York Central Hospital Auxiliary

The King Branch of the YCHA held a very successful Oriental Cooking School at the King City Secondary School May 27.

Jane Anne McClelland welcomed everyone and reminded them to attend the Blood Donor Clinic to be held at the King City United Church June 5.

The commentator for the evening was Bernadine Melancon. She remarked how pleased she was with the large attendance of both men ("who like to cook this type of dish") and women. She also thanked Ann Wilson for making the lovely corsages for the workers. Throughout the evening the commentator stressed the fact that most dishes can be made from leftovers. The basic method is stir/fry. Always use small pieces of things (chop stick size).

The dishes prepared were Chicken Chow Mein, Pineapple Chicken, Sweet and Sour Spareribs, Chinese Vegetable Rice, Fish Sticks in Cherry Sauce, WonTon Soup, Pineapple Ham "Chinese Style", Dry Garlic Spare Ribs, Beef & Macaroni "Chinese Style", Sole Fillets "Chinese Style", and Beef and Broccoli "Chinese Style".

Product sponsors of the evening were Sifto Salt, General Foods Minute Rice, Planters Peanut Oil, Catelli Five Roses, Reynolds Wrap, High Liner, Pogo and VH Quality Food Products.

The prepared dishes and many treat bags with product samples were given away as door prizes. Also four lovely spice racks complete with spices were given away.

The evening was rounded out with cookies and coffee served in the school cafeteria.

Both government licensed and approved by the Ontario Humane Society, and employing only well qualified personnel, Sandyl stresses a quality product for its customers, both in boarding facilities and riding instruction. Sandyl Pony Club encourages children to participate in a variety of competitive games and rallies with other pony club branches. An excellent program of standardized testing is provided and as children become proficient at the different levels and pass the respective written and practical tests, they are provided with internationally accepted certificates of proficiency. Sandyl Pony Club members may either own their own horse or pony, or may rent one of the school horses or ponies from Sandyl Farm for the mounted pony club events.

The owners of the riding academy are Mr. and Mrs. John Wallas and the farm is located on the 17th sideroad, just east of Keele Street. For more information please call 727-5998.

Construction News
Panacea Associated Contractors Ltd. of Calgary, Alberta, have been awarded a contract by Trans-Canada

Pipelines Ltd. to construct 151 miles of 36" diameter natural gas pipeline from Toronto to Nipigon, Ontario.

The firm has set up a large base of operations just north of Maple across from Shurgain Farms (behind Dufferin Construction's plant). The line cuts across the King Sideroad just east of Noble's.

General superintendent for the project is John Cop pock; construction superintendent, Lio Ziehe; and project engineer, Jim Rush.

Good Morning Group
Members of the Good Morning Group which has met in the auditorium of All Saint's Anglican Church Wednesday mornings for the past three years raised \$53 recently at an auction held among themselves. One person's trash is obviously another's treasure.

Maple Dump
Although most King residents do at one time or another drive down Keele Street through Maple, many of them may not be aware of the problems facing this community.

Maple has become the largest dump for Metro garbage and until recently suffered under the never-ending rumble of the large trucks. A couple of months ago the Environmental Hearing Board held a week long session in the Maple Community Centre during which the community and Disposal Services both presented their cases.

Shortly afterwards dumping was suspended at the site and hope was high that Maple could once again become the quiet rural community it once was and not Metro's Dump.

Now the Environmental Hearing Board has recommended that the 20 acre site (which is only the tip of the iceberg) be approved subject to the submission of satisfactory plans and specifications. There were 14 conditions of recommendation by the EHB and special note was made about concern of lack of good management in the past by Disposal Services. The board also suggested a public hearing at the completion of the project.

Maple against Dumping, a citizen's group, intends to protest further to the Minister of the Environment William Newman at Queen's Park.

The Megadump has get to come!

Major Mackenzie
At the invitation of Rev. Neville Bishop, I attended the opening of the Mackenzie Home (Lex Mackenzie M.L.A., York North) in Black Creek Pioneer Village at Jane and Steeles Avenues.

Premier William Davis, was guest of honor and was piped to the podium accompanied by the Governor General's Horse Guard 4th Canadian Mounted Rifles and the Mackenzie Branch 414, Royal Canadian Legion, Woodbridge.

Master of ceremonies was former Vaughan Deputy-revee Jesse Bryson; the invocation was given by Rev. A. W. Downer MLA, introductions were done by Mr. Bryson and Conservation Board Member R. G. Henderson of Woodbridge introduced Premier Davis who was presented with the key to the home by descendant Mrs. John Glynn.

I'm sure what everyone had to say would have been very interesting, but the public address system rendered their every word unintelligible. It began to rain heavily and soon everyone retreated into the refreshment tent where the murmur of voices soon rose in competition with the speaker. Perhaps if we could have heard, we would have listened!

The home of Major Addison Alexander (Lex) Mackenzie is certainly a marvelous addition to the Black Creek Pioneer Village and well worth a visit.

School News
Oak Ridges Public School held its annual music concert May 29 and 30. It was just one hour long and very well planned and amusing.

The youngsters all seemed to be thoroughly enjoying themselves and so was the audience. The choir ended the concert with three songs and the quality of singing was excellent. They had obviously practised very hard. It was, I think, the best concert I have heard at the school.

The final month of school for this school year is now upon us and teachers find pupils need extra motivation. Parents are asked to help their children keep motivated until the closing at the end of the month. Also it is at this time that classes are being organized for next year.

Perhaps parents of children in the lower grades could encourage them to read to them, which would make a nice change, wouldn't it?

Cancer Society

The final figures for this year's cancer campaign are now available. 1974 has been the most successful and improved year in this area for more than a decade. This year's objective was set at last year's campaign total of \$1,700 and actual monies collected totalled \$1,906, plus proceeds from the bake table at the spring fair of \$26, giving a grand total of \$1,932.

Thanks are extended by President Doris Smith to all those who contributed and to all those who gave their time to canvass for the campaign, as well as those who donated baked goods for the spring fair sale.
