### HELP

HELP's workshop, held at the Anglican Church in Woodbridge on October 1 was an excellent opportunity to learn and share information. There were more than a dozen agencies represented, including Children's Aid, Mental Health and Department of Welfare. HELP works with and for these agencies within the community. Maple HELP volunteers present were Reverend George French (St. Andrew's Presbyterian Church), Mrs. Lorna Clendenan (past president St. Steven's ACW) and Beryl Ward. Two town "fathers" dropped in, Councillor Jim Cameron and Councillor Ab Hollingshead. Councillor 'Ab' congratulated HELP on its workshop programme and promised continued support from the council.

Anyone who wishes to contribute an idea, suggestion or some time to Maple's HELP please phone, Beryl Ward at 832-1217.

### CHURCH NEWS

The rain on September 29 did not daunt the parishioners of St. Stephen's Anglican. Many arrived for the traditional service of Harvest Festival. Edna and Barney Bryan and Miss Lillian Miller had done an exceptional job of decorating the church with all manner of fruit and vegetables. Traditional old Thanksgiving hymns were sung, led by the newly formed choir of young people — a truly inspiring service.

Please remember the Rummage Sale in the Maple United Christian Education Building on Thursday October 24 from 6.30 till 9 p.m., presented by the U.C.W. For further information please call Mrs. Boyd at 832-1431.

The ladies of Maple United will hold their Annual Bazaar at 2 p.m. November 9. ### SCHOOL NEWS

On October 4 two members of the George Bailey Public staff, Mrs. Reed and Mrs. Gullick, will be attending a seminar at York University. This is a program arranged by the York County Board of Education and York University. The purpose is to increase the expertise of classroom teachers in diagnosis and programming for children with special needs. Mr. Urquhart hopes to attend similar sessions in March and May.

October 9, 10 and 11 will be professional activity days and the staff will be spending a great deal of time in continuing attempts to solve the perplexing problem of poor reading ability in so many students.

On Wednesday there will be a workshop with Lorne MacKenzie, Master of English from the Ontario Teachers' College, as speaker.

On Thursday morning there is a diagnostic workshop with Mrs. Margaret Evans, language consultant with the Toronto Board of Education.

In the afternoon Orville McDowell, region 8 consultant with the Ministry of Education in special education will conduct a workshop in diagnostic testing and remedial methods.

On Friday morning Peter Lorimer, a behavioural analyst from Thistletown Centre for Emotionally Disturbed Children, will be the speaker. The group will examine the progress of reading grade levels and successful methods at Thistletown.

In the afternoon Mrs. Mary Clarkson, supervisor of the education department of The Globe and Mail will discuss the use of newspapers in unravelling reading difficulties. The results of the seminar will be made known through the parent-teacher advisory committee.

The staff of George Bailey School wish to thank the York County Board for allowing them to put together three days at one time for this seminar.

Mr. Urquhart wishes to apologize to the parents and students on the short notice received concerning the Meet the Teachers Night on October 2. He promises that for the next such meeting notices will be sent out much earlier.

The staff were pleased with the turnout of parents and students. The parents gave many compliments on the fresh paint job and general appearance of the school. Quite a few parents from the Concord area attended and expressed pleasure that their children were settling into their new surroundings so well.

A big welcome back to Guy Misener (who broke his leg playing soccer) from the staff and students. We hope it mends very soon and he will be back enjoying sports again.

## Roy Robson gowned at Teston

Appreciation for his services as choirmaster for several years was expressed to Roy Robson by the congregation of Teston United Church in a very tangible way at an evening service September 29. Mr. Robson, who is principal of the Joseph A. Gibson Public School in Maple weekdays and a noted artist as well as musician, was

presented with a new choirmaster's robe during the service of song. He is seen on the right above with (left to right) Rev. Martin Jenkinson, Henry Thomas, Mrs. Edith Williamson, and Miss Hattie Deisman. (Photo by the studio that comes to your home)

### Cusemans-Bowes

## Ecumenical ceremony joins couple at Maple

Pink gladioli and yellow daisy chrysanthemums formed the attractive setting in Maple United Church for the June 8 wedding of Gloria Christine Bowes to Paul James Cusemano. Rev. Stanley Snowden was assisted by Rev. Father Francis Robinson in the traditional ceremony.

The bride is the daughter of Mr. and Mrs. Wilfred Bowes of Maple. A graduate of Seneca College she is personnel secretary at York Central Hospital. The groom is the son of Mr. and Mrs. Nick Cusemano, 344 Kerswell Drive, Richmond Hill. A graduate of Seneca, also, he is a pharmaceutical salesman with Arlington Laboratories.

Mrs. Judy Bon of Locust Hill was the organist and played "Praise My Soul" as the wedding march as the bride was escorted down the aisle by her father, who gave her hand in marriage. Her gown was of soft polyester jersey with long train, empire waist and gathered cuffs, with small seed pearls on collar and cuffs. Her crown-type headpiece was held by pearls and trimmed with daisies and she carried a

nosegay of pink roses and baby's breath. Bridal attendants were Jacqueline Cusemano (the groom's sister) as maid of honor and Mrs. Beverly McCloskey, Mrs. Cathi Shropshire, Mrs. Karen Costoff and Miss Betty Bryson (the bride's cousin) as bridesmaids. They wore blue and white checked

polyester and cotton gowns, fashioned with a halter top and with matching jackets and carried nosegays of yellow daisies and baby's breath.

Following a reception at the Beverly Hills Motor Hotel in Weston, Mr. and Mrs. Cusemano left on a wedding trip to Montreal and Quebec. They are now

residing at 181 Colbourne Street, Richmond Hill. Guests were present from many out-of-town locations including Ireland, Orillia, Wheatley and Arizona.

AURORA: Council has raised the charges for water and sewage connections to \$200 and \$300 respectively from the present \$140 and \$250.

## FARM NEWS

Even though the early frost caught a lot of corn before it was mature enough to harvest, Ag. Rep. Art Wall reports that all is not lost. It will still make good silage but both yield and quality for grain will be lower.

He quotes Dr. Terry Daynard of OAC as stating that new research shows that plant food from the corn stalk keeps on moving to the ear for two or three weeks after the tops have been frozen. Ear development stops only when both lower stalks and ears are frozen.

Dr. Daynard estimates corn could put on another 10-20 bushels per acre. So waiting until mid-October or until the kernels show black layers, could pay well.

There is one drawback, however. As the sugar moves from stalk to ear, the stalk loses much of its

resistance to stalk rot organisms. This could mean a lot of lodging, so the combines should get busy if there is a big acreage to harvest.

Last week corn cost as high as \$170 a ton as feed prices went sky high. With prices like that testing home grown roughage is a good means of getting the grain down to just the right amount. Mr. Wall says Guelph can now do a digestive protein analysis and a haylage is one feed that desperately needs a test. If it has heated at all in the silo, protein availability has likely been affected. A crude protein test is probably good enough for dry hay and moisture is probably the most variable factor in corn silage. Samples can be sent to Guelph from the Ag. Rep's office in Newmarket.
