

Anniversary-finale

Fortieth anniversary service was also the final service when members of Langstaff Baptist Church met Sunday at their brick building at the corner of Highway 7 and Yonge Street. The church is right in the path of the proposed Parkway Belt West hydro corridor. It's 45

members now will be joining with the Willowdale Baptist Church at Yonge and Finch. Above, church board chairman Roy Carter of Richmond Hill stands with Rev. Don Whitelaw.

Security. Income. And flexibility.
No wonder they're Canada's most popular investment.

For over 30 years Canada Savings Bonds have been the most popular investment in Canada. Literally millions of Canadians have used Canada Savings Bonds as a way to build a solid financial base. They're simple, straightforward and easy to understand. They're a great way to save. Here's why.

Flexibility.

They're flexible, because you can buy Canada Savings Bonds in various denominations, for cash or on instalments wherever you bank or invest. And they're cashable anytime, at their full face value plus earned interest. This year, the purchase limit has been set at \$15,000.

Security.

Canada Savings Bonds are secure because they're backed by all the resources of Canada.

Two Kinds.

A. Fully registered bonds. These bonds are registered as to both principal and interest. The interest is sent to you automatically by cheque each year on November 1st. They are available in denominations of \$500, \$1,000 and \$5,000.

B. Coupon bonds. These bonds are registered as to principal and have annual interest coupons payable to bearer. They are available in denominations of \$50, \$100, \$500, \$1,000 and \$5,000.

Income.

They pay good income, an average annual interest to maturity in 1985 of 9.13%. Each \$100 bond begins with \$8.50 interest the first year and then pays \$9.25 interest for each of the remaining 8 years.
