

**Correction**  
The Maple Area Recreation Committee is holding a planning meeting on August 7 at 7:30 pm at the municipal offices in Maple. Any group wishing to be included in the fall plans should make representation at that time.

**Vaughan Recreation**  
The Fun Centre in Maple is carrying on a program for 5 to 10-year-olds and has many special activities yet planned. On July 25 it is Christmas in July and apparently Santa just might be persuaded to leave the cottage and come down for an unscheduled visit. On August 9 this same group will have an Olympic Day at the Vellore Hall on Weston Road. This special event will include all the children in Vaughan who are participating in the Fun Centre activities.

The group of young people in the major sports program, ages 11 to 13 are having a "Frisbee" Contest on July 31 and the winner will go to compete at the Exhibition in

the Ontario "Frisbee" Contest. Parents are invited to join with this group in a corn roast on August 15 at Fundale Park in Woodbridge.

Although the number is small they seem to be enjoying themselves thoroughly. This week they went on an all-day outing, with swimming and lunch in Boyd Park and then on to an afternoon of horseback riding. Every week they will be going horseback riding and having archery. This group meets at George Bailey Senior School and new registrations will be taken for the August program with a fee of \$5.

**Neighborhood Notes**

A one-time member and resident of Maple and of St. Stephen's Anglican Church, and now of Toronto, member and sexton of St. Mary's in the Field is Jackson Cook. He attended Holy Communion at St. Stephen's July 14 and enjoyed being the guest of Mr. and Mrs. Barney Bryan.

**Maple Senior Citizens Plan To Have Some Summer Events**

BY EVA HAWKINS

Since the members of the Maple Senior Citizens Club are at loose ends with their meetings suspended for the summer, it has been decided this last weekend to approach the powers that be in the Maple United Church to see if the usual meeting place, the Christian education wing, could be made available for meetings on an every other week basis.

Although some are away on holidays, those contacted were in hearty approval. There will be a gathering, not a business meeting as such, but a group get-together to discuss plans for trips and tours during the summer and early fall and an afternoon of games and fellowship, the first to be July 29 at the regular time 1:30 pm.

Among the trips and tours to be discussed will be the Civic Holiday Weekend Tour to Corning, New York for a tour of the Corning Glass Centre, a day at Watkins Glen State Park and a 10-mile cruise on Seneca Lake as well as a tour of the Eastman Kodak Plant at Rochester, New York.

**KITCHENER TOUR**

Coming up too, is a one-day trip to Kitchener to the farmers market, a plant tour if arrangements can be completed, and a stop at the Reckton Animal Farm which has been expanded since the last visit there. The date set for this trip is August 13, with lunch in Kitchener and costs to be determined.

Interest is high too, for the visit to the Canadian National Exhibition and the evening performance of Lawrence Welk on the grandstand. This for August 19, cost of admission included in grandstand ticket, bus and driver for the day to be \$8.75. Having the bus

there for the day makes it possible for each individual to take along a small lawn chair and a picnic for supper if desired, and to leave sweaters or jackets on the bus for the evening.

A particularly congenial couple from Maple are considering a 14-day tour to the Maritimes. They are hoping that someone else from this area might be interested in going on the same tour, leaving August 17.

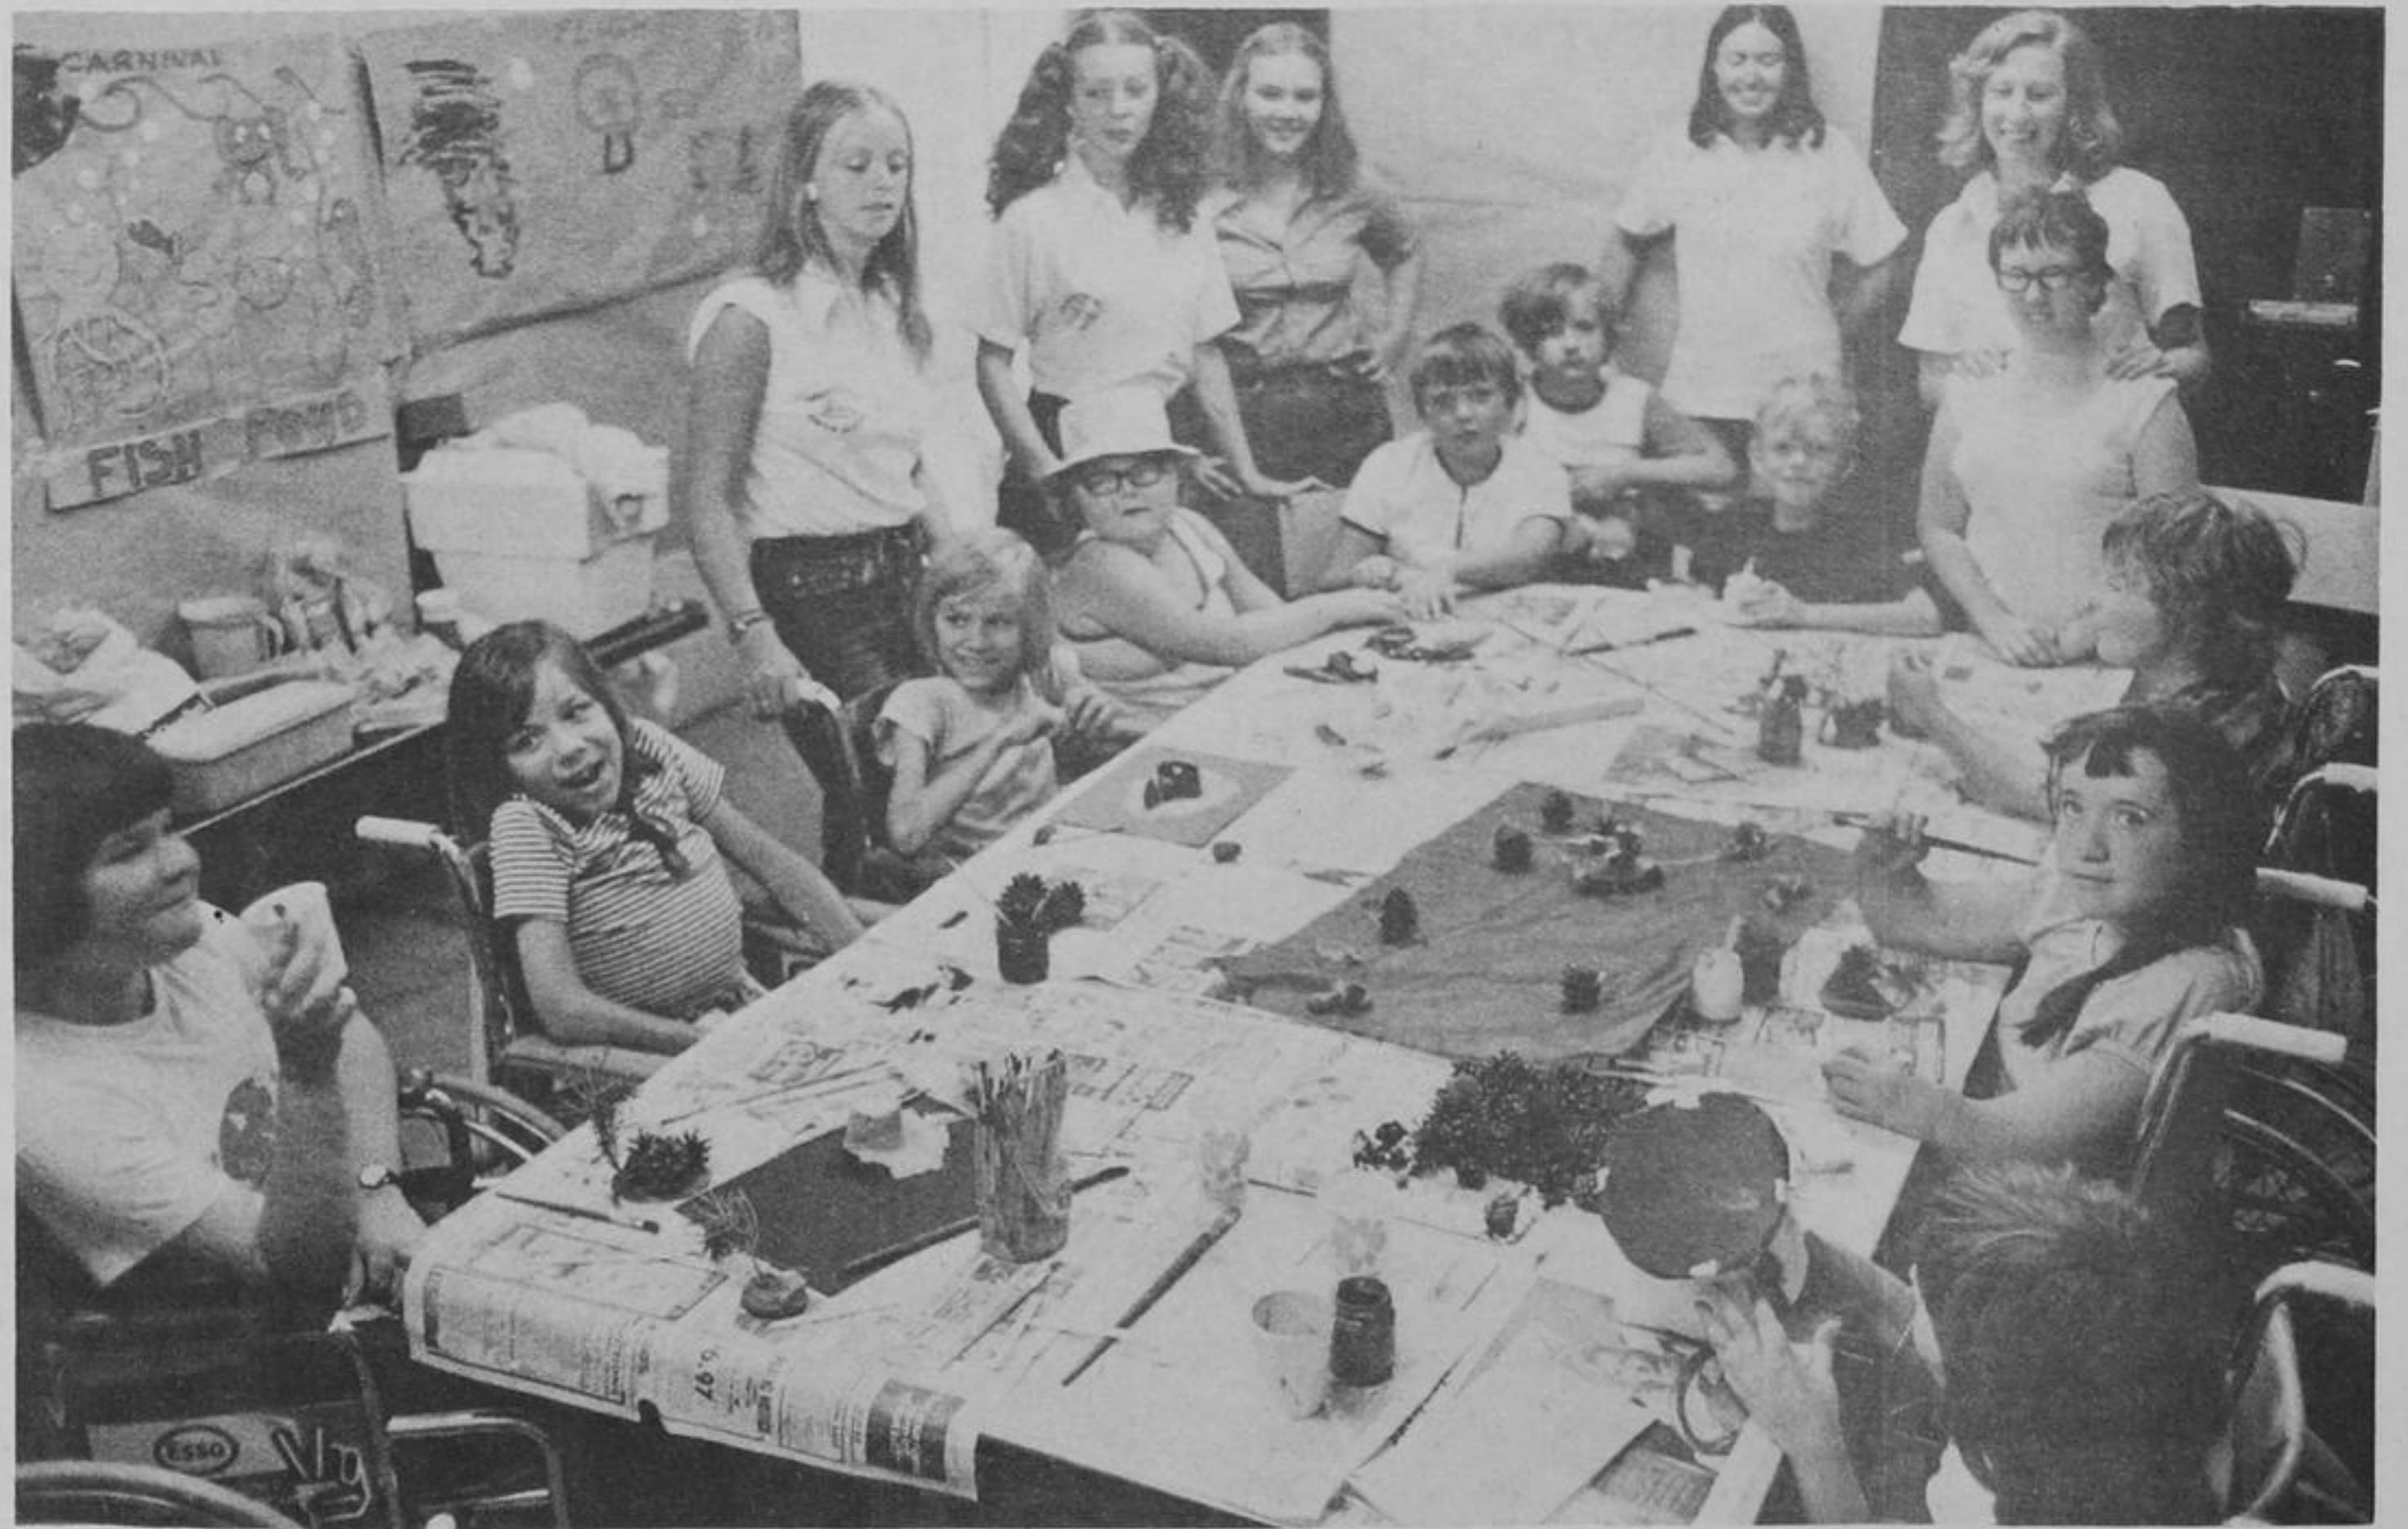

**TO SHAW FESTIVAL**

During the month of September, the seniors of Vaughan will have their much anticipated trip to Niagara-on-the-Lake for an evening at the Shaw Festival, with time allowed for a few hours of browsing through the shops there. It is also likely that one or two attractions at Niagara may be included. The date and cost of this trip have not been confirmed as yet.

A great deal of enthusiasm has been shown for a three or four-day color tour, probably October 1 to 3 or 4, including Algonquin Park, Ottawa, the Laurentians, Maniwaki, Montreal, Lake Placid and the Adirondacks and a riot of color as well as some of the most beautiful scenery imaginable. Since this will be a tour of just our own Vaughan Seniors and their friends, it is entirely likely some may be accepted who have not reached their golden years.

A one-day color tour will also be planned for the first week of October for those who prefer not to be away from home for more than one day. Details of this later.

For details of any or all of the above trips and tours, call Mrs. Louise Cooper at 832-2408.

**Handicapped In Vaughan Can Enjoy Day Camp Too**

Crippled children in Vaughan are enjoying the town's parks and recreation day camp program this summer, just like other kids. Camp activities include swimming at the Thornhill Pool and crafts, games and nature lore at the park adjoining Maple Arena.

Most of the children, pictured above with their counselors during a craft session, are residents of the Villa Private

Hospital on Bathurst Street. The children, (left to right) are Jeff Chamberlain, Willie Martin, Lee Martin, Danny Giberson, Glen Barentin, Roger Pease, Richard Hammond, Terri Graham, Mike Taylor, Kim Beeston, Randy Reeves. Counsellors (left to right) are Mary McMillin, Wendy Hibberd, Donna Hibberd, Karent Langdon and Bonnie Samsing.

**Maple's Winning Midgets Meet Richvale At Richvale July 31**

Under the excellent coaching of Tom Mummery, the Maple Midgets have been racking up some excellent, if somewhat lopsided scores in their games this summer.

In the first game the boys played in early June, they came home with an embarrassing edge over Richvale of 26 to 2. The highlight of the game was a line drive catch and throw to first for two outs by Steve Jones, plus superb pitching by Larry Cooper. Ronnie Lines was umpiring. This game was conceded after two innings.

The closest game for the season was played against Nobleton with Charles Crevier pitching for a 4 to 3, win. Ricky Mondola had a triple which should have turned out to be a homerun, with Nobleton leading 3 to 0. Runs were brought in by Mondola, Bob Tobin, Ken Jellison and Peter Pflug.

The boys have had a lot of opposition from the weather with games with Nobleton and Victoria Square rained out. Their last two games have turned out to have lopsided scores with 17 to 6 against Richvale, Charles Crevier on the mound. Brian Murchison starred in this game with three homeruns, one not allowed since he hadn't touched bases.

**WIN AND LOSE**  
The boys played Nobleton last week for their first loss of the season and then came home to play Victoria Square the next night to rack up a score of 14 to 1. Larry Cooper pitched both of these.

A great deal of credit goes to Tom Mummery for his dedication to these boys and their team, and we feel sure that both Tom and the boys would be pleased to see more parents and friends out to cheer them on in their next game, July in Richvale.

On the team are Ken Jellison as catcher, Steven Jones on third base, Bill French, right field, Barry Janes on second base, Randy Tinline in the outfield, Larry Cooper and Charles Crevier pitching alternate games, Don Principe in the outfield, Peter Pflug at first base, Bob Tobin playing short stop, Ricky Mondola behind the plate and first base and Brian Murchison short stop. Rob Horner plays outfield, or wherever he is needed.

Congratulations, boys! If the boys keep up this good work, they will probably hold on their position of first place.

**Peewees**  
Maple faced Thornhill July 16 and with a number of players on vacation it required plenty of team effort to win their 12th straight game (6 to 5). Scott Lawson on the mound earned his third victory in the three games he has pitched. Scott gave up four hits, struck out six and walked three. However the team committed four errors which led to the Thornhill runs coming in. Maple scored its six runs on eight hits and five walks and was struck out six times. The Thornhill team commit-

ted three errors, one of which led to the winning run for Maple. Thornhill took the lead in the game with three runs in the second inning. Maple then scored three runs in their half of the inning.

Thornhill took the lead again with a run in the fourth. Maple rebounded with two in their half of the inning and went ahead 5 to 4. The game was tied in the sixth by Thornhill until Maple took the lead in the seventh inning. Dale Line hit a one-base hit and when the outfielder threw a wild ball to first that went out of control, Dale made it all the way home for a 6 to 5 victory.

On July 30 Maple plays in Thornhill at the Doncaster Avenue diamond and they play at home on August 6 against Woodbridge at 7 pm. The OSA Playoffs are scheduled to begin the first week of August. Watch the local stores and Maple BP for times and dates. The boys would certainly appreciate your attendance and support during the home stretch.

**Annual York Farmers' Crop Tour Next Week**

The annual York farmers' crop tour starts at 9 am Wednesday of next week from the Newmarket Plaza. This tour has been held regularly for 21 years and is well supported by the region's farmers, says local Agricultural Representative Al Wall. All farmers are invited.

New concepts in handling crops and livestock will be featured on the 1974 tour. This is in keeping with the theme of crop demonstrations and new ideas in the crop business.

George Snider's farm at Newmarket will be visited to see the work of his new "McKee" hay stacker, a machine considered to be one answer to the search for some method of handling hay with less work in a

one-man farm operation. Another answer may be the big 1,500 pound bale idea which will also be on display at Snider's, says Ag-Rep Wall. A visit to Maynard's alfalfa operation in Schomberg will feature fast feed-handling equipment such as self-propelled forage harvesters, big wagons with hydraulic dumps and efficient use of trucks. There will also be a look at methods used to increase alfalfa yields.

At the Isaac and Leonard King Farm at Tottenham will be seen the most extensive example of crop production with wheat, barley, corn, white beans and kidney beans all there in big acreages. A lot of pedigree seed is also being produced. There are variety

trials for new kinds of oats, barley and wheat, plus a bin drying system for grain. Another interesting item on the tour is the Harry Parker and Milosh Nadvornick facility at Kettleby for producing white veal on a large scale. Also visited will be York's local seed corn breeder Otto Pink Seeds in a demonstration at Newmarket of crosses.
