IN THE VILLAGE OF MAPLE

charge. Interment in the Maple Cemetery.
It is our hope that the thoughts and prayers of those many friends and neighbors will sustain the family during their time of loss.

The men of the Maple Lions Club have put in a busy summer, in spite of holidays, and this week is no exception with the second community event, a Maple Farewell for the visiting English Scouts and their leaders.

Today (Thursday) everyone will gather at the community ball park for a 2 pm Scouting, a 5:15 community corn roast, catered by the Lions, cost \$1.00 per person, 6:00 pm Auto Polo and the final closing ceremonies at 7:00 pm. In case of rain, all will go as planned, in the arena.
It is hoped that a good turnout will show the visitors from England an indication of Canadian hospitality.

The Lions have completed their plans for the September, to be held in the arena, September 15 from 6 pm to 1 am, with the usual highlights including dancing to Andy Blumauer and his original Alpine Showband.

A delicious hot and cold international buffet will be enjoyed by all.
Tickets for this event are available on a limited basis at \$2.50 per person from various outlets around the village, including the European Delicatessen, the Meat Shop, the Maple Feed Mill. Only 1,000 tickets are available on a first come first served.

Senior Citizens
The seniors will get their fall meetings under way September 10 at 1:30 pm with the new executive being installed with new President Mrs. Marj Robson of Maple.
We strongly urge any seniors in the community who have not been attending the Monday afternoons of fun and games etc. to come out and join their friends. The cost is minimal, 25c voluntarily given, for the afternoon and refreshments.

In the meantime, several trips are in the planning stages, and a number of seniors have indicated that they plan to go along on the New England Color Tour, including Lake Placid, New Hampshire, Boston, Hyannis, the Mohawk Trail leaving October 1. Anyone interested in this trip must make their reservations immediately.

We have seen a film of the 29 day trip to Spain and we feel sure that those who have already signed for this, will truly enjoy this most long stay on the beautiful Mediterranean beginning March 24 at a cost of \$359 per person, including air flight, efficiency apartments and two paid tours, as well as a list of services. This tour too, can be signed any time. We have lists of some of the senior citizens in the Vaughan area who plan to take advantage of the Travelways sponsored evening of films of winter tours to Florida, Hawaii and the Caribbean, and entertainment to be held at the Minclair auditorium of Seneca College Campus, Finch and Don Mills Road, September 18.
Any others interested are urged to get in touch with their club travel representa-

tives immediately, or call Mrs. Louise Cooper 832-2408. To add their names to the lists, free transportation is being supplied, as well as refreshments for the evening.

St. Andrew's Presbyterian
The last two Sundays at St. Andrew's Presbyterian Church have been problem Sundays in that music has had to be supplied, first to replace the organist who is on holidays with his parents, and last Sunday, with a replacement organist, the organ refused to co-operate and the Sunday school piano was pressed into use with Ray Thompson of Welton Street at the keyboard. Thank you, Ray!

The next two Sundays, the congregations of St. Andrew's and St. Paul's will meet together at St. Paul's, first for communion this Sunday at 11:00 am with Rev. George French taking this service.
On September 4, the con-

gregations will gather for the induction of their new minister, Rev. George French. Members of the community are invited to join in this event to welcome Rev. French, his wife Barbara and their two children.

On September 9, the congregation will again meet at St. Paul's to help observe the 129th anniversary of that congregation. Regular services will get underway at both churches, September 16 with Sunday School attendance beginning that day.

Hockey Registration
A reminder for those who have been away on holidays and missed last week's announcement, that the time has once again rolled around for registration for the winter hockey season at the arena next September 5 at 7 pm and the final date, September 8 (Saturday) from 9 am till 1 pm.
Costs for house league play is \$20.00 and OMHA

\$30.00. Proof of insurance is required, school insurance acceptable.

A Sunday visitor at St. Stephen's Anglican Church at the Holy Eucharist service at 11 am August 12 was Jackson Cook, a member and sexton until 1965 and now a member and sexton of St. Martin's-in-the-Field, 151 Glenlake Avenue, Toronto.

While in Maple, he was the guest of Misses Alice and Lillian Miller for dinner.

Marj and Ross Robson of Richmond Street will find that the account of Al and Adele Taylor's holiday will bring back memories of their holiday to the west coast with Marj's sister and brother-in-law, Amy and Charlie Milne.

During a month of touring, returning last Saturday, the Taylors enjoyed the wilderness of the Superior route, the rolling plains of the prairies and the majestic scenery of the west coast.

Vaughan Council Still Debating High Cost Of 'Gift' Swimming Pool

Vaughan Town's Hollywood-gift swimming pool at Woodbridge is turning out to be something of a Hollywood scenario in itself.

Councillors were back at it again Monday afternoon of last week when they indulged in some verbal gymnastics over whether to go with the Woodbridge site or look for other alternatives.
Also involved in the discussion was former Councillor Dalton McArthur who was appearing again to express his concern at the possible spending of a great deal of money on one locale instead of considering more ideally suited and less costly locations.

The drama started months ago when a motion picture crew built a swimming pool at the Woodbridge Arena from which to film underwater scenes for a movie called "The Neptune Factor."
At movie's end, the company turned over the pool to the town "free gratis." The gift turned out to be a costly proposition in the weeks that followed with estimated costs reaching as high as \$600,000 for a fully equipped, roofed in pool.

Mr. McArthur was on the scene Monday because he heard "via the grapevine" that council was going to approve construction work on the pool.

"When I heard \$614,000 was to be allocated or spent by council today I was ready to jump up and down," he said.
Acting Mayor John Gilbert assured him that council hadn't intended to approve any amount at the meeting but only to decide whether to call tenders on three different proposals regarding the Woodbridge Pool.

He also apologized to Mr. McArthur on behalf of the town for not communicating with him regarding the pool as had been promised.
The three indifferent proposals with estimated costs by Hanscombe Roy Associates were:

- Main Pool and learning pool, complete with roof

structure, \$614,500; main pool only, no roof structure, \$381,500; main pool only, roof structure included, \$504,000. The estimates of an unroofed pool at \$381,500 would increase to at least \$550,000 at a later date if a roof was added.

Councillor Ernest Bevan was initially opposed to tenders even being considered opting to go along with the pool as it is and "have it strictly for summer usage. I don't think it should be enclosed at all. Spending all this money will defeat the whole purpose of our recreational program."

Councillor Jim Cameron also felt council was "getting in too deep" with the Woodbridge Pool.

"I'm not prepared to go along with the tender route on three or four schemes at this time. I agree with Councillor Bevan that we're spending too much money for what we're getting in return."

"I suggest we go to a new locale and start again for a less expensive price," he said.

Council then went on an amendment whirl with Councillor Bevan offering one whereby "we investigate a new locale perhaps in co-operation with one of the schools at Woodbridge or Kleinburg."

Councillor Cameron added an amendment whereby council would delegate a special committee to look into alternative sites and report back to council within two weeks.

Councillor Fred Armstrong indicated he felt council was already committed to the Woodbridge site and wasn't in favor of considering other alternatives.

He called for a recorded vote and the only one to oppose the selection of alternative sites.

The tendering motion also passed.

"morally wrong and physically damaging to go ahead with the Woodbridge pool no matter what the money we've sunk in it all ready."

He was also opposed to a number of outdoor pools "sitting around the municipality like pails of water. In a rainy season we'd be in real trouble."

Getting back to the Woodbridge Pool he pointed out that "spending three quarters of a million dollars on a pool in an area populated by only 10,000 people doesn't seem justifiable to me."

Councillor Gilbert urged council to go along with the tenders on the three different versions of the Woodbridge Pool "just to get some real facts in front of us. All we have are estimates and some of them are all out of proportion as they have been printed in the press."

He added that "just because we call tenders doesn't mean we have to decide on any one or any of them. We'll just know where we're going."

Councillors Cameron and Bevan and the remainder of council were willing to go along with the tenders providing council also holds a special committee meeting to consider the alternative sites as suggested for the schools.

Councillor Fred Armstrong indicated he felt council was already committed to the Woodbridge site and wasn't in favor of considering other alternatives.

He called for a recorded vote and the only one to oppose the selection of alternative sites.

The tendering motion also passed.
