

Marion Ballard guest preacher

MAPLE — St. Stephen's Anglican Church in Maple welcomes a Presbyterian minister to its pulpit Sunday at the 11 a.m. service.

Rev. Marion Ballard is a graduate of McMaster University, and Knox Theological College at University of Toronto.

She was the first woman in the Presbyterian Church in Canada to study for the purpose of becoming an ordained minister in this denomination, although at that time the way was not open.

Marion Ballard held to her convictions and loyalty to her church. By the time ordination of women to the ministry became the rule of the Presbyterian Church, she had accepted a job as a social worker, a position she holds at present.

Nursery registration

King City Day Nursery is having

maple news

registration May 12 for next fall's classes.

Hours are from 9 a.m. until 11:30 a.m. at King City United Church, located on Elizabeth Grove, King City.

The non-denominational school is a co-operative one and accepts children between the ages of 2½ and five.

It serves King City, Maple and surrounding areas.

For further information call Nancy Martin at 833-6383.

Ratepayers meet

Maple Ratepayers annual meeting will be held tonight (Wednesday) at

7:30 in St. Stephen's Anglican Church Hall.

Open house

Seems like the Birketts can't get away from boats. They've recently bought a new company that manufactures sailboats.

An open house is being held Saturday from 9 a.m. until 6 p.m. at 541 Piercy Road in Bolton.

If you would enjoy seeing how fibreglass sailboats are constructed, come along.

Announcement

Gardening? Could you use some tips? Art Drysdale from the Civic Garden Centre will be at Joseph A. Gibson School May 11 and 18 from 8 until 9:30 p.m.

Please call Pauline Steele at 832-1481 or Sylvia Pickles at 832-2093 for further information.

Wins draw prize

Winner of a weekend at the Hyatt Regency Hotel, a draw prize at the recent Arthritis Society's dance, was Linda McDonald of 263 Forde Cres., in King City.

An interesting side note is that Miss McDonald purchased the ticket at Perry's Drug Store here in Maple not necessarily for the prize, but with the intention of giving a donation to the Canadian Arthritis Society.

Evidently, everyone who attended the Bluebird Hoedown is enthusiastically looking forward to the next dance, planned for this fall.

Luncheon is served

The Women's Group of Maple United Church have come up with a new and interesting fund-raising idea. May 20 at 12:30 p.m. at the Church

Hall in Maple, they are having a luncheon supplied by a company called Luncheon is Served.

For \$1.75, there will be a full course luncheon, a speaker who will give helpful household hints and some budget-wise recipes.

For further information, please call 832-1473 or 832-1110.

Cheque presented

When Maple Lions held its annual charter and ladies' night, a dinner-dance, highlight of the evening was the presentation to the York Lions Steel

Band of a cheque for \$300. This money will go toward the travel arrangements for the group, which will represent Multiple District A Lions in the 1976 convention parade in Hawaii at the end of June.

Chance to recycle

Anyone who is spring cleaning and has large or small household items no longer needed would perhaps consider turning them over to either the Lions Club for its fall auction or to Maple United Church for its auction.

However, Vaughan Township is doing a general pickup Saturday.

Conference at Waldorf School

THORNHILL — An invitational conference on education involving academic leaders from universities and teacher training institutes in Ontario takes place Friday and Saturday at the Toronto Waldorf School, Bathurst St., Vaughan.

This Conference, the first of its kind, will be centred on the theme, Searching for Values in Education.

Werner Glas, director of the Waldorf Institute of Detroit, will be moderator.

The Conference is being sponsored by the Waldorf School Association of Ontario and will be held in conjunction with the annual open house and exhibition at the school.

Delegates to the conference will join faculty, parents and friends for a candlelight buffet supper

preceding the events, presented by the parents to raise funds for the school's construction project.

All visitors will be welcome to come to see the school Friday evening from 7:30 to 9:30 p.m. and on Saturday from 10 a.m. to 4 p.m.

Displays of children's work will illustrate the school's curriculum, and an exhibit of the science program from Grade 1 through Grade 9 will be featured.

The faculty of the school will be on hand during the open house to explain the school's program and philosophy.

Waldorf schools are widely recognized for their emphasis on understanding child development, and their approach to teacher responsibilities.

STOP BEDWETTING

When will my child stop wetting the bed ranks high on the questions most often asked of the family physician. If this condition is ignored it can result in deterioration of a child's character, personality and educational achievement.

The Enuretic Consultant to the Mayo Clinic reports in his many syndicated newspaper articles on bedwetting that not all patients are children and that army physicians show that a surprising amount of young soldiers are still bedwetters and have never outgrown the habit. Cures in the words of One Ottawa psychologist are as many as the doctors consulted. Drugs are widely used but more often than not relief is only temporary he said. The United Enuretic Centre has provided a permanent correction for over 5,000 children and adults across Canada who suffered from this embarrassing problem. This entirely new method developed after years of research provides almost instant relief and a dry bed after only two or three weeks by a simple procedure applied in the home by the parents without use of drugs, shocks, tears or discomfort.

Because of the extremely high success ratio achieved by this method, a pilot project was begun by the United Enuretic Centre for the British Columbian Government to assist foster children in that province.

The Ottawa Journal reported that a University of Ottawa child psychologist said that the sleep research technique as used by U.E.S.C. was quite acceptable.

Recommended and used by doctors for their own children.
