No-Gimmick Guarantee. When we put our tires on your car, we put our name on the line.

and the price on the tag!

That's a surprising new low price for belted Strato-Streaks. Correction: for double belted Strato-Streaks. With two husky belts under the tread. To prevent tread squirm. So you'll always have a good grip on the road. And so your tire dollar will go a long, long way. A belted tire at this price is a very, very good deal. But a Firestone belted tire for \$24.95 is more than a lot of tire for the money. It's a lot of peace of mind too.

And our name means a lot in **FRONT END SERVICE** too!

Wheel alignment
Front Wheel Balance
Outer bearing repack

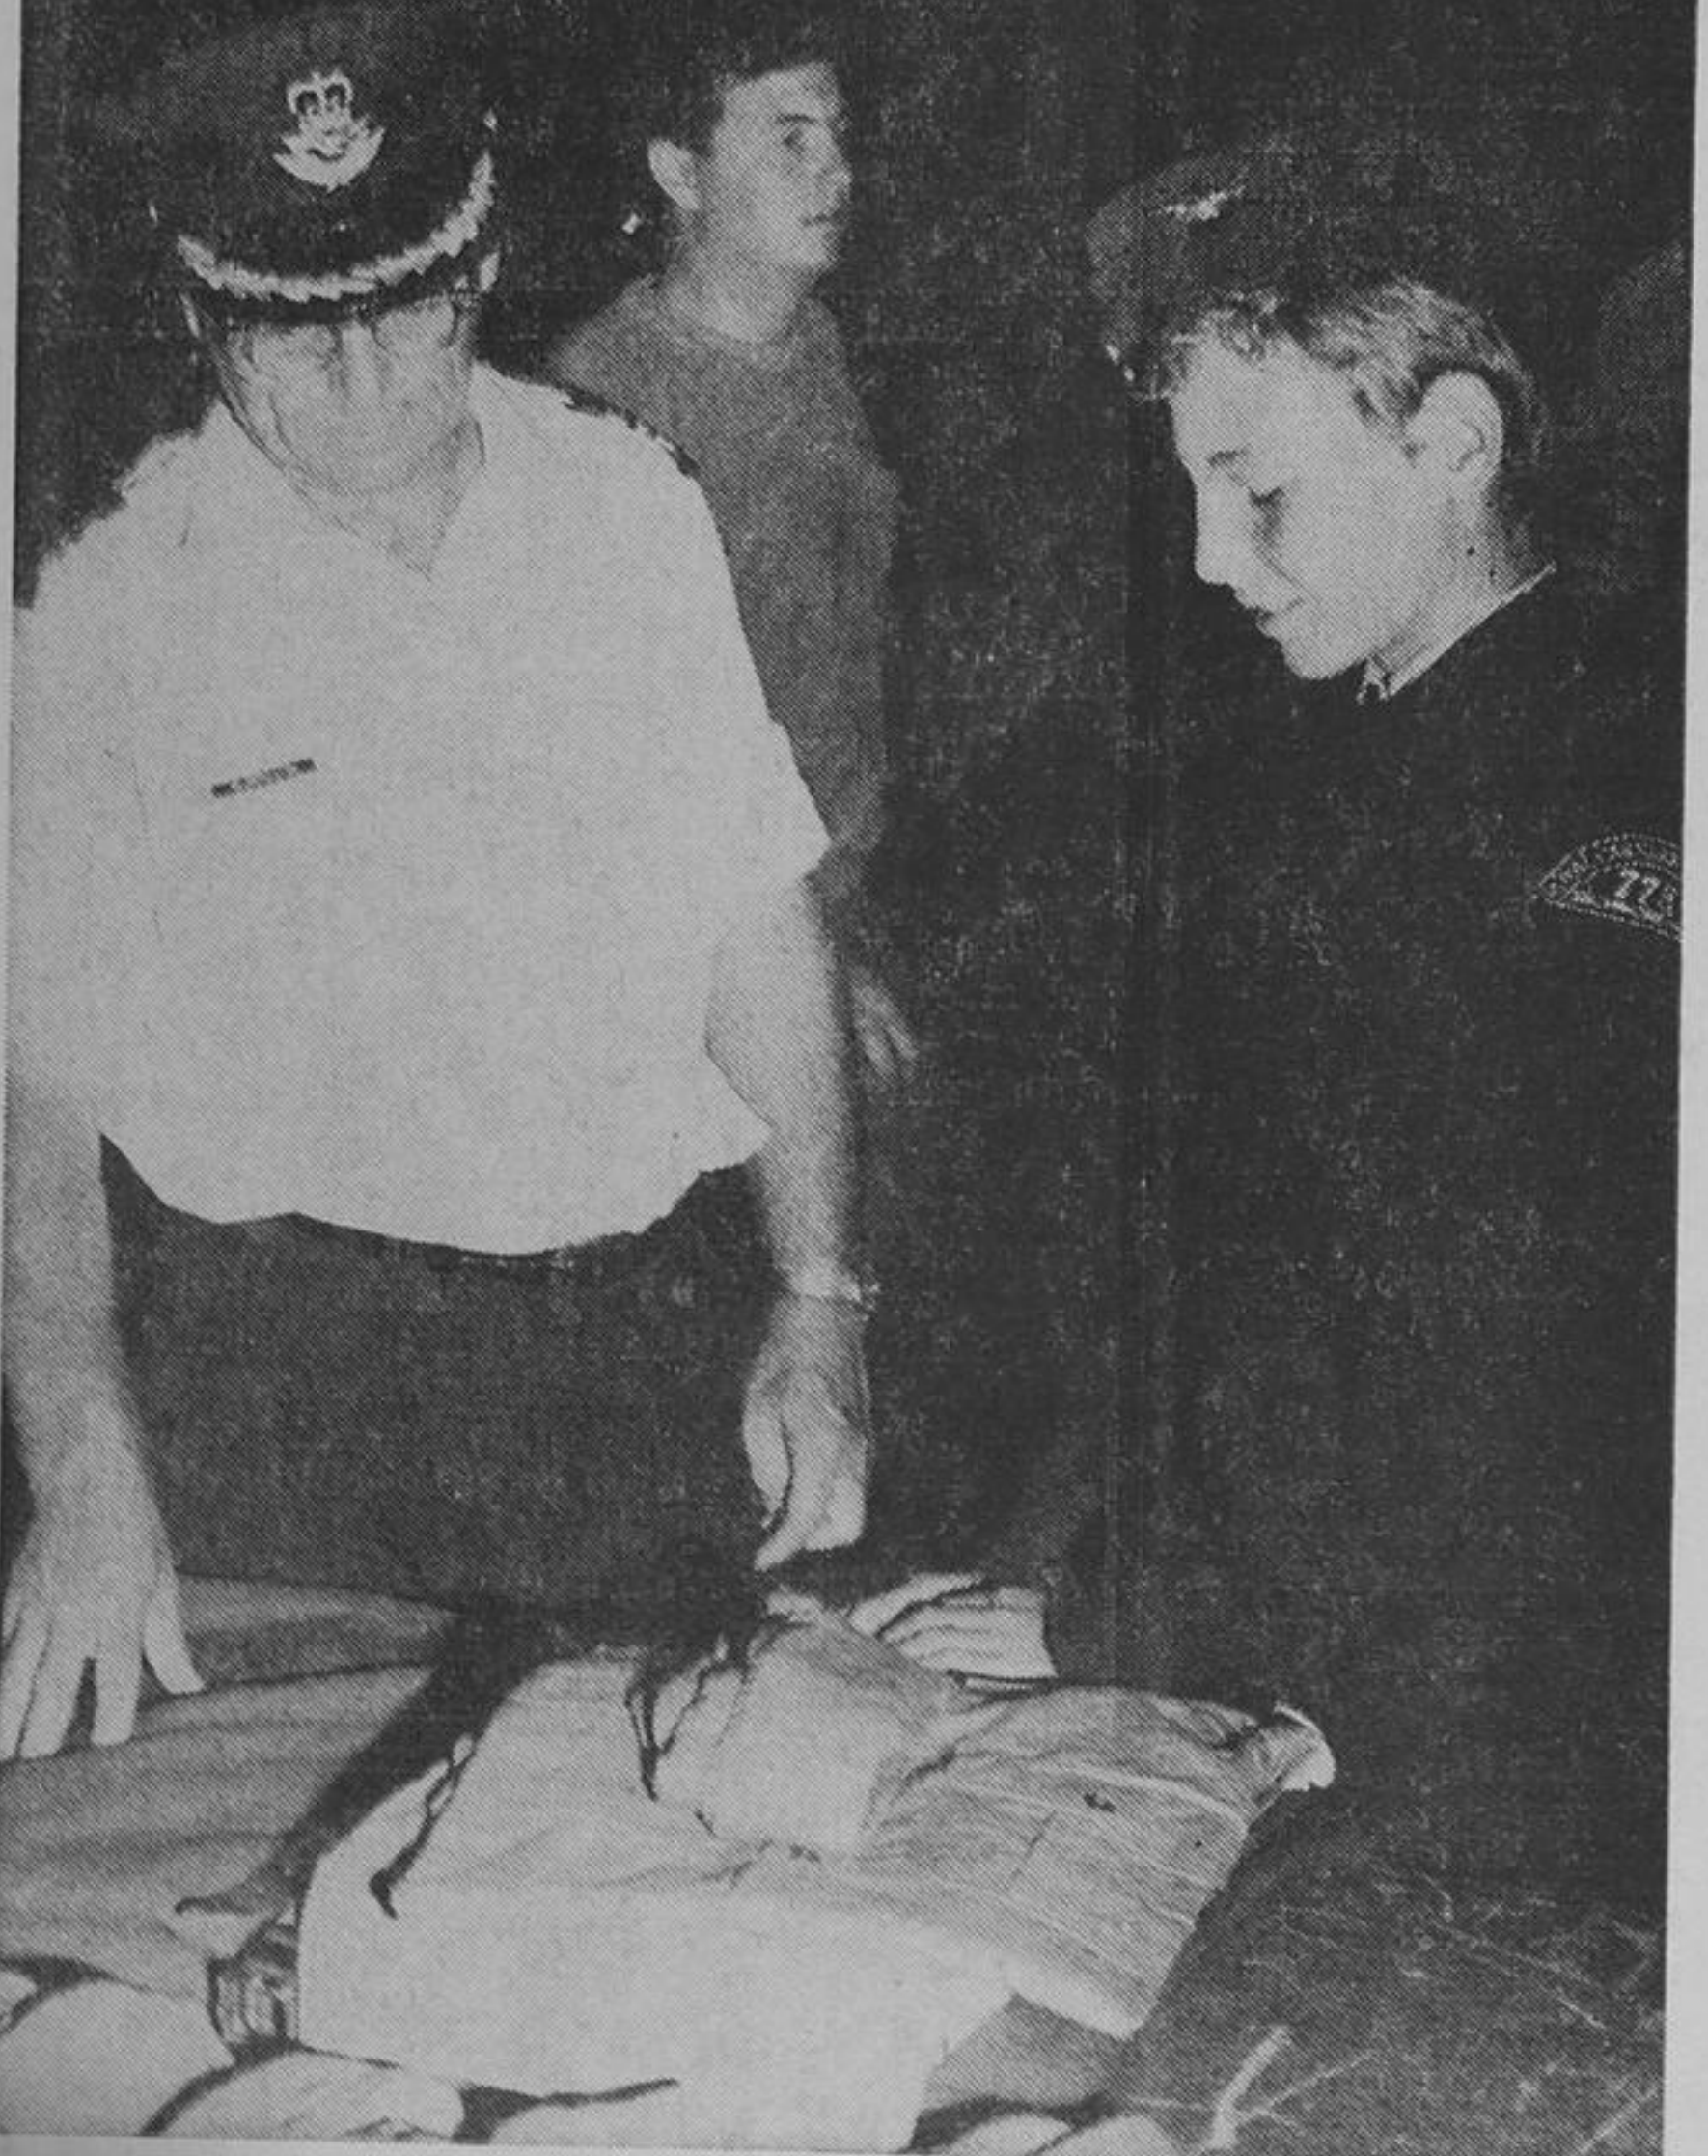

\$9.95 disc brakes and/or torsion bars extra

This front end package deal will do a lot more than make your car ride better. It can save your tires from wearing out thousands of miles too soon. And prevent costly mechanical damage too. By the way, it's worth remembering that even cars with low mileage need this kind of service from time to time.

Richmond Hill Air Cadets At Camp

Several cadets of 778 Squadron Richmond Hill have been enjoying summer camp at Canadian Forces Base Trenton, undergoing intensive training along with 400 cadets from all over the province. Included in the curriculum are sailing, gliding, swimming, canoeing and flying in a Boeing 707.

The cadets will also travel Southern Ontario to see Old Fort Henry, the Royal Military College and Ontario Place.

Pictured above is Air Cadet William Openshaw of 778 Squadron (right) as he drew his equipment from Major Ted Morrison, Services and Supplies Officer, on his arrival in camp.

William is the son of Mr. and Mrs. Alexander Openshaw of King High Drive, Concord, and has been a cadet since early in the year.
