Read your own poetry

Irving Layton will be headlining an audience participation program called "Poets Around Town" at the Willowdale Library, 5126 Yonge Street, April 30, beginning at 8 pm.

Mr. Layton will be accompanied by three other poets who have had their work published — Sam Johnson, Ken Sherman and Jim Christie. The program is co-sponsored by Waves and Alive magazines.

New writers from the audience will be invited to read their own poetry and have it criticized. There is no admission charge.

If you are interested in reading your own poetry or short prose, ask for Bernice Lever at 7:45 pm, and she will schedule you into the second half of the program. Mrs. Lever, who lives at 79 Denham Drive, Thornhill, may be reached at 889-6703.

Members of the Toronto Spinners and Weavers Guild will present some of their most exciting and creative designs in a display to be held at Gibson House, 5172 Yonge Street, behind the Willowdale Post Office, from May 1 to June 2.

The exhibition, titled "Spring Medley" will feature both traditional and contemporary designs. Awards will be presented for excellence of design and judging will be based on technique, creativity and workmanship.

Wearing apparel, wall hangings, placemats and traditional home decorations will be included. Many of the fabrics featured in the traditional portion of the exhibit have been woven from handspun yarns and dyed with vegetable dyes. Some displayed items will be available for purchase.

The energy waste watcher's kitchen hints

The electric range offers energy-saving opportunities with little effort. Here are just a few tips. In the long run oven cooking is less expensive than cooking on top of the stove. Why? Because the surface elements stay on continuously when they're in use while an electric oven element is on for only part of the time. For the rest it coasts on heat retained by the oven insulation. You might try doing an entire meal in the oven, with fish or meat, potatoes and vegetables. Here's a favorite:

Oven Feed for Four
4 lbs. cross rib, blade or rump
2 packets dry onion soup mix
4 potatoes
4 carrots
4 small whole onions

1. Place meat, soup mix, and ½ to ¾ cup water into clay baker or tightly covered

2. Set oven at 300 and cook for 2 hours

3. Remove from oven, place vegetables inside baker and cook for another 1½ hours

By the way, it isn't necessary to preheat the oven for foods requiring more than an hour's cooking time. For shorter cooking times, ten minutes is ample preheating.

If you have several dishes to cook at slightly variant temperatures, say 325, 350, and 375 degrees, pick the average temperature (350) to cook all three, and remove each as it's done.

But don't open the oven door to peep. That will waste about a fifth of the oven heat.

Frozen meats and fowl will need less cooking if thawed in the refrigerator first.

For roasts or other foods that require long cooking times, the oven can be turned off for the last half hour or so. There will be enough retained heat to complete the roasting job. As far as ovenware goes, glass or ceramic transfers heat better than metal, and will allow you to lower the oven setting by 25 degrees from the cooking temperature given. Aluminum attracts heat better when it's clean and shiny.

And just a few words about pots and pans for top-of-range cooking. Pots should have well-fitting covers, straight sides and flat bottoms to capture the most heat possible from the range. It's a good energy-saving idea to use the right size pot for the range element, with the bottom of the pot covering the element but not extending more than an inch beyond the outer ring.

Monica Edwards

Thornhill funeral

A long-time resident of Thornhill, Mrs. Monica Edwards wife of John H. Edwards, Colonsay Road, passed away April 25 at York Central Hospital, following a brief illness.

Mrs. Edwards, the former Monica Martin was born at Milton, Ontario, the youngest of nine children. Her father's family founded the town of Milton in 1822 and she retained many ties with the area.

Besides her husband, John, who is now vice-principal of Langstaff Secondary School and former principal of Thornhill Secondary and Woodbridge High, Mrs. Edwards leaves two sons, Thomas and Gordon Leedle; two daughters, Sharon (Mrs. C. Ridsdale) and Noreen (Mrs. J. Masters); three sisters, Gladys Martin, Mabel (Mrs. F. Lott), Los Angeles, and Jessie (Mrs. J. Duncan), Peterborough; and two brothers, Dr. Carl Martin, Milton and Jasper Martin, Mississauga. There are also five grandchildren — David, Samantha, Tammy, Blair and Jimmy.

The funeral service was held in the chapel of the B.E. Ring Funeral Home, Thornhill, on Monday with Reverend Bernard Barrett of St. Mary's Anglican Church, Richmond Hill, officiating.

Interment was at Evergreen Cemetery, Milton, with Reverend Canon Frank Mason leading the prayers. Canon Mason had been a lifelong friend of Mrs. Edwards.

Mrs. Ernest Redelmeier of Richmond Hill gave the dedication address April 25 when a woods adjoining Black Creek Pioneer Village was named the Helen McCrear Peacock Woods in her honor. Mrs. Peacock was an enthusiastic volunteer of the Garden Club of Toronto landscaping project at Pioneer Village, located at Jane Street and Steeles Avenue. Shown unveiling a plaque are: Mrs. Peacock's daughter

Mrs. Walter Lind, Ontario Minister of the Environment William Newman, Mrs. Peacock's daughter Mrs. Denny Hamilton, Mrs. Peacock's husband Kenneth, Mrs. Redelmeier, Chairman Grant Henderson of the Metro Conservation Authority and Mrs. John Kinsey. Mrs. Lind and Mrs. Kinsey, representing The Garden Club of Toronto, performed the unveiling.

Pioneer Village woods dedicated

Six maple trees with identifying plaques were planted on Arbor Day at Metro Conservation offices on Shoreham Drive, honoring six noted conservationists of the Toronto area — two of them posthumously.

One of these was the late Major A.A. (Lex) Mackenzie, MC, of Woodbridge, who represented York North in the Legislative Assembly for more than a quarter of a century.

He was a strong supporter of the conservation authority's aims and left his log house to Black Creek Pioneer Village in honor of his pioneer forefathers.

Others honored were Alfred Barnes, Willowdale, former director of the Conservation Authorities Branch of the Ontario Ministry of Natural Resources; the late Harper Bull of Brampton, vice-chairman of Metro Conservation Authority in its formative years; Mrs. Elsa Neil of Willowdale (formerly of Thornhill) whose work laid the groundwork for design and construction of the Dalziel Barn Museum and adjoining Black Creek Pioneer Village; Charles

Auriol, Toronto, former executive director of the Metro Conservation Foundation; Charles Thompson, Toronto, deputy-treasurer and office manager of the authority from 1958 to 1971.
