

DAVID FRASER

Seeks Re-election

Candidate for re-election to the Town of Vaughan Council, David Fraser told "The Liberal" that he is an independent councillor, tied to no one and is free to serve all the people all the time. He insists on the right of all people to appear before council on all subjects and on council making its decisions in public. Council and staff, he states, shall not be subservient to any area, group or individual.

Mr. Fraser believes that council must be concerned with pollution and that existing built-up areas need sewers. He promises to work to get them.

He also believes Vaughan needs improved public transportation but warns that the cost must be watched carefully, so that the municipality can afford the additional service asked for.

The environment is another deep concern. "We cannot preserve our past by stagnating the present. We must complete our planning studies and hold full public discussion and then adopt area plans before too many zoning changes spoil the beauty of what we have now and inhibit sensible planning for the future," he told "The Liberal".

Another area of concern is recreational opportunities for all. This, he believes, can best be done by opening the schools and other public buildings to the whole community.

He promises to listen and support the solution of local and personal needs and problems so long as it is not against the welfare of the municipality as a whole. "I assure you I care for Vaughan and for everyone living there," said Mr. Fraser in conclusion.

ART MEEKE

Runs In Ward 6

Seeking the Ward 6 seat on Richmond Hill Council is Art Meeke, who has been a resident of the town since 1962 and of the Richvale area for the past three years. His home address is 24 Claridge Drive.

He is employed as a public relations officer with the Ontario Government, a positive and destroy property last nine years. Before that he was on the staff of the Township of North York.

Mr. Meeke feels his experience with and knowledge and understanding of the two levels of government will be a benefit as representative of Ward 6.

He is responsible for the public relations of Richvale Minor Hockey Association.

With the development of the BAIIF complex now underway, Mr. Meeke believes that his ward has become a very important one in Richmond Hill. This calls for orderly development with proper zoning bylaw playing an integral part in the overall plan for Ward 6.
