## Sales, religions class next week

Saturday, the Maple United Church will hold a rummage sale at 1:30 pm. An antique and craft fair planned for April 16 and 17 has been postponed until May 7 and 8.

The Dorcas Unit of Maple United UCW will meet next Tuesday afternoon. Ina Yake of Keele Street will be the speaker.

The Friendship Unit will meet in the evening and continue their study of great religions of the world.

St. Stephen's Anglican ACW will meet next Wednesday evening. Mary Davis, Gosling Road, will speak on sponsorship of foster children in other lands.

Help's used book sale takes place this Friday from noon until 10 pm, and Saturday from 10 am until 3 pm at Christ Church Anglican, Islington Avenue in Woodbridge.

## Valerie's Maple notes

This is the season which is very trying to mothers who try to keep the area around the entrance to the house tidy.

There seem to be three different kinds of footwear for each family member — winter boots for snow and ice, rubber boots for soggy days and last year's muddy North Stars for better days.

Patience.

MARC announces that Wednesday night bowling will continue into April.

A cheery hello to Beatrice Jackman of Netherford Road, a patient in York Central Hospital for a while. She has a broken hip. We hope young Glen Hawkins of Netherford Road is feeling better after his visit to York Central.

Next meeting of Vaughan Council will be Monday, April 7 at 2 pm.

Finding people home last week to obtain news was a rather lost cause as Maple seemed depleted of residents. A large percentage of those away were probably running into each other at Disney World. We can only assume you've all had a good time and are back to enjoy the Lions' Pancake Festival and all the other attractions that go with it Saturday, starting at 9 am.

## Moynes top lady bowler

Last week Dorothy Moynes led the evening's scorers in the ladies bowling league with a high single of 305 and high triple of 732. Audrey Ross? Well she's still high average of 202. Team standings: Apples 38, Grapes 29, Plums 26, Oranges 25, Peaches 25, Bananas 23, Pears 23 and Cherries seven.

(Photo by Hogg)

## Kick off Cancer Month campaign

Eleanor Kennedy of Maple brightened up the regular luncheon meeting of the Vaughan Rotary Club last week with a big bouquet of daffodils, the symbol of Cancer Month. She heads the fund raising campaign committee of Maple's Cancer Society branch.

The Rotarians will help this year by canvassing Vaughan industries. In the photo are Harold Keffer, Thornhill; Bernard Salter, Newmarket; and Bill Gallagher, Bramalea. In April the Maple and Woodbridge Societies hope to raise \$18,000.

## Local firm makes building awards

Stran-Steel Building Systems, a division of Westeel-Rosco Limited, 105 Industrial Road, Richmond Hill, manufactures pre-engineered steel building systems and markets them through a nation-wide network of franchised builders.

Recently at their annual builder meeting the firm presented a bronze award (International) to Pro Eng. Buildings Ltd., of Streetville for a project at the Royal Downs Golf Club at Malton.

A silver award was presented to Camsteel Industries Ltd., Edmonton for a project with Cessco International Ltd.

The awards were won in competition with Stran-Steel franchised builders around the world.

Richmond Hill's Arena '67 in the central Town Park is a Stran-Steel building.

## Tea and bake sale nets \$200

St. Stephen's Anglican Church Women were happy to be able to present approximately \$200 to York Central Hospital following their recent tea and bake sale. The ladies wish to thank all who donated baking and articles for the 'bits and pieces' table, and those who supported their efforts by attending.

## Get boot bargains Saturday

If you are looking for a real bargain, Maple Lions will have an extra attraction at the Pancake Festival Saturday in Maple

Community Centre, 200 pairs of brand new children's rubber boots and ladies' shoes at super bargain prices.

## Late ball registration costs \$2 . . .

All who wish to play softball this summer in Maple should remember registration takes place at the Maple Arena during the Pancake Festival Saturday and on Monday and Wednesday at the Community Centre from 7-8:30 p.m.

Those registering after April 9 will pay a \$2 penalty.

While it seems early to be thinking of the ball season, it enables the executive to plan firm schedules within the various leagues.

## Win one, lose one

## Maple hockey teams visit New York

The return visit to Depew New York by the Maple White Strip Construction Peewees took place March 21-23.

As European Delicatessen Bantams were unable to make the trip because of the semi-finals against Stirling, a select team picked from the house league bantams attended in their stead.

The Bantams were coached by Norm Rotz, Cliff Grant and John Kucherawy. Though they did not win, the Bantams played hard despite the handicap of not having participated together

as a team before. The Peewees won their games handily. All of the boys, both Peewee and Bantam, and their families enjoyed the weekend and the hospitality extended by their hosts.

## Raising money for Ottawa trip

As in past years, the grade 8 classes at George Bailey Public School will visit Ottawa. The trip is planned for May 29-31.

Many of the students put some of their own money towards the trip, not expecting mom and dad to foot the whole bill. They save allowances, do odd jobs and babysit.

The students would like to raise funds through their own efforts and are planning a rummage and bake sale, a satirical review and a car wash.

The rummage and bake sale is planned for April 12.

Powerfully quiet.  
Quietly powerful.

## Bolens QT-16 Tractor

The irritating noise and vibration are gone. The rugged workpower remains. Powerful 16 horse, twin cylinder engine. Precise, uncomplicated controls. A power-locking collar clicks attachments in line with just fingertip pressure. One treadle-pedal controls speed and direction. Attachment clutch and hydraulic lift are flip switches, not arm-wrenching levers. Someday, all tractors will be this sophisticated. Why wait? Bolens. A good yard ahead.

The cars in our comparison chart, the "mid-price" European imports, have a great deal in common. They are superbly engineered, economical, built to last, (and no longer significantly more expensive than their North American competitors).

We suggest that the more thorough a comparison you make between them, the more convinced you will become of the outstanding value of the Peugeot 504 GL.

When you test drive a Peugeot, you will experience the feel of the car, which we cannot express in our comparison

chart, a ride which is uniquely comfortable and stable. Our all around independent suspension system is tuned to the Michelin XAS tires, standard on Peugeot.

There are two other things about Peugeot you should know. We build more than 700,000 cars per year, more than twice as many as Volvo, for example.

We also build most of our own components. That's a large part of the reason why we are able to hold the line on price better than the others.

You don't need a computer to figure that out.

**PEUGEOT**  
It's far too good a car to ignore.
