

**The Fulfords**

Mr. and Mrs. David Fulford (left) and Mr. and Mrs. Richard Fulford were married in a double wedding ceremony held Saturday at St. John's Anglican Church in Willowdale. The brides are sisters and the grooms, brothers.

## Sister brides for two brothers

THORNHILL — In a wedding ceremony held at St. John's Anglican Church in Willowdale on Saturday, two Thornhill sisters married two brothers of a Willowdale family.

Heather Michele Du Quesne Connell of 26 Vanwood Rd. became the bride of Richard Alan Fulford of 168 Lord Seaton Road in Willowdale, while her sister, Marcelline Lucille Du Quesne Connell became the bride of William David Fulford.

The brides are the daughters of Mr. and Mrs. Harold F. Connell who have been residents of Thornhill for seven years after moving here from England.

The grooms are the sons of Mr. and Mrs. William Harold Fulford, Willowdale residents for 21 years.

Richard Fulford, a graduate of York Mills Collegiate, is a salesman with Kenscott Ltd. while David Fulford, a graduate of York Mills Collegiate and Ryerson Polytechnical Institute, is completing studies in accountancy.

Bride Michele, a graduate of Thornhill Secondary School is employed by Northern Telecom while bride

Marcelline has just completed a nursing program at St. Joseph's Hospital affiliated with George Brown College.

The ceremony, which took place at 3:30 p.m., was conducted by Reverend Canon O'Neill. Music was played by Morris White, director of music and organist at St. John's Anglican Church.

Bride Michele was given in marriage by her father while bride Marcelline was escorted by her brother Nigel Connell.

Both brides wore organza dresses with stand up collars, a scalloped bodice delicately embroidered with alencon lace accented with chrystal beads and lustre pearls opaque.

Michele was attended by matron of honor Jane Selley, her groom's sister while Marcelline was attended by matron of honor, Wendy Connell, her sister-in-law.

Richard's best man was Dave Marshall, a friend from Willowdale, while David's best man was Dr. Jon Selley, his brother-in-law.

The wedding was attended by 125 people who later met at the Thornhill

Country Club for a dinner reception given by the brides' parents.

Mr. and Mrs. Richard Fulford will spend their honeymoon in Quebec City and return to their home in Weston while Mr. and Mrs. David Fulford will honeymoon at the Pocono Mountains in Pennsylvania and return to their Willowdale home.

## Health is well being

By Mrs. Shomais Afnan  
5th generation  
Baha'i Faith

RICHMOND HILL — Good health depends on the condition of a person's spirit.

Think of the many people whose physical health has been shattered by disease, or accident, yet whose resilient spirit have kept them 'healthy'.

Physically, we in the Western countries are the healthiest people in the world, but in areas of social, mental and

spiritual health, we have fallen ill. Weakening of the family unit is one major factor in our declining social health. Lack of the sense of identity and security that good family relationships give lead to mental and emotional problems.

In Africa hundreds of thousands of people are living what seems to them

normal lives while being afflicted by any number of undiagnosed diseases. In terms of mental, social and spiritual health we are the same way.

### A more efficient design

Perhaps you thought one furnace burner was much like another? Well, that's certainly not true anymore!

Compared to conventional models, the new thermoshell furnace with Clean-Start Burner can reduce the amount of fuel you burn by as much as 10%. This advanced design is the result of our continuing program to find ways to conserve fuel.

**How it saves fuel.** Your furnace goes on and off thousands of times each winter. Every time it does, some fuel is not burnt efficiently. Result? Smoky flare-ups with energy-robbing soot deposited on burner, furnace interior and flue pipe. When it's shut off some oil may leak into the combustion chamber, too.

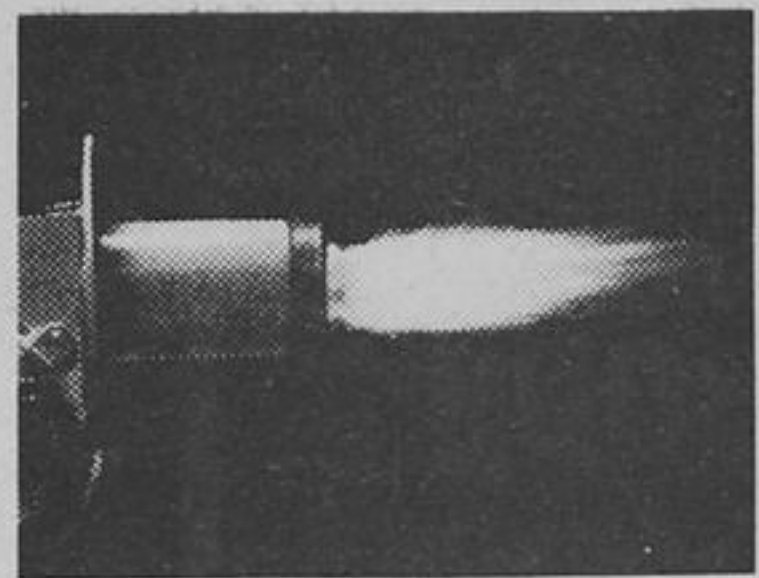

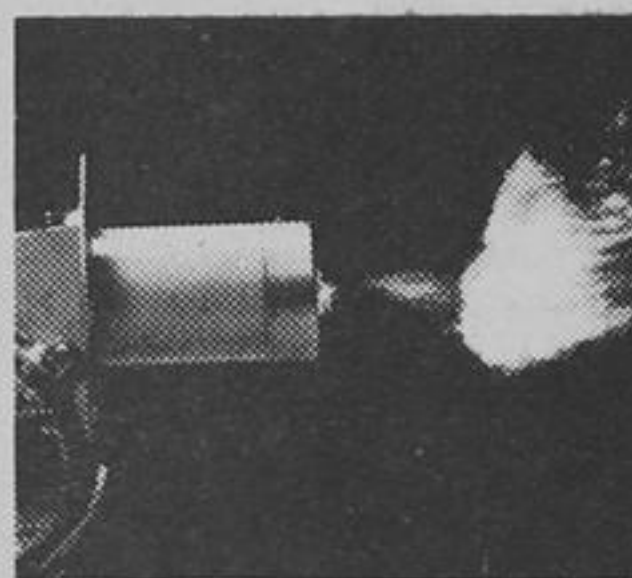

The thermoshell furnace overcomes these problems with a delayed start-up that allows a stabilized air flow/oil pressure to ensure split-second ignition. It also stops instantly on shut-off.

Our Clean-Start Burner has other advantages, too. A higher furnace efficiency than provided by older gun-type burners. And this efficiency can be maintained throughout the heating season. It also reduces soot emissions to the atmosphere.

If you're building a new home, or your furnace is on its last legs, give serious thought to this amazingly efficient furnace. If you pay \$450 a year for fuel oil, it could mean a saving of \$45!

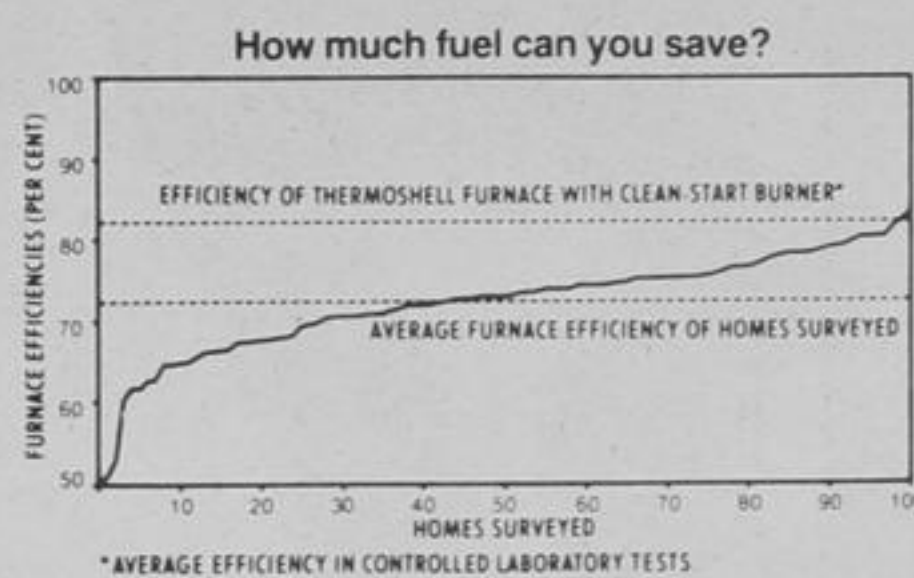

### Clean-Start Burner in action!

LEFT: The large, irregular flame from an old-style gun burner. RIGHT: You can see the Clean-Start Burner has a more intense and stable flame. It is also cleaner so there's less accumulation of energy-robbing soot.

### How much fuel can you save?

Chart shows average efficiency of old-style burner-furnace units in a recent survey of Canadian homes. You can see that over 95% of the units were working below the 82.5% efficiency of our unit. In fact, 40% were working 10% or more below the efficiency of the thermoshell unit! (The average efficiency of all the homes was 72.5%). Now you know why we say that this amazing burner-furnace unit could reduce your fuel oil consumption by 10% or more!

### Free fuel economy guide

This informative thermoshell booklet is filled with useful hints to help you cut fuel bills and keep your home comfortable.

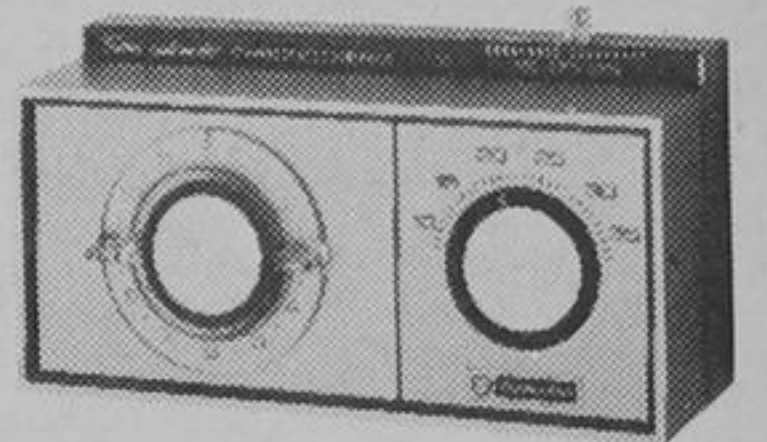

### Save while you sleep!

The thermoshell Chronotherm Thermostat by Honeywell can help cut your annual fuel bill by up to 10%.\*

Just lower the temperature setting before you go to bed. In the morning, the Chronotherm automatically returns your home to daytime comfort. So you save fuel while you sleep and still wake up in comfort.

You can install the thermoshell Chronotherm Thermostat yourself in a matter of minutes.

Phone or mail coupon for full information about this fuel-saving device.

### Avoid maintenance problems

**Comprehensive Protection Plan:** One low price gives you protection on vital parts of your heating unit. Emergency service is available should your system develop trouble.

You also get one annual furnace clean-out and burner tune-up. That's an important service in itself. According to the government\* an efficient furnace-burner can cut your fuel bill significantly.

With features like these, our Comprehensive Protection Plan could soon pay for itself in lower operating costs and peace of mind.

\*Estimates of fuel savings from the Department of Energy, Mines and Resources book, "100 ways to save energy and money in the home."

### Pay by the month

You can pay for your thermoshell fuel oil, and any of the products and services described in this advertisement, in convenient amounts on our Equal-Monthly-Payment-Plan.
