Vaughan Seniors

The seniors of the Town of Vaughan are looking forward to warmer weather and an exciting agenda of trips in and around our local area as well as some of the bus tours to the far parts of Canada.

Included in their own locale are Wednesday or Thursday of next week a trip to the O'Keefe Centre to enjoy the Flower Show of the

Garden Club. Tickets for this will cost approximately \$4 with the passenger left on his or her own for lunch either at the O'Keefe Centre or a scheduled stop on the way to the show. The departure and lunch arrangements may be changed, as this is a last minute trip, planned with little time. For further information please call Mrs. Louise Cooper for details, or the local travel representative.

The second effort March 19, will be the performance of "Peter Pan" at the Maple Leaf Gardens. This will be a matinee, with a probable stop at Old Ed's for supper, since this is a most popular spot for the seniors. Time of departure will be given later and the approximate cost, not including dinner will again run around \$6.

Arrangements have also been made early in May for a conducted tour through the Ontario Legislature with, hopefully, a visit with Donald Deacon M.L.A., York Centre our local representative at Queen's Park. Along with this, a period in the visitors gallery has been arranged and if the seniors feel up to it, a couple of other historical spots will be toured as well. Plans for this outing will take some time, but keep in touch with this column for details.

The cabinet of the Town of Vaughan Senior Citizens were to meet this week in the Club Hall of the Humber Club at Kleinburg and details of that

meeting will be reported for those who were not able to attend.

Maple Baseball

On February 24 a group of concerned parents met and voted in an executive for the Maple Baseball Association for the 1974 season. Thanks is expressed to the parents who attended and it is hoped that there will be even more at the next association meeting to be held soon.

It was decided that a registration would be held on April 6 and 10 and the details will be in the paper later. Forms will be ready and available before that time and can be picked up at the Maple BP Station.

Vaughan Wants Parking Space

Vaughan Town Council is in the process of attempting to purchase a parcel of land south of the Maple Community Centre to be used for additional parking.

The land has a frontage on Keele Street of approximately 200 feet and a depth of about the same distance.

It was at a recent council committee meeting that the facilities for parking at Maple Park were reviewed. It was acknowledged that the existing facilities which include the community centre hall, arena, tennis courts, baseball diamonds, soccer field are insufficient and congested.

The committee's reports to council noted that the space "for the parking of vehicles of those attending an event while there is a combination of events going on at any of the foregoing facilities is not adequate."

"It is obvious that additional open space must be acquired to the west of the existing park. It is also obvious that additional land, adjacent to the facilities, must be made available for the parking of motor vehicles."

are now being used extensively in the commercial and educational sectors. Our youth have adapted to the use of both the hardware and the software in these media. Provision is, therefore, being made to extend our service into the 16 mm film area.

SUPPLY PROJECTORS

Projectors are now provided and films will soon be available to the community through our participation in the York Film Pool. Long range plans include the use of study carrels, record players, tape recorders, cassette players, film strip projection and closed circuit television.

REWARDING 7 YEARS

The past seven years have been most rewarding to the board. The three existing branch libraries are now adequately stocked with books and reference material. Circulation, membership and book stocks have each maintained a constant rate of growth which has remained relatively unchanged since the inception of the system.

The cost of library services to the taxpayers of Vaughan actually decreased in 1973 compared with 1972. This was the only area of municipal spending which did not increase in 1973, a record which is indicative of the efficiency of the staff and the integrity of the Board.

Vaughan Town OK's New Street Lights

Nine 250 watt Mercury Vapour Units will be installed on Station and Hill Streets in Maple at an estimated cost of \$2,250.

Approval for the installation was given Monday of last week by Vaughan Town Council.

It was pointed out in council that greater lighting was made necessary on the streets due to the construction of the grade separation on Major Mackenzie Drive.

This has eliminated the Station Street access to Major Mackenzie Drive with Hill Street extended along the northerly and easterly side of the Maple Cemetery to Major Mackenzie Drive.

Council's committee reported that "at the present time there are three — 300 watt ornamental incandescent lights on Station Street. There are no street lights on the reconstructed portion of Hill Street. The residents use that portion of Hill Street for access from that area."

Vaughan Township Hydro Electric Commission had advised the committee that the street lights in the above areas would be needed "in order to maintain the standard of street lights throughout the town."

Citizenship Theme For Edgeley WI

By EVA HAWKINS

Citizenship was the theme of the February meeting of Edgeley Women's Institute held at the home of Mrs. Charles Summerfeldt, Abel Street, Woodbridge. Mrs. Charles Agnew, convener of citizenship and world affairs was in charge of the program which was chaired by President Mrs. Earl Jackson.

"Citizenship is a lot of little things, name one," was the roll call which brought out many interesting answers. Many members mentioned the importance of making use of our franchise.

Mrs. Robert Burton presented a taped speech made by Rev. Fred Stewart of St. Andrew's Presbyterian Church, Kitchener, delivered at the Central Ontario WI convention last November. His topic was on citizenship and emphasized the need of concern for the community by the individual.

Several announcements included the local leader training school on accessories for the home at Victoria Square Community Hall February 26 and 27; the officers' conference at Waterloo University May 1 and 2; the Federated WI of Canada competitions.

The door prize was won by Mrs. Bruce Snider and luncheon was served by the hostess and her committee.

The March meeting will be held at the home of Mrs. Pat Riordan, 30 Clarke Avenue, Thornhill.
