

Ratepayers will meet November 18

Correspondent
Marion Hohener
889-6653

Ward 3 Ratepayers will meet at the Blue Flame Room — 8 p.m. November 18. This is the time to find out exactly what has been happening in the ward during the last six months and more important, how these changes or plans affect us, the taxpayers.

Roy Clifton will tell us how the recycling

program is progressing and we will hear from Regional Councillor Gord Rowe regarding the Markham Road underpass. Many taxpayers feel we do not have a strong enough voice in the region in this regard.

Since education costs take up a great part of our taxes, everyone wants to know where that money is going — and if we are getting value for that money. Warren Baillie, one of the three trustees

hill ward 3

for Richmond Hill, will be on hand to fill in some of the facts and figures.

With new rumors flying daily as to the uses of the jail farm property, it will be good to hear from Ward 3 Councillor John Birchall on this topic — and any other concerns ratepayers may have. He

will be there Tuesday to answer any questions and put us straight on some of those rumors! Everyone is welcome.

Coffee will be served, remembering that many a problem has been solved and many a question answered over a cup of coffee.

Confirmation
Monday, November 17, is Confirmation Day for many grade eight students in the area.

Bishop F.V. Allen will administer the Sacrament at St. Mary Immaculate Roman Catholic Church.

The students are being asked to search themselves for the reasons why they want to be confirmed, and in so doing they are helped to find a set of true Christian values to keep for the rest of their lives. This is quite a change from the old system when the student

knew given answers to questions, without always fully understanding their true meaning.

Religious education in the separate schools is based on this self awareness and finding God through experiences in life. Religion classes for public school pupils are held after the 9 a.m. Mass every Sunday morning.

Poor roads
The quality of the road

surface on Duncan Road and the roads in the immediate vicinity are cause for many grumblings and mumblings by area residents, but it seems these noises will be in vain. The roads will not be treated or surfaced as originally planned due to extra work needed on the recently completed ditch program. For more information call the Richmond Hill Works Department at 885-8101.
