

## Region has new logo

NEWMARKET — The region of York has adopted a new logo for future use on all correspondence, regional vehicles and properties. Since the introduction by the Canada Post Office of the metric system, requiring that the bottom inch of all envelopes be free of printing, the region found it necessary to discard its vertical symbol.

envelope logo to meet the Canada Post Office requirements," Jack Rettie, chief regional administrator explained.

"We felt that the letterhead should match the envelope logo."

The new logo, he says, is a "composite design development" created by Rettie, Regional Clerk Robert Vernon, and designers from Multi Speed Forms Ltd.

Cost of the logo is nominal, Rettie says, and has been incorporated in the cost of new envelopes.

## Y program

An exchange program is among international Y activities. Visiting York region this month is Hollis Day, (right), of the Port-of-Prince YMCA. Bruce Cook, (left), of Richmond Hill will be spending August in Trinidad.

## Y leaders exchange locations

YORK REGION — Gwen Halliday, of the York Region Family Y, reports that this year, the Y will be working with its counterpart in Port-of-Spain, Trinidad, on a leadership exchange program.

Hollis Day, a leader with the Port-of-Spain YMCA, will be spending four weeks working with the York Region Y day camp program as a camp counsellor.

Bruce Cook, a volunteer leader with the Richmond Hill Y, will spend the month of August working in Trinidad with the Port-of-Spain YMCA summer recreation program.

The program in which Hollis and Bruce are participating is part of an international education program sponsored by the Central Ontario Lakeshore Y.

In this program, leaders from the West End Y, Central Y and Richmond Hill Y will be exchanging responsibilities with Y leaders in Trinidad and Aruba.

The Central Ontario Lakeshore Y, of which the Richmond Hill Y is a member, has been involved in a partnership program with the YMCA in Port-of-Spain, Trinidad, since 1968.

The partnership program had two major thrusts — the first, to work with the Port-of-Spain YMCA to train community leaders, and secondly, to develop a self-sustaining recreation program.

10,000 participants  
The YMCA in Port-of-Spain now has four full-time program staff, and 40 volunteer senior leaders. Staff and leaders conduct programs in aquatics, basketball, day camp, and physical fitness. At present 10,000 people per year are involved in YMCA activities.

The YMCA conducts its program from a completely renovated swimming pool and newly constructed keep-fit centre in Port-of-Spain.

The Port-of-Spain Y has recently been granted a tract of land by the Port Authority for the Y's day camp program.

The YMCA in Port-of-Spain now is completely self-sustaining.

The Richmond Hill Y, says Mrs. Halliday, is "very pleased to have one of the Trinidadian-trained leaders to participate in the camp program in Richmond Hill."

"We are also certain Bruce Cook will have a very fine experience working with the YMCA in Trinidad."
