Local Athletes Seek Eastern Track, Field Honors

Months of training and individual determination will be tested this weekend when local athletes participate in the Eastern Canada Track and Field Championships to be held in Brantford.

The best track and field types from Eastern Canada will be on hand to contest for the junior (that's 19 years and under) laurels. The winners will be receiving consideration for the Ontario Team which will participate in the Canada Finals August 29 in Montreal.

Local hurdle expert Greg Binkley, shotput musclem Steve Hoxey and sprinter Sue Stephenson will represent our area in the junior division. At the midlevel level javelin ace Doug Workman, sprinters Diane Diggins and Paul MacIntosh will be expected to register wins in their specialties.

SURPRISING EFFORT
 Most surprising effort of the night was by pint-sized Angus MacGregor, who entered the juvenile 800 meters and stayed close to the older boys for the first 400 meters. Angus is 11 years old while the juveniles are pegged at 17 years of age. Needless to say the young MacGregor will be getting a lot of attention from the coaching staff over the next few years to develop his running potential.

Members, who have competed well over the past weeks, have been Tim McGhie who placed fifth in the long jump in the Ontario Finals with a leap over 20 feet. Doug Workman placed fifth in the midlevel javelin in the 110 meter and 400 meter hurdles.

WINS AT NEWMARKET
 Saturday, July 29 in Newmarket in an area meet involving Newmarket, Uxbridge, Tottenham, Penetang and Richmond Hill the local team fared very well with a total of six first place finishes, six seconds and seven third place efforts.

Winners for the club were Steve Hoxey in the shotput, Clayton Bigelow in the 800 meters, Bruce Cook in the triple jump and 1500 meters and Rusty Cochrane, Ron MacGregor, Clayton Bigelow and Bruce Cook winners in the 100 meter relay.

The close finishers in second place were Rusty Cochrane in

the 100 meters for atom, Ron MacGregor in 100 meters for bantam, Bruce Cook juvenile 200 meters and 800 meters, Clayton Bigelow in the 1500 meters, and Rusty Cochrane in the 200 meters for atoms.

Top athlete for the meet was Bruce Cook from the Hill who gathered in two firsts, two seconds and three thirds as well as anchoring the winning relay team.

NEWCOMER DID WELL
 Newcomer Rusty Cochrane showed very well by winning the atom high jump with a leap of four feet one inch and this lad from Oak Ridges should compete very well in the coming championships to be held August 19.

Other new faces which will be wearing the green and white of Richmond Hill this weekend are Dianne Diggins, a speedy midlevel lass from Thornhill, and Paul MacIntosh, long red hair and all, from Richmond Hill.

The Richmond Hill Athletic Club trains nightly at Richmond Hill High School grounds from 7 pm to dark. The older juvenile juniors on Tuesday and Thursdays, the bantams and midgets on Wednesdays, and the mite-tyke-atoms on Tuesday and Thursday nights.

Announce New Healing Substance: Shrinks Piles
 Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most important of all - results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.

Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores. Satisfaction or your money refunded.

Water Appreciation Week

Environment Ontario invites you to visit your local water treatment system, during Water Appreciation Week, August 13th to 20th.

For further information about Water Appreciation Week and these educational tours, contact your local water treatment plant.

Got disc brakes? Congratulations. You've got the best stopping going. But if you've got disc brakes, you should remember just one thing. They're very, very different from drum brakes. Instead of a drum, the disc brake has a rotating disc (or rotor). And a caliper equipped with two disc pad assemblies and hydraulic pistons. When you need to stop, the caliper assembly grips the rotor.

And incidentally, there are five basic types of disc brakes on North American cars. Maybe you're not all that concerned about how your disc brakes work. As long as they do.

And that's why you should be concerned about who works on your disc brakes. You need help from people who are thoroughly familiar with the disc brake difference.
