Loblaws

More than the price is right.

OUR NEW GROUND MEAT ANALYZER
will make sure you're getting your money's worth.

The Loblaws Ground Meat Analyzer is now in all Loblaws Meat Departments. What it does is simply provide you with an accurate reading of the fat content in our ground meat. Each time a fresh amount of hamburger or ground beef is made, a check is made to determine the proper content of fat.

Loblaws ground beef comes under three classifications: Hamburger, with a fat content of 27% or less; Ground beef, with a fat content of 20% or less. And Lean Ground Beef, with a fat content of 15% or less. Loblaws labels every package of ground beef with the percentage of fat content.
