

# Barrows join Joes on top

In the first game last week, the Town Auto Body wrecking crew behind the three hit pitching of Gary Oliver, handed Joe's Garage their second defeat in as many nights. The score was 6 to 3.

The second inning was when the Town boys did the most damage as Gord Wright drove in two rbi's with a home run, and Scott Mabley kept Joe's off balance with two stolen bases.

The winners got their six runs on seven hits. Brian Madley went the distance on the rubber for Joe's while Dave Nelson was their best offensive threat.

The second game saw Barrow's Insurance wipe out McKinlay Drywall 15 to 2. Here, again, it was the second inning that told the story when the insurance men piled up ten runs as Roger Ball drove in five runs including a grand slam blast.

Larry Guio worked four innings and Bill Hamilton the other three on the rubber for Barrows allowing the opposition only four hits between them.

For McKinlay, Dennis Sexton started and was replaced by Rick Carton when the "roof fell in".

**Jenkins, Barrows win**  
In the opener Wednesday Jenkin's Garden Supply snapped a two game losing streak as they dumped Ronald's Federated 7 to 1 behind the two hit pitching of Scott Ferguson.

The Gardeners scored once in the second when Dave Stuart tripled and scored as Bernie Hough sacrificed; twice in the third as Al McWilliams doubled, once in the fifth, and three times in the sixth, highlighted by Wayne Roffey's triple.

Ronalds got their one run in the third as Dave Black reached base on an error to the shortstop, and scored on Bob Bourke's double.

Ferguson went the route for Jenkins while Jim Cook worked the first four frames and gave way to John Regan for Ronalds. They gave up only six hits between them.

In the nightcap, the Town Auto Body wrecking crew were themselves wrecked by Barrow's Insurance, to the tune of 7 to 2.

The two clubs traded runs in the first inning. The second inning saw Barrows explode for four runs as Glen Wright, Doug Bell and Grant Rose each connected for two baggers.

Wright, in the sixth, received a life on an error to the right fielder who compounded the problem by making a bad throw and Wright and Barry Steven, the previous runner, both scored.

Town's second run was a home run blast by Steve Black in the seventh.

Rob Clephan started on the rubber for Town Auto and was replaced by Gary Oliver at the start of the third.

Barrows pitcher Bill Hamilton allowed Town only two hits.

**R.H. Auto, Joe's Garage win**  
Last Friday R.H. Auto Body dropped Barrow's Insurance 4 to 1.

Rob Forget opened with a single followed by another by Van Steffan, Ken Faulkner got a life on an error scoring Forget and Jim Clementt sacrificed, scoring Steffan. Paul Williams scored in the second as Forget singled him home. In the seventh Steffan singled, pitcher Alex Smith was

put on intentionally and Clement singled in Steffan.

With two gone in the bottom of the seventh Barry Steven got a life on an error to the shortstop and reached second base. Dave Joslin singled him home, then Lou Vanderploeg, in centre field made a sensational head-over-heels catch preventing Bill Hamilton from driving in another run, and ending the game.

Hamilton pitched the entire game for Barrows and Smith went the route for the winners.

In the twin bill, Joe's Garage had little trouble in trouncing Lake Wilcox 7 to 1.

The Lake opened the scoring in the top of the first with their only run, as Rick Shaw reached base on an error, advanced to third base on another error and was scored as Bruce Stevens sacrificed.

## R H minor soccer

By Jane Stel

Over the weekend of June 21-22 seven of our nine boys' town teams saw action in the Ontario Cup first round and sad to relate only two victories were recorded.

The draw did not favor the Hill teams as only one was drawn to play at home, six away from home and two with byes.

The squirts went to the Scarborough hotbed of minor soccer and went down 4-1 to a more methodical team. Our youngsters tried hard and gave a good account of themselves but the better team won with a much stronger attacking game.

The Richvale Lions minor atom team went down 9-0 to a strong Chinguacousy team, who are lords of the Halton and Peel County League. Playing with a bare team and no chance of substitution, the boys labored in depressing heat and ran out of gas well before the final whistle.

The Travelways major atom team, who were the only team to play at home, went down 7-1, to an Italian-Canadian team from the Niagara area. The team was thoroughly disjointed due to being shorthanded in over 90 degree weather, with crucial players missing and others playing in unaccustomed positions.

The Gamma minor mosquito team received a bye in this round while their CFGM major counterparts recorded the first victory for Hill teams with a 1-0 win over a previously undefeated Pickering team. A good hard game was reported with the lone score going to Peter Agnostopolopolous after a fine solo run.

The peewee minor team ran into an avalanche of goals by a Mississauga team, who didn't stop until they had reached 12. This is a new team recently put together and needs much more time to gain cohesion and experience.

The second Hill victory came from the major peewee team, who travelled to London to defeat that city's Hungarians 5-1. We hope to have details next week.

The minor bantam team had a bye while the major bantams made another long trek to Thorold, where they lost the battle 1-0 in what is reported as an excellent game.

Again there were just enough players to field a team and little chance of substitution during 90

minutes of soccer in the heat and humidity. The Hillers had the opportunity to pull this one out of the fire with a penalty kick just before the end.

Alas, the kick went astray and the boys came home empty-handed.

(The news has just arrived that three of the four teams in the second round of the cup have been drawn at home. The games must be played either July 5 or 6.)

Last weekend saw soccer action with opposition from Rochester. Comments from these games will be forthcoming next week.

Both minor and major atom teams in the North York Area League continued to display encouraging form.

The Richvale Lions minors took on Yorkville and in a fairly even game, Richard Gray and Ken Harrington took advantage of their chances and gave the team a 2-0 win.

Allan Hobbs continues his fine defending efforts and Alan Wilson in goal has kept a clean sheet for three consecutive league games.

Travelways major team easily overcame a Willowdale "C" team although the score was tight at 2-1. A scrappy game by normal standards with the locals too anxious to score and therefore missing the net on many occasions. Bill McMurray and Richard Brown made the correct contact to eke out this win.

CFGM major mosquitos continued to pound away for final league honors when they overcame an Armourdale side 5-2. The locals started this game in a risky manner, allowing the opposition the first two goals but then settled down to serious play and ran out easy winners.

Peter Del Grosso led the way with two markers while Adrian Steenson, Peter Agnostopolopolous and Paul Beckwith netted once each.

Gamma Foundry minor mosquitos retained their unbeaten record in a 3-3 tie at Yorkview. In a rather scrappy game the foundry boys' defence gave up three bad goals.

Scorers for Gamma were Ed Main, Neil Smith (penalty shot) and Jim Gourlay. The team would like to welcome back Kenny Jensen who has many inroads into "enemy territory". Scorers were Allison Laing (3), Kim Wilson and Susan Morelli.

In the Scarborough St. Andrew League Don Mills defeated Richmond Hill 2-1. The Hillers gave a very good performance, with emphasis on defensive play as Dianne McDowell scored.

Next week's games and referees:

Squirts: July 8 — Sanderson Gulf vs Aurora Gulf — Tom Jensen; Baif Bombers vs RH Maple Leafs — Herman Murphy. Travelways and Ratcliffs to Aurora.

Atoms: July 8 — Lamb Moving vs Doane Hall — Dave Kenny; Concord Auto vs JU Carpet — Leonard Castelletti. Tournaments and Thornhill Village to Aurora.

Mosquito: July 9 — A&W vs Aurora Travel — Ian Spiers; RH Legion vs Midway Machinery — Ivor Bevan. Pony to Aurora.

Peewee: July 7 — Flair vs St. Andrew's (Aurora) Gord Cardwell. Baymar to Aurora.

marked as to what will be built there and that citizens who don't wish arenas to be built near them be able to have their complaints heard by the council. All agreed on this idea.

In regards to allotting ice time, Mayor Schiller recommended that Sunday afternoon, rather than Wednesday afternoon be set aside for public skating. Councillor Burnie said he felt it didn't make any difference when public skating was allowed "because it has been proven that public skating is a flop. After the start of the season, the crowds thin out".

Councillor Lynton Friedburg added that gangs of youths have recently been scaring the public away from the rinks despite patrols by police. After these comments, Mayor Schiller recommended that the arena association be able to reconsider the time for public skating in the event that in the 75-76 season they are unsuccessful.

In regard to finances, Mayor Schiller recommended to the council that future requests for debentures be considered taking into account that all or part of them may become tax liabilities. This will be the first time, if used, that the council will have to consider grants to stabilize arena rates, according to the mayor. The mayor also noted that council feels repairs to arenas should

be an operating expense in keeping with the current tax levy, and that the council is now looking at debenturing major single works instead of lumping them all together.

Councillor Sackfield said the Arena Association had asked council for \$50,000 to repair rotting sideboards in the Bond Lake Arena, but the request was set aside along with a request for funds to fix the roof of the eight-year-old building. "The rotten timbers had to be ripped out and plywood put in", explained Mr. Sackfield, "and that cost \$3,500 alone for what can only be called temporary repairs".

It was also suggested by Mayor Schiller that the five percent allowance given to local hockey and figure skating groups who pay their fees by October 15 be reduced to two percent. This would reduce the savings to the groups from \$1,000 to \$600, but the mayor said council should consider this \$600 enough incentive to get the money in on time.

The meeting ended after two hours with Mayor Schiller's comment that a historical record should be drawn up covering the arena committee meetings for future use by those involved with arenas in the town. He also voiced the hope that an investigation of this magnitude would not have to be undertaken again.

## Golf tourney

Craig Snider took first place with a 68 in the annual golf tournament of the Men's Club of St. Gabriel's Anglican Church at Royal Downs Golf Club, Bathurst Street, June 8.

Allen Lemoine was second with a 71 and Scott Seltzer was third with a 72. In all twenty players participated.

After the tournament the golfers went back to the church where their wives had a pot luck supper ready for them.
