

Coming up on May 23 at 8 pm is a concert by the Richmond Hill Youth Concert Band — group of enthusiastic young people who contributed to last year's Centennial celebrations by participating in the "Concert In The Park" and in "Richmond Hill Day at the CNE". The "Music For Listening" concert will be held in Richmond Hill High School auditorium and offers local music lovers a rare opportunity. Tickets will be available from members of the band soon. Please keep the date open. These young people love to play and particularly for an audience.

Two local girls brought honor to Canada last weekend in a dance competition in Rochester, New York. Wendy Hirano, 17, daughter of Mr. and Mrs. Paul Hirano, Kersey Crescent, was crowned "Miss Dance U.S.A." in a preliminary competition with 24 other dancers, including Lisha Van Leeuwen, 18, of Gwendolen Avenue, Willowdale, who was first runner-up. Both are pupils of Brian Foley, 1146 Weston Road in Metro.

A graduate of Shaw's Business College, Wendy studied for several years under Dennis Moore of Richmond Hill. She was accompanied by her mother on the trip, and was awarded a trophy, a gold charm bracelet, a gift certificate for dance supplies, a bouquet of flowers and her crown. She will represent New York State in the final competition in Miami Beach, Florida, in August.

The two were the only Canadian contestants, and this is the first time two students from one studio have taken top honors. They were judged on poise and general deportment as well as their performance as dancers, says Mr. Foley. Miss Hirano performed a rock ballet number and Miss Van Leeuwen modern jazz.

The CWL of Our Lady Queen of the World Roman Catholic, Bayview Avenue at Crosby Avenue, is having a rummage sale from 1 to 3:30 pm Saturday at the church. Convenor is Mrs. Stella Dickinson of Neal Drive.

On Sunday evening St. Paul's Lutheran Church, Bayview Avenue, held a congregational dinner in honor of the new confirmands, who after three years of religious instruction, became members of the church at a special confirmation service held on April 7. The six young people received were Laurie Heimrich, Nancy Limpert, Pamela Kraft, Nancy Tomason, Eric Felleiter, and Ronald Lindemann.

Following the delicious meal, Peter Bjerland introduced and welcomed the new members. A delightful program followed, which contained a few musical numbers by the Junior Choir, under direction of Mrs. Floris Dauphinee, with Miss Jane Limpert at the piano; a guitar and piano duet by Kevin and Wayne Dawe; a vocal solo by Ronald Heimrich and a duet with Mr. Heimrich and his daughter Laurie, accompanied by Mrs. Marilyn Heimrich at the piano; and an amusing skit presented by Mrs. Sylvia Limpert, Mrs. Floris Dauphinee, Mrs. Pat Ash, and Mrs. Muriel Meitz. The committee in charge was comprised of young people of the congregation.

The evening concluded with prayer and benediction led by Pastor James Dauphinee.

Win Anderson's group was in charge of the evening.

Delta Lambda Chapter of Beta Sigma Phi welcomed three new members into their Chapter at a wine and cheese party at the home of Mrs. Carol Draper of Richmond Street on April 3. The new members are Joan Thompson, Judy Calder, and Jo-Anne Tunncliffe.

The program for the evening was provided by Anna Apenis who chose the topic "Life Styles" as developed by Alfred Adler, Sigmund Freud and Carl Jung. After reading some of the characteristics of different life styles, Anna went around the room and asked each person where she was in her family constellation and if she liked that position or not. The result was an interesting and humorous discussion.

Miss Dora Lamb of Church Street North, was the guest speaker for Mrs. Mary Lyons of Fernleigh Circle at a meeting April 17 at the home of Mrs. Hilda Baxter. Miss Lamb talked on the history of jewellery showing how refined some ancient jewellery was and describing styles of jewellery popular at different stages of history. It was a very interesting program and nice to welcome Miss Lamb back.

Cancer is not one disease but a group of diseases characterized by the disorganized and unregulated growth of abnormal body cells. In many cases, there is a favorable response to modern methods of treatment if diagnosis is made before signs of spread are evident.
