Lions' Carnival
Oak Ridges Lions' 24th Annual Carnival will be held Friday, Saturday and Sunday at the old Lions Park on King Road at Yonge Street. There will be many rides, games and booths and on Saturday open air dancing will be featured from 8 pm until midnight. Come, enjoy yourselves and support your local Lions in their service work in this community.

All area residents who have not yet turned in their money for the walkathon for Crippled Children, sponsored by the Lions, are asked to do so immediately. Please return contributions to Terry's Plumbing and Heating, Davies Store or Capt. Hawman at The Wheelhouse Club.

It really seems a pity that some people who pledge support for a child, later renege when they discover the child has swalked 20 miles or so to raise money for other children who cannot walk. It sets a very bad example for our youngsters. We need to show them that we care in order to have a new generation of adults who care.

I guess what I'm trying to say is "Don't pledge and then renege." How's that for a slogan?

Study Fate Of King's Sacred Heart School

A staff study relative to the future use of Sacred Heart School in King Township was authorized by York County Roman Catholic School Board at its June 4 meeting.

It was reported that the York County Board of Health has submitted a report on Sacred Heart School listing improvements to be made in order to meet their required standards of safety. Included is replacing the wooden basement floor with

concrete. **NEEDS MUCH**
King Trustee Gus Clarke noted the school needs a lot of other work done such as drainage, furnace, etc. King Township Trustee Frank Bescoe told the trustees this school has been part of the community for years and it would be a severe blow to the community to lose it.

Newmarket Trustee Ivan St. John said the study should be done as quickly as possible "if we are going to

spend the money, it should be spent this summer." He was assured the feelings of the people in the area will be taken into consideration in any board decision on the school.

STILL DEBENTURES
Superintendent John Zupanic said the board has debenture payments of about six years to make on the present building and if it were replaced, the Ministry of Education would assess a penalty against the board.
