

Liberals lose their candidate

KING — Margaret Britnell has made good her threat to withdraw as a provincial Liberal candidate and to seek re-election as mayor of King Township. Britnell was an opponent of York North Conservative MPP William Hodgson in the 1975 election and was nominated by her party this year to run again in the next provincial election. At the nomination convention she edged Woodbridge lawyer John Poot by only four votes. Britnell, now in her second term as mayor, hinted several weeks ago that she might give up the provincial nomination to run again as mayor against Councillor William Long. The York North Liberal Association will call a new nomination meeting to find another candidate, but the time and place have not yet been decided. Jim Wilson, association president, said in a press release the party executive "regrets the decision... but appreciates the reasons presented."

Margaret Britnell...will stay in King

Luxury home subdivision gets Vaughan's approval

MAPLE — Vaughan council Monday approved a subdivision agreement for a 99-lot luxury development just outside Richmond Hill. The agreement with Millview Investments Ltd., covers land in lots 26 to 29 of Conc. 2 west of Bathurst Street and north of Erin Mills Parkway. Town engineer Richard Kraft said the lots have 150-foot frontage with a depth of 330 feet. There will be a central water system in the estate residential subdivision. Asked if there should be phasing in

such a large residential development, Kraft said "selling the lots is not my problem. It is (Cam) Milani's problem." He added that there is only one main street through the subdivision and it made sense to build it all at once. Milani will be required to build a 12-inch watermain from Stockdale Crescent to the northern limit of the subdivision. But Council agreed Sept. 27 to request a grant from Central Mortgage and Housing Corporation, and any money

obtained from this source would be provided to the owner. The subdivision agreement was authorized although approvals are still needed from the ministry of the environment, Regional Municipality of York and Metropolitan Toronto and Region Conservation Authority. The developer must pay the town \$4,950 for trees, \$36,360 for hydro facilities, \$32,190 for engineering, \$153,440 in lot levies, \$95 per dwelling unit for water meters and \$125 per unit for hydro service lines.
