

# Gormley Neighborhood News

CORRESPONDENT: MRS. CHAS. MILSTED — 889-9063

## Neighborhood Notes

Clarence Steckley had to return to Sunnybrook Hospital a week ago Tuesday afternoon for further tests. At the time of writing it is expected he will soon be able to come home.

Two more Gormley properties are on the real estate market. Clarence Steckley's home and Mrs. Greta Noble's home.

Mrs. Anthony Nigh fell on Thursday last week in her home and injured her back.

Mr. and Mrs. Roy Brillinger and Misses Vera, Velma and Jean Brillinger visited Mrs. Cora McKenzie and Mrs. John Petrie of Pickering on Sunday.

Mrs. Joseph Wideman had surgery last week in York Central Hospital, Richmond Hill.

William Corcoran has two of his mobile home models set up as demonstrators at Richmond Heights Plaza, Richmond Hill.

We welcome Mr. and Mrs. Roy LeMeure and family of Richmond Hill who have moved into the former Joseph Jones house. Mrs. LeMeure is a teacher in children's art classes.

We also welcome Mr. and Mrs. Basso who have purchased the Wells house at the corner of Doner Street.

Heise Hill Women's Sewing Circle met all day Tuesday at the home of Mrs. Ralph Empringham.

A number of Gormley people enjoyed the Emmanuel Bible College choir (of Kitchener) musical program

## Church News

The monthly UCW meeting was held at the home of Mrs. May Park on March 5.

This very active and conscientious group of ladies are already preparing for their fall bazaar. Knitting needles were picking up stitches for an afghan which will be one of many, many items available at this annual popular and interesting function.

Also tentative plans were made to have an auction sale at the time of our plant and bake sale on May 24 and 25. More details will follow.

In the meantime, we won't pussyfoot around, we need and look forward to donations for the auction sale. So look in your basement, garage, spare room, attic and any other place where you store stuff, you might find something you would like to donate.

Our basement has quite a bit of clutter that we have hid around for quite awhile, hoping we may use, it, but we might as well put it to some use.

If you discover some unusables please take them to the church or we can arrange to have them picked up by contacting the writer. Don't forget, times have changed, what you may consider junk could be someone's treasure.

The night of May 3 has been set for a euchre party at the church. The hall has seen some dandy playing so please mark this down on your calendars and maybe practice up.

Last Saturday the church had a bit of fun, Mother Nature didn't co-operate, so we got a load of water in the basement. Jack Bushell came to the rescue and discovered a modern way of getting rid of water, you simply thaw out a frozen discharge pipe from the sump pump, now who would think of such a fast fix?

## Neighborhood Notes:

I mislaid my little spy book and just discovered it, Mrs. Ella Bradfield celebrated her birthday February 25. Michael Bone reached 15 on February 26. Monday of last week one of our well known citizens decided he would have a birthday too, best wishes to Ellie Park.

We sure had some weather this last week. It made me think back to the farm days when the snow saturates the soil for growth of the plants for the coming spring and summer. All this miserable rain is doing the same thing. This cold frost business is for the birds but it also breaks up the soil for easier cultivation.

In the case of ploughed fields, all the vegetation that has been buried underground makes Mother Nature's fertilizer for our gardens. Also the weeds will be destroyed except where some have already grown seed. Many of the weeds whose roots are at the surface of the ground will be destroyed by this frost.

All this terrible weather business is going to make some pretty nice spring and summer flowers also beautiful grass. The birds that will soon be coming back will be making us some nice music.

Many of you people are getting some plants ready right now, we are going to get our seeds bought and ordered very soon before it is too late.

My advice to you is to get your seeds bought early. If you are as lucky as we are, increase the size of our vegetable gardens to include a few potatoes. That way you will be able to freeze your own vegetables and store your potatoes.

on Saturday night at Stouffville Secondary School.

Ken Kepler spoke at the Sunday evening service at the Missionary Church.

A number of Gormley men were present on Monday night at the Missionary Men's International Banquet at Stouffville Missionary Church. Paul Hamilton spoke and showed pictures of his bicycle trip from Paris to India and his trek up into the Himalaya Mountains.

It will be Layman's Sunday on March 17 at the Missionary Church. Ed Yashita will be the guest speaker in the morning and Abe Thiesen at the evening service. Local men will be presenting other features at both services.

Mr. and Mrs. George Barrett were dinner guests of Mrs. Don Pickering on Friday evening.

Mr. and Mrs. Ivan Grove and family of Markham and Mr. and Mrs. George Barrett spent Sunday with Mr. and Mrs. Bob Brown of Gravenhurst.

Debbie and Donnette Grove of Markham spent Saturday night with their grandparents Mr. and Mrs. George Barrett.
