## Name Team Captains And Most Valuable Players

By the time the coaches and division managers read this (it's being written a week early because of the Monday holiday) all the players must have been graded and the division managers will be passing them to this writer. Captains must be chosen for all teams.

The name of the most valuable player in each division must be submitted to Bob McClelland, 488-2904. We've had a very successful season this year. Please help finish it off and start out for next year.
