Freezer should suit family's needs

RICHMOND HILL — Thinking of buying a

freezer? The biggest is not always the best.

Officers elected

THORNHILL — The Thornhill branch of York Central Hospital Auxiliary held the annual meeting on Jan. 17 in Heintzman House.

Auxiliary president, Mrs. Lois Jempson installed the following officers for 1977: chairman, Mrs. Susan Rae; vice-chairman, Mrs. Marion Simpson; treasurer, Mrs. Marjorie Montgomery; secretary, Mrs. Evelyn Burden.

The over 90 members of the Thornhill branch raise funds and work as volunteers at the hospital. Those interested in joining the group can call Mrs. Elinor Allison at 889-7969.

Food specialists at the Ontario Food Council, Ministry of Agriculture and Food suggest buying a freezer that suits your needs.

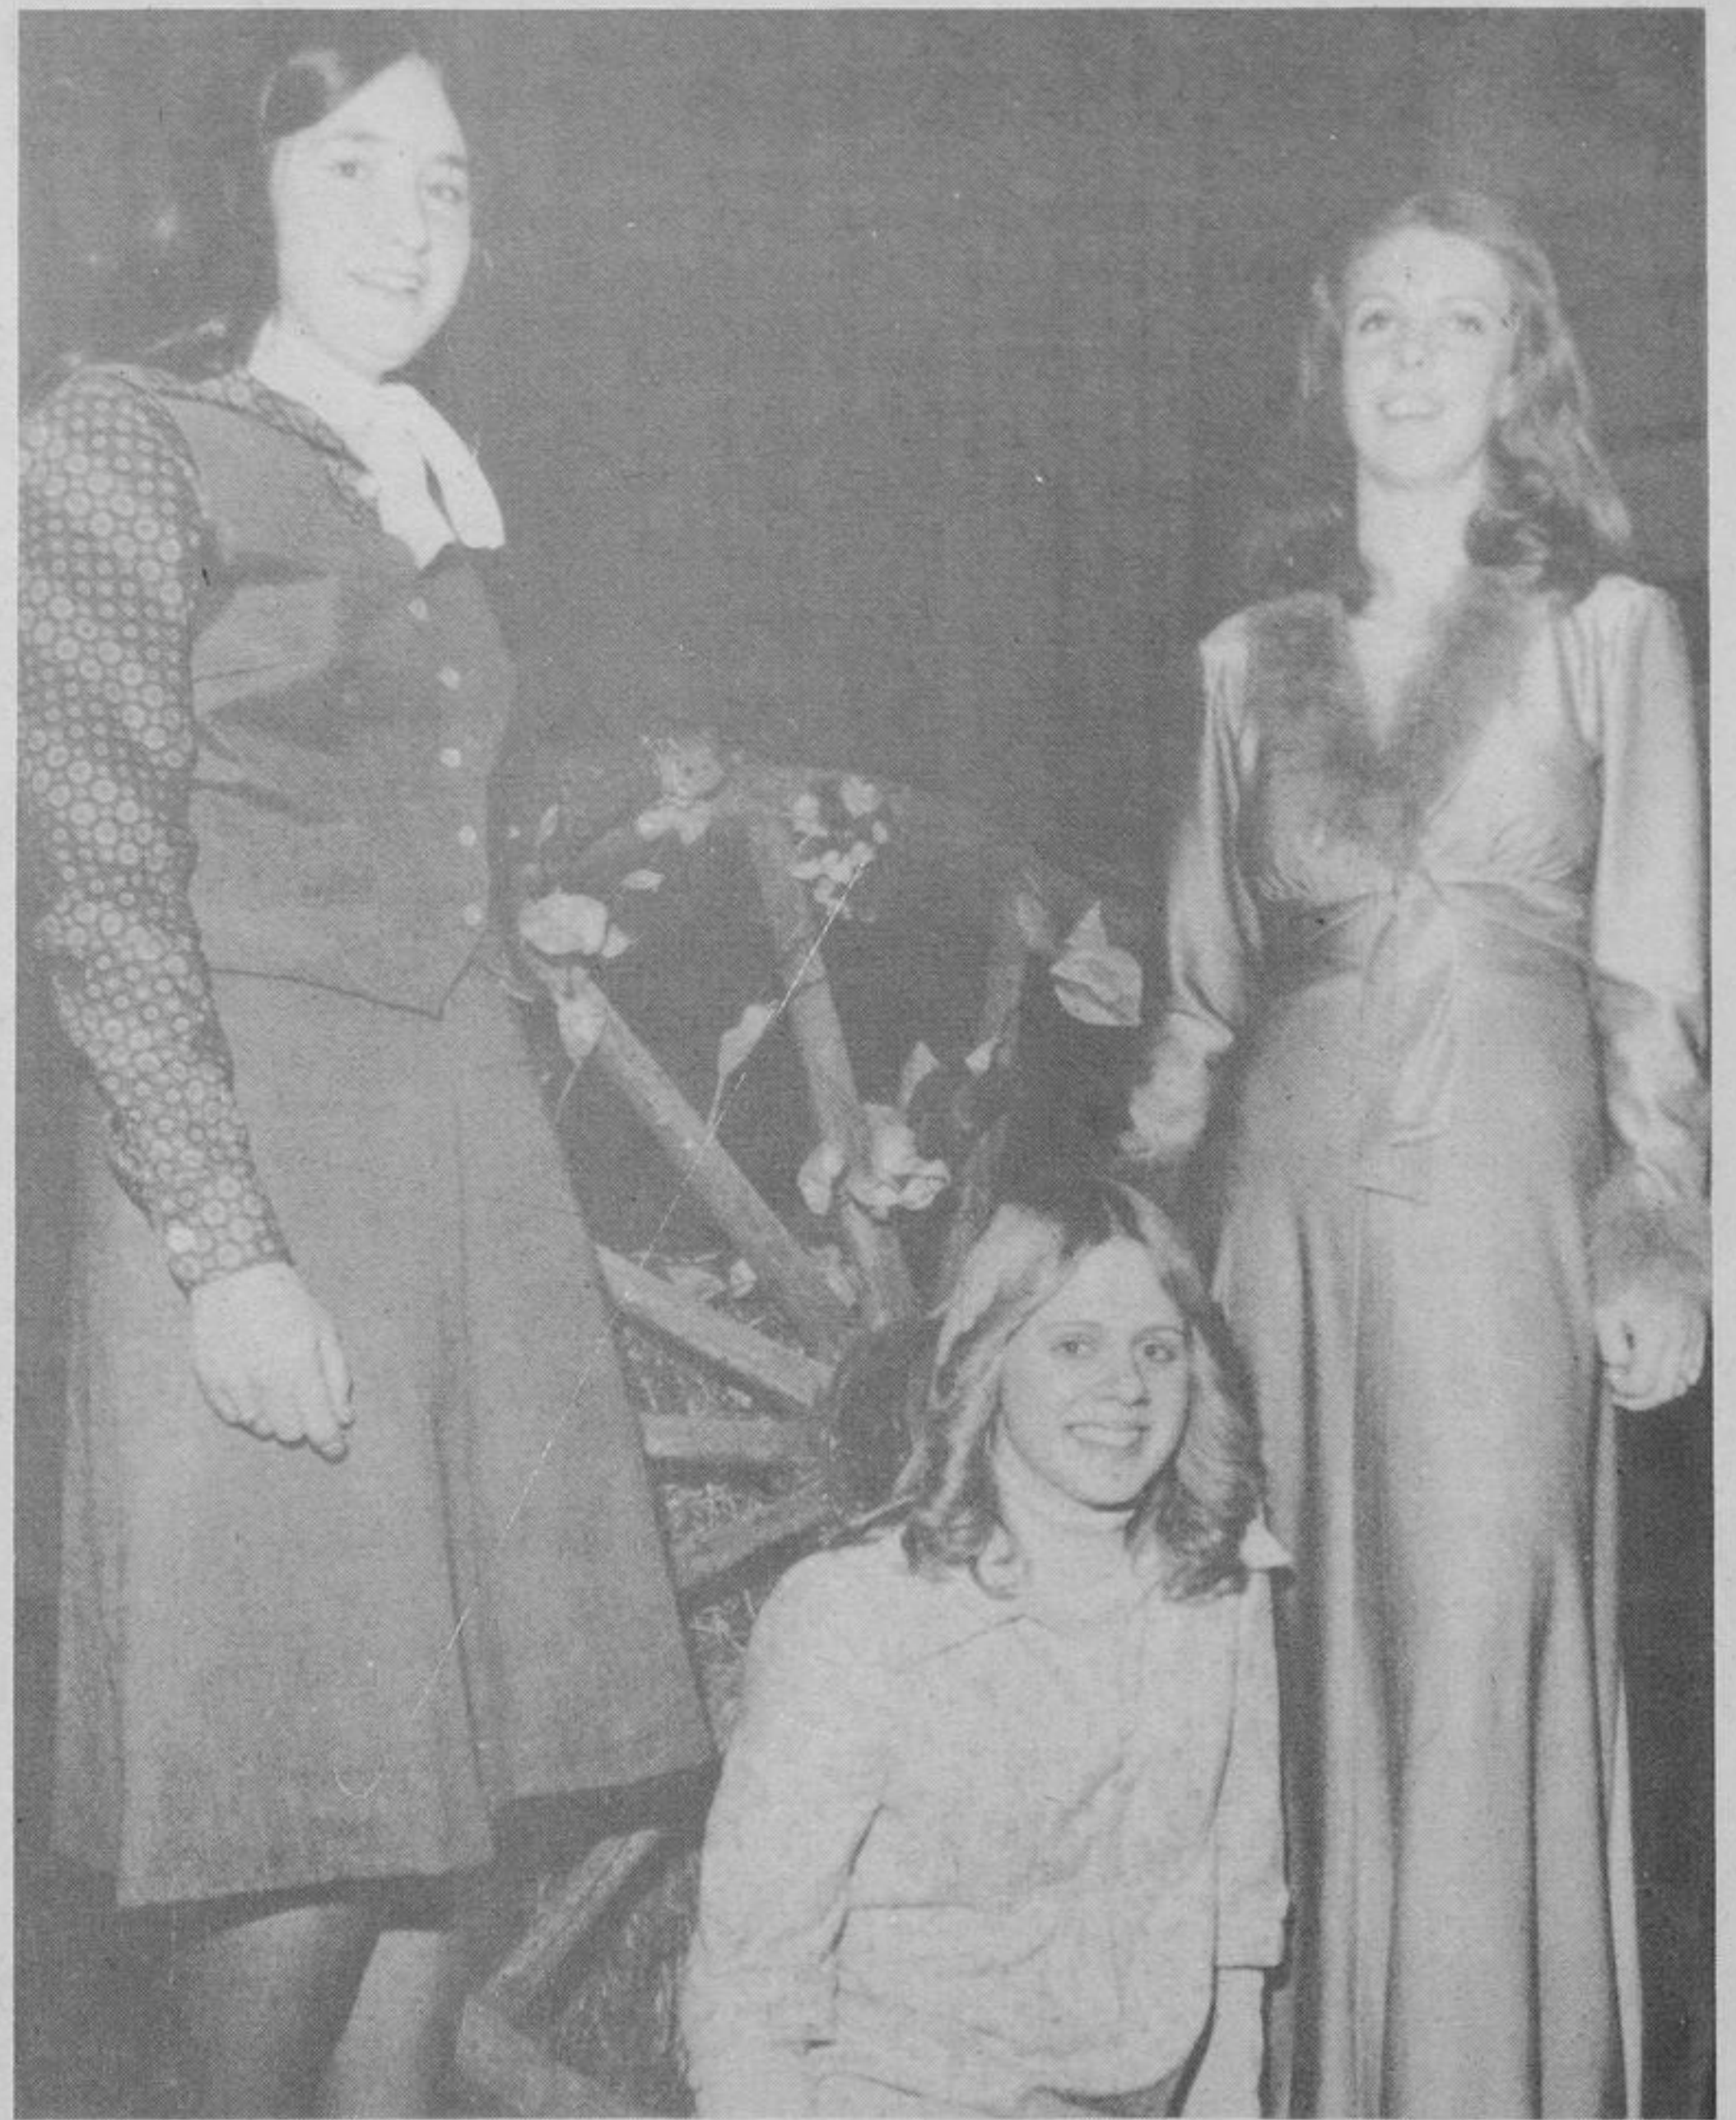

A good rule of thumb is to allow six cubic feet per person. If you wish to convert this to pounds, simply multiply the number of cubic feet by 34

to get the approximate number of pounds that a freezer will hold. A freezer should always be used to capacity. It costs as much to operate a partially loaded freezer as it does to operate a full one.

Just think of food in the freezer as you would convert this to pounds, account. What is taken out should be replaced.

Rotary travelogue

RICHMOND HILL — A Rotary Club Travelogue entitled the Kingdom of Tonga with Clint Denn will be held at Bayview Secondary School Feb. 3 at 8 p.m. For tickets and information call 884-2918.
