16.77
EACH
After discount for cash
(Add \$1.50 for Whitewall)
See Price Chart below

NON-BELTED TIRES

Standard Twin-Ply Nylon
Similar construction to original equipment on many new cars in the early Sixties. Not insured (you save the cost.) Meets or exceeds government safety standards.

Contender 4-Ply Polyester
Twin-Ply Polyester was popular new-car equipment prior to 1969—before introduction of long-mileage belted. Contender is similar but is 4-ply instead of twin-ply.

Whippet Twin-Ply Nylon
Shaped much like a European radial. Best suited for high-speed highways. At twice the price we couldn't offer a cooler-running softer-riding tire.

Long Cord Safety 99 Wide Track Nylon
High-performance, low-angle tire built to replace belted tires. Provides close-to-the-mileage of belted, but with double safety. Also available in Polyester.

All tires shown (except Standard) 5-Year Road-Hazard Guaranteed and Wear-Out Insured. (See particulars in your local Canadian Tire store—or current catalogue)

BELTED TIRES

5. 'Polyflex' Polyester-Belted Nylon
Two Polyester belts plus twin-ply Du Pont 66 Nylon for a cushioned effect and twice the safety. (See Nevada Test results in store).

6. Glass-Belted 2 + 2 Polyester
Similar construction to those installed on new-cars '69 to '74. If pleased with performance of those tires, choose our Wide Track.

7. Glass-Belted 4 + 2 Nylon
Strongest of all Glass-Belt constructions with 6 plies under tread instead of the usual 4. More miles, yet costs so little more!

NO CHARGE FOR TIRE INSTALLATION
when you buy our Dill or Schrader Valve at our regular catalogue price of \$1.00. We must install our new tire and valve together. "A tire isn't new unless the valve is too". Static Balance, \$1.00 a wheel; Dynamic \$2.50.

All tire prices shown are after 5% discount for cash. No Bonus Coupons.
Canadian Tire CREDIT CARD terms available, but 5% Discount Prices do not apply.

CANADIAN TIRE STILL MAKES YOUR TIRE DOLLARS GO FARTHER!
