WEEKEND SILENT SALESMAN

The automobile dealers listed on this page are closed Saturdays (and of course Sundays) during July and August. However, they are conscious of the fact that some people like to look over a dealer's selection on the weekend, then call about a particular car or truck on Monday.

To assist the auto-buying public, these dealers have introduced "Weekend Silent Salesman". Check the great buys on new and used vehicles on this page. Come out this weekend and look them over. All the information about the car of your choice will be in the windshield.
