

Best all-round student at Crosby Heights

Laura Cornes
Top Grade 8 student

Congratulations to Miss Laura Cornes, oldest daughter of Mr. and Mrs. Robert Cornes. Laura was awarded a trophy at her school as the best all-round girl athlete; the Eldon Gooding award of a beautiful book on Canada as the best all-around student.

Laura also stood second highest with a percentage of 85.4 percent in York County Board of Education academic achievement award.

These awards were presented on Wednesday night at the graduation exercises at Crosby

Heights Senior Public School. Laura was chosen from a Grade 8 graduating class of 250 students. We feel it was very fitting a Gormley girl should receive the Eldon Gooding award, as he was active in this community in his pre-teaching years.

He also married a Gormley girl and was married in the local Missionary Church.

100 enjoyed strawberries at festival

Correspondent Peggy Castle 884-7302

I must confess I've been very lazy this past week. I'll blame it on the extremely hot weather we've been having.

It's simply drained my energy. Consequently I have very little to report.

The strawberry social held June 21 at the Rowland Burr Craft House was fairly successful. More than 100 people showed up to enjoy the strawberries, good music, and, of course, bid on a variety of articles being auctioned.

Still speaking about auctions, be sure to come to the auction tomorrow night in the Hillcrest Mall.

I have looked at the bulletin board in the centre court, and there are a lot of terrific items that would please anyone listed for auction.

The money you pay for these articles will be given to York Central Hospital, so try and come out tomorrow. It starts at 7 pm and goes on until 9 pm.

See you there!

Neighborhood notes
Happy birthday to Lynn Weagle of Weldrick Road who celebrated her fourth birthday last week prior to departing for Winnipeg with her mother, Allison, and brother, Robert.

Best wishes to Robert Olak of Brightway Crescent who celebrated his sixth birthday on June 26.

I'll be leaving on holidays soon. I plan to visit my old stomping grounds in Calgary and Vancouver.

If anyone would like to write this column please phone The Liberal or me.

White spruce has been the only lumber commercially exploited to any extent in the Yukon. Other species found in certain regions are black spruce, lodgepole and jackpine, balsam polar, trembling aspen and white birch. Also found are balsam fir and tamarack.

Painting is the quickest and easiest way to refresh ceiling, however, it is not the most decorative. Ceiling tile is the cure-all solution if you don't want to bother with peeling off wallpaper and patching cracks. Also a file ceiling gives a room a smart, contemporary look. Other materials you might not have thought about for ceilings include various wood panelings. Teamed with light walls and contemporary furniture, a wood ceiling creates a dramatic effect. Another way to add glamour to your ceilings is to install fake beams. Boxlike vinyl beams that fasten to wood strips nailed to the ceiling, or light weight plastic foam beams that you glue in place can be used to create the look of "rustic" which presents a certain warmth. You have to actually touch the beams to tell them from the real thing. You'll find LOUGHLIN LUMBER & PREFAB is the perfect place to purchase all your home supply needs. Building products including shingles, paints by Glidden, hand tools by Stanley, cedar fencing and locks by Weiser are carried.
