Revolutionary Design In Hospitals Described To YCHA

A highlight of the joint meeting of York Central Hospital Auxiliary and York Central Hospital Board of Trustees Thursday of last week at Summit View Gardens Restaurant was presentation of awards to two former junior auxiliary members who have gone on to train in hospital-oriented careers.

Pictured at the left is Barbara Lennox, a nurse-in-training at St. Joseph's Hospital in Toronto, who won the Ina Pocknell Award, a \$300 cheque presented by the YCHA in memory of a former president, the late Ina Pocknell. At the right is Shelagh Campbell, now

The Volkswagen Owner's Security Blanket and you.

While other car makers are busy taking the wraps off their new model cars, Volkswagen has gone one step further and changed the wraps.

Nobody in the car business has any plan like it. Nobody seems to care enough. Or do enough. Except Volkswagen.

Our 12 month/20,000 mile guarantee.*

Most car owners drive about 14,000 miles during the first year. So what earthly good is a 12,000 mile guarantee? Volkswagen's coverage is for 20,000 miles

-most car companies don't come near that. This is our guarantee,

in plain English:

"If you maintain and service your 1974 Volkswagen as prescribed in the Volkswagen Maintenance Schedule, any factory parts found to be defective in material or workmanship within 12 months or 20,000 miles, whichever comes first lexcept filters, fluids and lubricants), will be repaired or replaced free of charge by any Canadian or U.S. authorized Volkswagen dealer.

We guarantee against more than just defective parts.

Take things like brake pads and linings. As long as you have them adjusted when your Maintenance Schedule says so, we'll replace them free if they wear out. Same thing goes for clutch linings and batteries. Even lightbulbs.

And spark plugs and points? We change them free at 12,000 miles and we'll honor that no matter how long it takes you to go that distance. This is unheard of in the auto industry.

24 months/24,000 miles.*

We guarantee the inside of our engine and transmission for two years or 24,000 miles, whichever comes first. Of course we don't cover defects caused by lack of maintenance or abuse.

We guarantee our repairs.

We'll not only make the repair but guarantee the parts and workmanship for an additional 6 months or 6,000 miles.

If the repair takes overnight, we'll lend you a car.

*All of the terms of this warranty are clearly defined in the owner's manual and will be explained by any authorized Volkswagen dealer in Canada.

If you're a qualified owner and cold.
