Time for walk through area forests now

Feel like a walk in the Black Forest? Or maybe that's a bit too far from here.

If that's the case, how about settling for a couple of places closer by, such as the Uxbridge and Vivian Forests, which are anything but black.

Maybe not quite so green at this time of the year as they will be a little later on, but they still offer that mood of calmness and relaxation that one automatically seeks and expects when strolling through the woods.

And these particular woods will be doing more than just spreading their leafy arms to pray, they'll be spreading those same arms in a beckoning manner to any and all who enjoy hiking, especially during National Forest Week, which began May 4 and goes through to May 11.

Forest walks have been organized throughout Ontario, and at the two Maple district forests, they'll be held May 11 to wind up Forest Week, and will both start at 2:30 pm.

To get to Uxbridge Forest, just go three miles south of Uxbridge Village on Concession 7, where personnel from the ministry of natural resources will be there to lead the walk.

**Conducted tours**  
Vivian Forest is on the east side of Highway 48 and two miles north of the Ballantrae stoplight.

There, more ministry personnel will be on hand to conduct the hike through the second of these great reforestation areas.

Or you can go on your own, if you wish.

But alone or accompanied, those behind the walks, would like to see the woods full, so that you won't be able to see the forests for the people.

Or however the saying goes.

Musket fire Black Creek

The valleys of Cold Creek Conservation Area will echo to the sound of musket fire Sunday.

Beginning at 10 am the Upper Canada Rifles will demonstrate "Black Powder" action at the Metro Region Conservation Area in a 5 1/2 hour program.

The well-trained drill team will demonstrate its prowess in the use of old-time muskets and handguns to the delight of arms buffs and families.

A feature will be the "Buffalo Shoot" when the musketeers fire rifles balanced on cross sticks at targets 100 yards away.

Visitors will be able to get in on the action as the trap and small bore ranges will be operating as usual.

Cold Creek is located between Bolton and Nobleton, three miles north of the King Sideroad on Concession 11.

Further information may be obtained by telephoning Metro Conservation at 661-6600.

Rail crossing accidents

Rail crossing accidents are an enigma. One would expect they involve motorists who are unfamiliar with the rail crossing. But all too frequently that is not the case, the Ontario Safety League reports. In fact, most crossing accidents involve local residents, fully aware of local rail schedules. The problem is that trains are sometimes late, sometimes early, and sometimes unscheduled. And in a race with a train...the big guy always wins.
