UNIONVILLE — Last week GO Transit announced a fare increase on its York region to Toronto routes.

The increase amounts to approximately 15 per cent for Markham residents and 12 per cent over-all.

The increase became effective Sunday. Cost of a trip from Markham to downtown Toronto will rise from \$1 to \$1.15. A ride on the route from Markham to Finch subway station, formerly 50 cents, now costs 60 cents.

This is GO's first fare increase in York region since the fall of 1972.

New Tennis Facilities
Unionville's Tennis Club will be building new courts and a club house in the near future.

A recently awarded Wintario grant will subsidize construction of these facilities.

Registration for club

membership will be held April 28 at Crosby Memorial Arena during the afternoon and evening.

A dance is planned to get the season rolling and celebrate acquisition of new facilities. Details about the dance, scheduled for May 7, will be available next week.

Minister on Television
Rev. Howard Richardson, of Unionville Alliance Church, is a regular speaker on the Lifeline show, a religious discussion program on Channel 10 at 6 p.m. Mondays.

The program features guest speakers and occasional interviews, and deals with many contemporary theological themes, questions and conflicts.

Rev. Richardson holds New Life Bible Study at 202 Elka Drive in Richmond Hill on alternate Mondays from 8 p.m. until about 9 p.m. This is a discussion group for all ages, and sometimes features guest speakers.

Rev. Richardson invites Unionville and Markham residents to become members.

For more information, telephone Unionville

Alliance Church at 297-1104.

Gardening Programs
Pyramid gardening will be the topic when Toronto gardening authority Gilbert Milne speaks at Unionville's Centennial Library tomorrow night. The lecture begins at 8:30 p.m.

The pyramid technique is an unusual, though supposedly very successful, gardening method.

It involves placing an open pyramid structure

over plants to aid their growth.

For those of us who have trouble keeping plants alive, this method could be worth studying.

April 15 the library's special guest will be Lorraine Surcouf, author of the recently published book, *Growing a Green Thumb*.

This will be theme of her presentation, which begins at 8:30 p.m.

The book, and Ms. Surcouf's lecture, will deal with ways and means of giving children an interest in gardening, with emphasis on organic gardening.

Special programs at the library resume next fall.
