Dine by candlelight. It's much more romantic—invite the gang in for dinner. Large meals prepared in one oven cut electricity consumption—Better yet, go out for dinner—If you must drive to work, give your neighbor a lift—Shower with a friend and save the power needed to heat water for two showers—Don't sleep alone. Try body heat instead of an electric blanket. I can only say, try it, maybe you'll like it!

**Church News**  
The Catholic Women's League (CWL) of Sacred Heart Church held a Hallo-ween Dance November 3 (in the Octave of All Saint's) at the King City Community Centre on Doctor's Lane.

Decorated with flying, black bats and white gauze ghosts hanging from the ceiling, the room resounded with the swinging sounds of the George Cowie Quartet. As has been the case at previous CWL dances, it was well attended with 84 couples turning out and kicking up their heels to a variety of tunes. I've never quite figured out whether a CWL polka is an endurance test, a rugby match or a Bohemian Dance developed in the early 19th Century.

Winners of various dances included Lorraine Peloquin, Bob Weedon, Elsie MacFarlane, Jack Elliott, Diane Munro and several others whose signatures were illegible. Former parishioner Mike Dalton, now living in the Maritimes, attended the dance and was presented with an engraved cup by Father Frederick on behalf of the people of Sacred Heart in recognition of the work he had done for the church.

A special surprise was the entry of a candle-lit cake to honor the birthday of Anne Elliott of Malton, England, who was at the dance.

A lovely buffet selection was put out and everyone helped themselves. Afterwards the dancing resumed until the wee small hours.

**Good Morning Group**  
The GMG was very pleased to have as their guest speaker November 7, Mary Sue McCarthy, Mrs. McCarthy is currently giving a series of talks on marriage and related subjects at the United Church in Richmond Hill. She is a resident of Kingscross in King, the mother of seven children, and the wife of Dan McCarthy, who works for the CBC and was one of the founders of the "Friendly Giant" and "Mr. Dressup" Shows.

Mrs. McCarthy also teaches at York University and counsels for the Richmond Hill & Thornhill Area Family Services. She appears on an early Sunday morning TV show.

Mrs. McCarthy was introduced by President Chris Newland and said that the only thing she could do really well was 'talk' and that nobody would listen to her at home, so...!!

She was not afraid to use herself and her marriage as examples as she claimed to be from a "pig in the parlor" Irish family, while her husband was from "lace-curtain" Irish.

A statement once drawn to her attention was "what some people call communication is really verbal abuse". Obviously not all talking is communication.

Unfortunately in our society the woman is usually too isolated with housework and children while the man is usually too stimulated by his job and daily contacts.

Mrs. McCarthy had two members write down the traditional female/male stereotypes during a "brainstorm" session. Examples such as strong/weak, sensible/flighty, and explorer/stay-at-home emerged. Social standards lead us to expect this of marriage but standards are and have rapidly changed in the last few years. There is a different concept of marriage. A value revolution is taking place. Most young persons still want marriage, but not the marriage of their parents.

Parenthood is creative, but it is not the only way to be creative. There are new attitudes, but the old hurts and fears are still there. Parents are blamed, but not trained. Marriage is not a magic transformation of two individuals into a unit. For a marriage to grow, the indi-

vidual must also grow. Motivation for change is within yourself.

In speaking of marriage where one person is dominant or dominating, she quoted Eleanor Roosevelt as saying "no one can humiliate me without my permission". For every sadist there is a masochist.

The book "Open Marriage" is idealistic and ahead of its time, Mrs. McCarthy feels. Many people misunderstand its meaning.

She closed by answering questions and saying "the basic human drive is to become ourselves, who we are, who we are designed to be. If you possess yourself, only then can you give of yourself."

President Chris Newland presented Rev. Neville Bishop with a cheque on behalf of the Good Morning Group, in repayment for the use of the church hall as a meeting place.

Mr. Bishop responded by saying that he and the wardens were happy to see the community providing a needed service and thanked Mrs. Newland for the cheque and for previous Christian education donations.

Given in marriage by her uncle, Norman Burns, the bride wore a full length gown of silk cloud trimmed with daisies. Her veil was shoulder length and she carried a cascade of red roses

and white daisies.

The bride's attendants were Nancy Burns (the bride's cousin) as maid of honor, and Audrey Burns (the bride's sister), Wanda Mashinter as bridesmaids. The flower girl was Kelly Lacey (the groom's sister). All attendants wore full length gowns of flowered

blue, trimmed with white daisies, and white picture hats. They carried cascades of yellow and white daisies.

The groom was attended by Gordon Dixon as best man, Terry Lacey (the groom's brother) and Roy Tucker. The ring bearer was Howard Burns (the bride's brother).

The reception was held at Humbervale Inn, Nobleton. Mrs. Burns received the guests in a floor length

gown in hot pink and wore a corsage of roses and carnations. She was assisted by the groom's mother wearing a floor length gown in mauve with a corsage of roses and carnations.

## Introducing the 1974 Volkswagen.

While other car makers are busy taking the wraps off their new model cars, Volkswagen has gone one step further and changed the wraps.

From the minute you drive away in your '74 Volkswagen, you're covered by our Owner's Security Blanket with Electronic Analysis.

It's not just a warranty. It's a commitment to our owners long after they've signed on the dotted line.

We like to think of it as total transportation because you deserve a car you can count on 365 days a year.

And we believe that you shouldn't have to keep on paying just to get what you deserve.

Nobody in the car business has any plan like it. Nobody seems to care enough. Or do enough. Except Volkswagen.

If you take a little time to read this, you'll find out how a Volkswagen owner gets the most advanced new car coverage plan in the world free.

### Our 12 month/20,000 mile guarantee.

Most car owners drive about 14,000 miles during the first year. So what earthly good is a 12,000 mile guarantee?

Volkswagen's coverage is for 20,000 miles — most car companies don't come near that.

This is our guarantee in plain English:

"If you maintain and service your 1974 Volkswagen as prescribed in the Volkswagen Maintenance Schedule, any factory parts found to be defective in material or workmanship within 12 months or 20,000 miles, whichever comes first (except filters, fluids and

lubricants), will be repaired or replaced free of charge by any Canadian or U.S. dealer."

### We guarantee against more than just defective parts.

Volkswagen's Owner's Security Blanket goes far beyond just guaranteeing against defects. Most car companies won't replace a windshield wiper if it wears out.

We will. They won't replace a lightbulb.

We will. Take things like brake pads and linings. As long as you have them adjusted when your Maintenance Schedule says so, we'll replace them free if they wear out. Same thing goes for clutch linings and batteries.

And spark plugs and points?

We change them free at 12,000 miles and we'll honour that no matter how long it takes you to go that distance. This is unheard of in the auto industry.

### 24 months/24,000 miles.

We've gone one step further with the insides of our engine and transmission. We guarantee them for two years or 24,000 miles, whichever comes first. Of course we don't cover defects caused by lack of maintenance or abuse.

### We guarantee our repairs.

When you're running out of warranty, you're still not out of luck. We'll make the repair and guarantee the parts and workmanship for an additional 6 months or 6,000 miles.

### If the repair takes overnight, we'll lend you a car.

Moving right along, we're committed to keep you moving. So if you're a qualified owner and you find that a warranty repair is going to take overnight, we'll lend you a free car by appointment, for as long as the repair takes.

(And we haven't forgotten owners of older VWs. If your car needs a repair and you need a car, we'll rent you one at a nominal price.)

### Express care.

How many times have you heard of waiting two weeks before you can get a headlight fixed? Not at Volkswagen. With Express Care if we can fix something in less than 30 minutes, we'll do it while you wait. And you don't have to make any appointment for these little repairs.

### Free Electronic check-ups.

Electronic Analysis can spot things that even a master mechanic might not see. So we can fix these things while you're still covered by our Owner's Security Blanket.

### We're in this together.

We made the car. You own the car. So we're in this together. As long as you maintain your new Volkswagen properly we'll do most of the worrying for you.

That's what Volkswagen's Owner's Security Blanket is all about — once you're a Volkswagen Owner, we're not going to leave you out in the cold.
