FRANKLIN FIREPLACE

The Franklin is an enchanting beauty that enhances the decor of any room you put it in. With the doors open, you have a bright and cheerful fireplace; use the optional swing-out grill for year-round barbecuing. With the doors closed, heating efficiency improves considerably; the heavy cast iron frame then retains the heat and gently radiates it into the room. The Franklin uses wood, coal or charcoal and features built-in damper control. Adaptable for gas logs. Chimney is not included. Screen included.
