ELECTROHOME

SAVE \$50! 'Pioneer' Soundmates —
balanced stereo system

PIONEER

Model ES2000
Simpsons Regular Price, \$399
Now, system

\$349

Each component is carefully mated from stylus to speaker grille. Advanced-design stereo receiver has all the features you need to give you the sound you want. Separate bass, treble, tone controls. Terminals for tape deck and player, extra speakers; "Speaker Matrix" connections. MIC Mixing lets you add your voice to taped or recorded music. AM/FM tuner combines FET (Field effect transistor) for noise-free reception and advanced solid state circuitry for excellent sensitivity. Signal-strength meter; wide linear dial scale allows for

precise tuning. Precision turntable has automatic return and cut-off, plus 4-pole synchronous motor. Static-balanced S-shaped tone-arm with magnetic cartridge and diamond stylus. Two-way bass-reflex speaker systems — 6 1/4" woofer and 3 1/2" cone-type tweeter in each rosewood-finish cabinet. Receiver about 17 1/4" W x 5 1/4" H x 13 3/8" D. Turntable about 17 1/4" W x 6 3/4" H x 13 3/8" D. Speakers about 11" W x 18 3/4" H x 7 1/2" D each.
