

Hill students visit Waterloo University

Some 60 students from Richmond Hill High School were guests of the Faculty of Science at the University of Waterloo Friday.

They were part of 340 students and teachers from 11 Ontario high schools who were invited to the university.

The students sat in on regular science lectures and took part in lab sessions.

According to Reg Friesen, one of the organizers of the visits, the event is intended to "give the high school people an accurate impression of a typical day in the life of a UW science student".

He says Waterloo has been operating its science day visiting program for nine years, and more than 30,000 Ontario high school

students have participated. The science visiting program will continue every Friday until mid-March.

Approximately 150 high schools in the province are participating in this year's program.

Markham approves 1,761 homes

A total of 1,761 housing units were approved by Markham Town Council last week.

The units, representing four subdivisions, were given final study and sent to York Region for approval.

The largest, with 1,561 units, is proposed for 16th Avenue, west of the Ninth Concession.

It would house 5,620 people in 848 semi-detached and 713 detached dwellings.

Applicants are Mintleaf Developments Ltd., Kipark Construction Ltd., and Brian Mathers.

Another project on the Eighth Concession would have 141 units on 23 acres, including 31 detached and 110 semi-detached homes.

Developers are Cadillac-Fairview Corporation and Maylar Construction Ltd.

Silver-Elm Holdings Ltd. plans to build 14 townhouses, 16 semi-detached and nine detached houses, near the Cadillac development.

On the east side of the Eighth Concession, south of Highway 7, Maylar Construction Ltd. plans 18 semi-detached and two detached homes.

Weller's motion called for the program to be terminated at the secondary level, and the positions of responsibility to be discontinued.

Both positions are to be ended under terms of an agreement between the board and the Ontario Secondary School Teachers' Federation.

The future of the master teachers will be discussed at a public meeting, sometime before the end of the year.

The elementary program with the master teachers was phased out by the board when setting up its budget for this year.
