Minor atoms win, tie

Richmond Hill Minor Atom 'A's had a good weekend away from home having a 3-1 win over Aurora and a 4-4 tie with Orillia.

Saturday's game in Aurora was a 1-1 tie in the first period with Pat Dickinson scoring from Robbie Jackma. Nearing the end of the third period, Danny Jensen scored the tiebreaker, assisted by Todd Savoye.

Red hot!
The Richmond Hill Firefighters continued their winning ways last week by defeating Guelph 5-2.

Al McKenzie opened the scoring in the first period on a pass from Larry Shier. Their lead was shortlived as Guelph scored two minutes later to tie the score.
Dave Olson got a goal midway through the second period from Rod Chapman but Guelph scored again just before the period ended to tie the score again.
The third period belonged to Richmond Hill with Jim Lawson scoring from Rod Chapman and David Olson.

Another fund raiser planned for the trip is a dance on January 14. And the boys hope to bring in more money through a paper recycling drive already underway. However, they are looking for more customers on their Saturday morning routes.

They'll be happy to pick up newspapers or telephone books — no glossy papers — from your home.
Call 884-3942, 883-1253 or 884-2560 for more information.

In Orillia on Sunday, the Bondstealers were down 1-0 when Derek DiBattiste scored from Danny Jensen and Todd Savoye. Pat Dickinson's goal from Robbie Jackma

put them ahead 2-1 until Orillia scored two goals. Pat Dickinson put in another goal, assisted by Russell Armstrong to tie it up.
Danny Jensen scored the go-ahead goal from Derek DiBattiste, and the game looked like a win until the eighth second mark when Orillia scored to tie the game.
Goalie Robbie Bell made a number of great plays for Richmond Hill.

With two seconds to go in the game, Pat Dickinson scored again, assisted by Brian McKenna to insure the win. Mauro Paoletti was strong in net for Richmond Hill.

Magnas settle for tie

The Richmond Hill Magna Midgets blew a 4-1 lead and had to settle for a 4-4 tie against Orillia Friday night.
Leading Magna offensively were Jeff Brookes with three goals and Danny Iafano with three assists. The latter was playing his first game with Magna and he showed that he will be a good asset to the team.
The other goal was scored by Shawn McKenzie with other assists to Craig Peterkin, two, and Paul Mills.

Sunday night saw Magna playing an exhibition game against Oak Ridges Midgets and losing 6-2.
Both teams seemed to be disorganized for the first period and the start appeared to be over-anxious.
As a result, Oak Ridges

ran up a 4-2 lead before the opening period was over.
After that both teams settled down and played better hockey.
Oak Ridges showed better team play and came away with the win in a clean, fast hockey game.
Magna's goals were scored by Jeff Brookes from Paul Mills' and by Gary Bubeloff unassisted.

"OK, December 4 is the day. Tell me again how Unemployment Insurance qualifications are changing."

New legislation has changed some of the ground rules of our UI program. Parliament has decided that people who live in areas of high unemployment will be given certain advantages over those who live where jobs are more plentiful. Which means that, as of December 4, you'll need more insurable work weeks to qualify for Unemployment Insurance benefits.

"10 to 14 weeks, depending on where you live, right?"

Right again. In regions of low unemployment, claimants will need up to 14 weeks of insurable employment to get UI benefits. This will only happen in places where it's easier to get and keep a job. In regions of high unemployment, claimants will need as little as 10 weeks to qualify. But until December 4, the entrance requirement remains at eight weeks wherever you live.

"How about the two week waiting period?"

No change. The basic two week waiting period remains the same everywhere. And so do the rules on the waiting period when a claimant has left his or her job for no good reason or been fired for misconduct. In such cases, a claimant may have to wait up to eight weeks from when employment ends until benefits start.

"How much of the benefit changed?"

Absolutely not. The UI benefit rate stays at two-thirds of your average weekly insurable earnings. The maximum is \$147, less tax.

"Anything else I should know?"

The maximum time for which anyone may receive benefits has changed slightly. The old maximum was 51 weeks. Now it's 50 weeks. But since September 11, the total number of weeks for which a claimant qualifies has more closely reflected the unemployment rate in his or her region.

Right now, we measure unemployment by dividing Canada into 16 economic regions. Later, in 1978, we will fine-tune the program to 54 regions so that UI will be even more closely related to the local labour market conditions. Also, there's maternity, sickness and age 65 benefits.

Previously, sickness benefits were only payable during the first 39 weeks of the claim. Now they are payable at any time during the entire benefit period. Maternity benefits of 15 weeks and the special one-time benefit (equal to three weeks' benefits) at age 65 remains the same. The same people still pay for the program in the same proportions, and the types of employment insurable for UI remain the same, too.

And, as explained in the box below, you still go to the familiar locations for both UI offices and Canada Manpower Centres. Watch for changes in your area.

The Unemployment Insurance Commission and the Department of Manpower and Immigration have become the Canada Employment and Immigration Commission. For a time, you'll still see our local offices identified as Unemployment Insurance offices or Canada Manpower Centres. When they're together in one location, they'll be called Canada Employment Centres.
