At the next regular meeting of Richmond Hill Council, scheduled for January 21 at 2:30 pm, Mayor William Lazenby will move that council petition the Province of Ontario to ban snowmobiles from all residential streets. Members of council were unanimous in believing that something has to be done, both at the local level and at the provincial level, to protect other residents from annoyance. Snowmobilers will be given an opportunity to present their case during the deliberations, it was stated, although councillors were agreed that they have no complaints to make about organized clubs or about snowmobilers who used the open spaces of the town, with the owners' permission. This annual concern was in response to a

letter received from a resident of Fesserton Road, protesting strongly against snowmobiles using that public residential street as a roadway. "These snowmobiles speed down Fesserton, make a U turn in the interection with Sussex, crossing over the edge of adjacent lawns, and continuing eastward across driveways. They pay no attention to the traffic rules, do not stop at stop signs. They are dangerous, destructive and disturbing."

The letter pointed out that the snowmobiles create a slippery condition in the intersection and are damaging the exposed portion of the culvert pipe crossing Sussex. The writer also noted that the noise of these machines at night is most disturbing.

Mayor Lazenby, in commenting on the letter, reported that 70% of deaths and injuries to snowmobilers happen on highways and residential streets. "The province has banned them on all roads under their jurisdiction and I think should ban them from all residential streets in all municipalities."

"I have had a lot of calls and have been told that numbers of children are driving these machines on residential roads. I think that residential streets in a built-up area are not the place for snowmobiles," stated Ward 2 Councillor Graeme Bales.

"I'm of the opinion (and I know it's an unpopular one) that snowmobiles should be ba banned entirely in residential areas," said Regional Councillor Lois Hancey. "Through our anti-noise bylaw we are able to control them between 11 pm and 6 am and through the parks bylaw they are banned from our parks. You can't hit a golf ball in our parks either because that's dangerous." Mrs. Hancey noted that skiers and other sportsmen transport their equipment to the areas where it may be used and snowmobilers should do the same.

Ward 5 Councillor William Corcoran expressed concern about the people around Lake Wilcox who run their machines on the lake and use the roads to get them there and back.

"We must correct our own problem and ask the government to solve a problem in this and other municipalities," said the mayor.

## Sport Spots

(Continued from Page 15)

man short of their allowable line-up. I can't say too much in favor of Ferguson. He's been swell with me." Clement is realistic in the sense that he

doubts if he'll get back in action again this season. But the pot is there if he can. "I have another season of junior hockey left

and that's what I'm preparing for now." Dead ahead is an operation, probably some plastic surgery and some physic therapy.

I should hasten to say that all has not been gloom for Bob during his still very youthful career.

It was just a few seasons ago that Bob was a standout with the Richmond Hill Lion Peewees when they upset all the favored teams to win the Quebec International Hockey League championship.

Finally, a late update on Bob's operation which, according to his doctors, went over quite successfully. He even has hopes of getting back into the line-up before the season is over.

There you are. Another happy ending to my column.

#### SHORTIE ITEMS

It was unintentionally mentioned in a story last week that Donald Fraser was a former member of the Richmond Hill Skating Club. Not so. Donald still is a performing member and happy to be so. Sorry about that.

#### SOCCER NOTE

Note here from the Richmond Hill Soccer Association:

To wit: "Due to other commitments John (Jack) Lynden has found it necessary to resign as treasurer of the RHMSA. We would like to take this opportunity in thanking him for all the work he has done for us. Vice-President Gerry Rowe is acting as treasurer for the time being until a new treasurer is appointed."

#### Waxers Teach Rams There Are 60 Minutes In Hockey Game

If there were only 59 minutes in a hockey game the Richmond Hill Rams would have a 5-3 win over Markham Waxers in the statistics book. Ah, not so.

There are 60 minutes and, as a result, the teammates. Rams ended up tied with the Waxers in a hectic finish to Friday of last week's Provincial Junior "A" hockey game in Markham.
