CORRESPONDENT — MRS. ALICE HARRISON

### Neighborhood Notes

Well, you winter lovers have your wish. It has been quite beautiful. The children have been having a ball, the snowmobilers have lots of snow, and others have found it particularly refreshing going for brisk walks.

Some of us had to be content to stay in the comfortable indoors, nursing colds or just not being able to get out. But the beauty remains.

It has been brought to my attention several times, by those who have been down south to stay or visit that they really missed the Canadian change of seasons.

We do have an indoor activity coming up January 24. The Carrville United Church is having its annual congregational meeting to be preceded by a pot luck supper. So jot this down on your calendars.

The Carrville UCW started 1974 right by holding their annual meeting last Tuesday, at the home of Mrs. Jean Bushell to commence laying the foundation for their year's work. Mrs. Eleanor Veitch read the devotions and read "Desiderata", a wonderful message on serenity. Refreshments were provided by Mrs. Fran Purvis and Mrs. May Park.

Here is some good news! Janet Johnson of Birch Ave-

Richmond Hill baseball diamond four or five years ago. Janet has a top rating, too — she is quite an athlete, was president of the Langstaff Student Council, has umpired ball games, plays baseball and golf and played with the Richmond Hill Mac Ball Team.

## Beef Production Cost Are High

The cost of producing beef from this calf to the roast, and the many hands it passes through before it arrives at the meat counter was the subject discussed by Mrs. Charles Boake at the January meeting of the Edgeley Women's Institute. The high cost of production in all its many phases was emphasized. Mrs. Boake is the institute's convener of agriculture.

The roll call was answered by "My favorite roast of beef and its price".

Mrs. Boake also presented slides of many interesting events in the life of the institute branch and its members.

The meeting was held at the home of Mrs. James Spencer in Maple and Mr. and Mrs. Spencer told of their trip to Moosonee and shared many experiences along with slides of their trip.

An invitation to attend the Maple Women's Institute February 13 was accepted. The guest speaker at that meeting will be Lawrence Clark, who will show slides on Keele Street now and in the forties.

The door prize was won by Mrs. James Darlington.

Lunch was served by the hostess and her assistants.

The February meeting will be held at the home of Mrs. Charles Summerfeldt, 3 Abel Avenue, Woodbridge, with Mrs. Charles Agnew, convener of Citizenship and World Affairs, in charge.

## 6 Maple Juveniles 15 Break-In Charges

A series of Maple area break, entry and theft incidents ended last week with the arrest of six 15-year-old juveniles. The six now face 15 break, entry and theft charges in Family Court at Newmarket.

The arrests were the result of an investigation started shortly after the York Regional Police criminal investigation team, Detective-Sergeant John Moorhead and Detective Barry Delaney, were stationed at Vaughan Town Division 29 on December 10. The outbreak of break-ins started in November.

After several weeks of investigation the juvenile group was rounded up last week.

Break-ins now considered solved include those recently at the Vaughan Town Public Library in Maple, Martini Shell Station, Maple Bowling

Alley, Maple House Restaurant, and Cadillac Lumber Company.

Besides considerable damage caused during the break-ins, a quantity of cigarettes, chocolate bars and petty cash was stolen.

## The Motor Vehicle Accident Claims Fund is NOT insurance

Last week my buddy went to renew his automobile licence and was told he would have to pay \$40 in addition to the licence fee if he couldn't prove he had \$50,000 automobile liability insurance. Why does he have to pay this extra \$40?

This \$40 is a mandatory payment required by the Motor Vehicle Accident Claims Act, to be paid by an uninsured motorist or driver. Ontario law requires the motorist to have a minimum of \$50,000 liability insurance or pay the Motor Vehicle Accident Claims Fund fee before being issued a vehicle licence. If a motorist fails to provide for insurance himself he has to pay \$40 into the Fund to ensure that innocent victims involved in any accident he may be responsible for, are provided with up to \$50,000 in damages from the Fund, depending on the decision of the Court.

The innocent victim is therefore protected to this extent by law against the uninsured motorist.

### Not insurance

How much insurance coverage does this \$40 fee give? This fee does not, in any way, provide the motorist with any kind of insurance coverage. By choosing not to carry even a minimum amount of automobile liability insurance, the motorist has stacked incredible odds against himself.

Even though a motorist has paid his \$40 for the privilege of driving his motor vehicle on the roads, he is still not protected. Because of this, he is liable for the full amount of the judgment if found responsible for causing an accident. Such judgments can be disastrous. For example, Court awards are often based on the future earning potential of the victim. Payments to the family of a 25-year-old, \$15,000-a-year man can add up to a crippling lifetime debt against the uninsured motorist.

Being an owner and/or an operator of an uninsured motor vehicle, what is his position if he is involved in a motor vehicle accident?

If an uninsured motorist has caused or contributed to an accident one of two things can happen:

- (1) A claim may be made by the innocent victim directly to The Motor Vehicle Accident Claims Fund for payment of damages. If this occurs, the Ministry of Consumer and Commercial Relations will advise the uninsured motorist by registered mail (his last recorded address) as to what steps he might take to protect his interests.
- (2) If a judgment or a claim is paid from the Fund, on the motorist's behalf, the owner's and driver's licences will be suspended until the full amount has been paid or instalment payments have commenced. At the same time, he must file a certificate of insurance to prevent the Fund being called upon to pay a second time.

### One notice

How does he know that a claim has been made against him? As soon as a claim is received by the Director of Claims, the uninsured motorist and/or driver is advised by registered mail at the last address with the Ministry of Transportation and Communications.

There will be only one notice.

It is most important for the motorist to realize that by not providing himself with adequate liability insurance and using the Motor Vehicle Accident Claims Fund, he can find himself paying for one accident for the rest of his life.

For a pamphlet on The Motor Vehicle Accident Claims Fund, write Consumer Buy-Line, Ministry of Consumer and Commercial Relations, 555 Yonge Street, TORONTO, Ontario.

Consumer Buy-Line is an information service of the Ontario Ministry of Consumer & Commercial Relations.
