Happy Valentine Day Cancer Society

Beth Tedford was hostess when 20 volunteers of the King Branch of the Canadian Cancer Society met January 24. One hundred and nineteen felt kits were assembled for the Princess Margaret Hospital. Sixteen dolls were donated to the Kathy Kart. President Shirley Ormsby introduced the volunteers to "Weeples". These "wee people" will be used as tray favors for the patients at the Princess Margaret and will be made in the future by the Aurora Heights Branch. Eighty were made that evening by six King ladies, expert with scissors and glue.

Caroline McLeod, campaign chairman, announced the campaign kick-off meeting will be held at the King Library March 12 at 8 pm. All captains, canvassers, and typists for the King Branch are asked to attend.

The next regular meeting will be March 4 at 8 pm at the home of Mrs. Mona Smollett on Banner Lane.

Church News
The annual vestry meeting of the congregation of All Saints Anglican took place January 27. After a contemporary service of Holy Communion in the nave of the church the rector presented his report, the wardens theirs, and asked that all financial statements and

organizational reports be received. Everyone then adjourned to the auditorium for lunch joined by the children who had been in church school — an excellent variety of food and desserts, pot luck style, ensued.

The second part of the meeting began after everyone had ample time over lunch to study the vestry report. A stimulating and healthy discussion led to the final approval of all financial reports, the 1974 budget and the planning committee proposal of projected concerns in the coming year.

The rector appointed Robert Wheeler as his warden, expressing appreciation to Al Rollinson who retired from this office. In the elections which followed Hugo Walker became people's warden, Mrs. Marjory Mondorf envelope secretary, Harry Bishop deputy warden and treasurer, Ray Woodend and George Hatley auditors, Lay Members of Synod Mr. and Mrs. Harry Ballard, Alternate Al Rollinson, to the Advisory Board Mrs. Agnes Newell, Don Fry, Ed Miller, John Robinson, Mrs. Marilyn Lester and Jim Leonard. The rector appointed Col. J. G. K. Strathy, Mrs. Claire Kluey, Mrs. Sandra MacDonald, George Hatley, and Ray Woodend.

The men of Sacred Heart Parish recently enjoyed a

social get-together at the home of Dino Zentil.

Construction News
In the November 5, 1973, issue of the Heating, Plumbing and Air Conditioning magazine published by Southern Press, an editorial "chastised" the Toronto Sheet Metal and Air Handling Group for their apparent non-support of the recent Canadian Association of Sheet Metal and Air Handling Contractors.

We note that in the January 14, 1974 issue of the same magazine, King Township resident Norman E. Baird replies to their editorial. Mr. Baird is a member of Principal Heating — a division of Canada Electric and president of the Toronto Sheet Metal and Air Handling Group. His reply to the editor of the HPAC explains the position of the association, he represents and of their support for a strong provincial group.

Amanda Salter Age 14 Wins CWL Contest

By NORMAN MATTHEWS
Six girls competed in the public speaking contest held at Sacred Heart School on Jane Street February 3. The Toronto Archdiocesan Catholic Women's League Public Speaking Contest is an annual event and the winner of the oratorical competition is eligible to enter the regional trials held later in Richmond Hill.

Each contestant delivered her chosen speech and was also asked to ad lib her way through an impromptu talk drawn at random.

Winner of the event was Nobleton resident Amanda Salter on the topic "The Circus". Miss Salter is the daughter of Dorothy and William Salter and celebrated her 14th birthday February 8. Other contestants were Kathy Knowles, Marlin Muylaert, Sandra Phillips, Theresa Quesnelle and Anne Pynenburg.

3-JUDGE PANEL
Judges for the contest were King Township Mayor Margaret Britnell, Mrs. Gillian Ball, and John Gilmour. Dianne McCormick of the CWL was, as usual, busy with organizational duties and in informing the press.

A speakers' prepared speech is often a nervous thing to give, but having to pick a title out of a box and deliver an impromptu speech must really make your heart beat fast and your mind race for ideas. Amanda's ad lib was entitled "Swimming" and in describing to "The Liberal" her difficulty she said, "and in the winter, too!"

A grade 8 student, she will now have her name engraved on the CWL trophy and was presented with a small trophy to keep. Congratulations, Amanda, and best wishes in your future contests.

East And West Meet University Girls' Day

By DONNA MATTHEWS
A most interesting speaker highlighted the January 28 meeting of the York County branch of the Canadian Federation of University Women held at Kingscraft House in King. Dr. Lewis Walmsley, whose collection of contemporary Chinese art is now on display in the new Bethune College, York University, taught for 26 years in China until the Communist take-over and since his retirement in 1962 has travelled extensively and done some writing.

Dr. Walmsley felt that we are living in an era of change. In 1948 up to the year 1957 (when he last visited China), little good was spoken of China, while today it is hailed by some as a "Land of Promise". "The truth lies somewhere between," he said.

A comparison between the West and China then followed. The Chinese are not different from the Western people biologically but they differ in that there is an enthusiasm and motivation in their actions. The West is caught up in a spirit of competition, in China it is one of co-operation. The Chinese feel that honest hard work and effort with co-operation

will bring about a new society. China suffered a great deal in the past and was very ready for the change of the late 1940's. Although many of the freedoms that we take for granted are prohibited in Chinese society, they do have a degree of economic freedom—enough to eat.

The evening concluded with questions from the group. The women of China began to count only after the Communist take-over. A late marrying age and wide distribution of birth control information has helped to fight the population explosion. Dr. Walmsley answered his final question on the state of the Arts in China by telling his audience that in literature and drama political themes are dominant, but there is some freedom for artists to paint as they wish.
