Sharon 4, Richvale 2
The Richvale contingent started the scoring with a blistering shot from the point by Mike Hegenauer who was assisted by Scott Spies. Hegenauer played standout hockey and with a little luck could have scored another three goals. Richvale's second marker was netted by Alan Evelyn, unassisted. Penalties played a big role in this game as Sharon scored three goals when Richvale was shorthanded and one when Richvale has a man advantage. This was a very good game with end-to-end action throughout and with both teams having plenty of scoring opportunities.

November 9
Woodbridge 3, Richvale 0
Richvale played a sound game, with exciting hockey, up to the 10:27 mark of the third period when the score was 0-0. The second goal was at 13:27 and the third at 14:28. Richvale was right in the game, they had their chances but couldn't put a handle on the puck. It was a defensive lapse that cost Richvale the game as all of the goals were scored with less than 4 1/2 minutes to go in the contest. The boys are improving with each game and netminder Paul Gullo gave an excellent performance.

November 2
Richvale 6, Alliston 3
Double markers by Jeff March and Shawn McDowell and singles by Joey Di Battista and Brian Hobbs gave the Richvale contingent in this well played and hard hitting hockey contest. Assists were recorded by Paul Mills, Terry Thorsell, Randy DePiero, Di Battista and March.

November 5
Sharon 3, Richvale 1
This was a fast and close-checking game with Sharon striking first at the 12 second mark of the opening period. Sharon scored again late in the second period to make it two nothing. Richvale's Jeff Brooks was awarded a penalty shot and made no mistake to put his team on the scoreboard. When Richvale was shorthanded Sharon struck again to give them the 3-1 victory.

November 9
Richvale 5, Woodbridge 2
Joey Di Battista scored Richvale's first goal of the game with the assist awarded to Jeff March. With 22 seconds remaining in the first period, Brian Hobbs scored on a well-executed passing play from Randy DePiero and Jamie Chianelli to give Richvale a two goal margin. Shawn McDowell netted Richvale's hat-trick goal assisted by Paul Mills. Di Battista recorded his second marker of the evening with Shawn McDowell being the helper. McDowell rounded out the Richvale score

with his second effort of the game, aided by Heinz Losberg. Goaltender Stuart Ellis played heads up netminding by allowing only two goals.

BANTAM
November 9

MDGET
November 9
Woodbridge 4, Richvale 2
The Richvale squad put lots of pressure on the Woodbridge team and this enabled them to start the third period with a two goal margin. Dexter Salna and Paul McGeachie counted for the markers and Harold Simpson, Robert Sternals and Pat Hudema were the helpers. Too many penalties in the third period killed Richvale as is evident by the Woodbridge win.

November 11
Richvale 2, Bolton 2
Richvale once again jumped into a two goal lead but allowed the tie goal late in the third period. Steve Wilson, assisted by Harold Simpson and Gary Garth, and Greg McDowell, aided by Norm Stapleton and Paul Bulger were the goalgetters for Richvale in this exciting hockey game.

JUVENILE
November 4
Unionville 3, Richvale 1
Stan Doel, unassisted, spoiled Unionville's shutout in this hard-fought anybody's game until the third period. Mario DePiero was outstanding in the nets and Richvale suffered a bad loss when Dave McDonald was injured.

November 5
Richvale 4, Sharon 2
Two goals and two assists by Stan Doel; a goal and an assist each by Dave Hartwick and Ken Ablett and assists by Bruce Bailey (2) and Wayne Johnson gave the victory to the Richvale squad in this very clean game. Stan Doel played outstanding hockey as did Dave Hartwick in this great team effort.

November 11
Richvale 2, Bolton 1
Bob Mills and Bruce Bailey, with assistance from Chris Amodeo, Tim Middleton and Ken Ablett gave the edge to Richvale as they eased out a hard-working Bolton squad in this fast and furious hockey game. This was another great team effort by the boys from Richvale.

Recreation Said Inadequate At Thornhill Green

A group of residents in Thornhill Green is concerned about the lack of recreational programs in the area. They are also unhappy about programs for public use of the new Thornlea Secondary School swimming pool.

Thornhill Green is the area between Yonge Street and Bayview Avenue bounded by Steeles Avenue on the south and the railway tracks on the north. Within the area and just to the north, one square mile, there is an elementary school and senior public school south of the tracks, an elementary school, a Roman Catholic School and a secondary school just north of the tracks. Thornlea Secondary School, where the pool is located, is about a mile further north on Bayview Avenue.

At the recent meeting of Markham Parks and Recreation Committee, a delegation from Thornhill Green led by Mrs. Sally Shirley, 25 Apple Orchard Path, complained that there were too few programs held in the area. Markham's new director of Parks and Recreation, Dan Costea, assured the people that if

sufficient interest is shown in the area, more activities could be programmed, such as chess, volleyball, etc., making use of school facilities in co-operation with the York County Board of Education.

Many of the people in the area were unaware of the fall and winter recreation programs that had already been arranged because, due to unforeseen complications in distribution, they did not receive the recreation booklets published by the town until programs were well under way.

Complaints about the pool included scheduling of swimming classes, a badly congested parking lot, insufficient lighting at the pool entrance, and the absence of markings indicating routes for firetrucks and other emergency vehicles.

gymnasium in the addition, then the idea of putting in the pool in place of one gymnasium.

There was strong support for the pool from residents of Markham. Since school boards cannot get capital grants from the province for construction of swimming pools, but municipalities can, the cost of building the pool was borne by the town.

Under the agreement between board and municipality the school was to have use of the pool during school hours, and the town is responsible for its use at other times. Costs of operation and maintenance are borne by board and municipality according to hours of use.

In hours when the school's 1,200 students are not using the pool, other schools in the area are notified. Superintendent for Area 3, Kenneth McDonald, reports that classes from some elementary schools are taken to Thornlea for swimming instruction on Monday and Friday afternoons.

A spokesman for the school told "The Liberal", "We try to spread the use of the pool as far as we can".

The pool is cleaned between 5:30 and 6 pm. She wants to know why classes for young children cannot be scheduled for the hour between 4:30 and 5:30.

The school spokesman said that there are no swim programs scheduled for students after 4 pm, that the pool is open for students' free swimming until 5:30 pm. He could see no reason why the recreation people should not make use of the pool from 4:30 on, but so far as he knew there had been no requests from the recreation committee for programs after regular school hours.

Mr. Costea told "The Liberal" that some of the obvious faults had been corrected, such as slippery steps in the pool area and lighting of the pool entrance. The matter of hours of use and parking would have to be worked out in conjunction with the board.
