

Okay Working Plans St. Charles Garnier

Working drawings for St. Charles Garnier School, the Roman Catholic separate elementary school to be built in the educational-recreational complex in B.A.I.F. were accepted by the York County Roman Catholic School Board August 20, to be forwarded to the Ministry of Education for approval.

The school will contain nine classrooms and a kindergarten, a large library resource centre, a science room and an auditorium - gymnasium, the design taking advantage of the natural contour of the land. The three primary classrooms will be built as "open space" and the three junior classrooms will have 10 foot long separate walls to give class division when desired and 20 feet of unvalled opening so the classes may be combined in "open space".

BIG PARKING AREA
The trustees also agreed to accept the combined parking lot to accommodate 100 cars with access from Castle Rock Road as proposed by Raymond Moriama, the town's architect. This combined parking lot will serve both the separate school and the town's recreation complex which includes a library, a swimming pool and an arena.

Further parking for 200 cars will be provided on the other side of the complex when the public elementary school is constructed.

Both schools will be connected to the enclosed "street" which will give access to the recreation facilities, it was pointed out.

PICK BRICK
The trustees also approved use of the brick recommended by Moriama for the complex, described by Architect John Farrugia, as "a nice-looking, good quality brick, which is reasonable." He went on to note that "you used to be able to buy brick for \$75 a thousand but now they cost about \$110 a thousand."

Approval was also given to use of a recommended decking material in the gymnasium ceiling, which is a structural material, a very good acoustic material, is non-combustible, has good insulating qualities and comes in colors.

Penwick Youngsters Hold MD Carnival

Concern for others less fortunate than themselves was evidenced recently by a group of youngsters on Penwick Crescent in the B.A.I.F. Subdivision. They held a carnival with all proceeds going to aid the fight against muscular dystrophy and related disorders which afflict thousands of people. In the picture above (left to right) are: Carrie

Broughton, Chris Broughton, Pat Engel, Wendy Janous, Laurie Hamilton, Cathy McDonnell and Suzanne Engel, Chairman of the MD Carnival Joan Hamilton is missing from the picture, but all those shown helped and all live on Penwick Crescent. They raised \$30.

YOU TOO CAN QUALIFY FOR COLLEGE

through the Academic Upgrading Program at Seneca King

At Seneca's King Campus, you can now take up-grading courses to bring you to a Grade 12 level — sufficient for college entrance, a return to work or for further skill training. Programs start each month — and there are no pre-requisites except general proficiency in English and your desire for further education. Next course begins Tuesday, September 3. Fees are minimal and are paid over the length of time a student takes to reach his or her educational goal.

For further information, contact the Campus Registrar at 884-9901 or Zenith 31200 (toll-free).
