better or worse.

He said: "Look, I'm a politician and when I hear a lot of complaints, as I have, it's up to me to look into it." He added this applied to other areas as well pointing out that the "association doesn't top the list of priorities."

That sounded all right to me. Let's look into it. But let's be gentle about it at the beginning. Let's not start another war. Everything in this world needs improving.

If the incoming mayor wants to assess the situation, fine. I'm all for improving things. If it's working the best it can, why then, leave it alone. Logic, what? Never works out that way in life.

I can see Mr. McVean's fear that wherever politicians get mixed up in anything it means more money. I tend to agree.

But if the general populace wants it that way, let them have it that way. If they're willing to pay the bill, fine.

Find out how its working, let the public decide. In the meanwhile I suggest the public, especially the critical segment of it, get involved. Buy a subscription. Get yourself a vote. Might work wonders.

RICHMOND HILL HOCKEY ASSOCIATION

The team members of the Richmond Hill Hockey Association would like to extend Best Wishes of the Season to the Sponsors and their Families for their financial and most encouraging support.

Message From The President

In recent years the operation of any Minor Hockey Association has become increasingly complex. Like any other enterprise, Minor Hockey has been caught up in the inflationary cycle and is being subjected to greater cost in all areas of its operation.

Registration fees have, unfortunately been raised for all the 700 hockey players in Richmond Hill. It is not an excessive amount, but it is \$5.00 greater than last year.

Equipment costs both to the R.H.H.A. and to the individuals have risen considerably.

The cost of travelling to other cities in our League has become more costly to the parents of our travel teams; and, with the parents' fine support, and constant effort in this area, a great burden is lifted from the Teams' management.

Ice costs have gone up only fractionally this year thanks to the fine work and co-operation that is always available from the Arena's Board.

These increases along with many others have certainly put stress on the R.H.H.A.

This year, as in past years, our Sponsors have once again come to face, with greater financial assistance than ever before.

Each and every House League Sponsor has donated much more than last year.

Each "A" and Second Team Sponsor is spending considerably more this year than last.

As is always the case, the process of price increases has caused some of our older sponsors to withdraw this year. However, in each and every instance they are continuing to give invaluable support to the girls and boys who play hockey in Richmond Hill.

On behalf of all those who are a part of Hockey in Richmond Hill, I should like to extend our thanks to the Sponsors, both past and present, for their fine continuing support.

Minor Hockey is a totally voluntary effort on each and everyone's part. With that in mind, may I extend to all the Players, Parents, Coaches, Managers, Conveners, Board Members, and Sponsors my sincere thanks, a Merry Christmas and a Happy New Year.

Bob Reeves,
President,
R.H.H.A.
