

# Painting lockers house colors

## Bayview's Buzz

By Susan Powell  
Bayview Secondary School correspondent  
Telephone 884-8584

Through the Christmas holidays Bayview will be far from quiet. Our big project for this year will be done during this time. We're painting all the lockers in the school, according to the house colors of the students to whom they belong.

The cafeteria will be painted in a bright red and white. I hope the students will be ready for a shock when they come back.

We'd like to thank all volunteers who took the time to come out and give their blood that others might live.

### Blood donor record

Bayview beat the record of 100 set last year, and boosted it up to 111. That could be 11 more lives saved over the holiday season.

### Basketball victory

In an invitational basketball game Wednesday of last week our senior boys beat Thornhill 65-34. Trent McCabe played a super game, scoring 23 points and Paul Jarvie, playing extremely well, got 22 points. James Turner followed with eight points.

From everyone at Bayview we would like to wish you all season's greetings and lots of happiness for the New Year.

Permission is being sought to hold free rabies vaccination clinics in York Region early in the New Year.  
These will be sponsored jointly by the Canada Department of Agriculture and the Region of York. Those not able to attend the free clinics can have their pets vaccinated by any practising veterinarian of their choice.  
Statistics released by the Canada Department of Agriculture indicate that during September, October and November, there has been the usual seasonal increase in positive rabies cases which were confirmed by laboratory examination in Ontario.  
Of the 114 in September nine were in York. Of the 145 in October ten were in York, with several of these reported within the boundaries of Richmond Hill. The November statistics were not available but Canine Control Officer James Ryan reported several cases this month.  
During these periods of increases pet owners should make certain anti-rabies inoculations are up-to-date for the safety of their pets. They are also advised to keep their animals under control during the season of high incidence.
