Best buy in boats is right now....

By ALEX EBERSPAECHER
Now is the time to look in the want ads for the best buy in boats and motors. Not only can you end up with a good used outfit from private hands, but many dealers have slashed their prices. For those who would like to look at a brand new outfit or for people like me who can only afford to dream about it, the annual winter excursion into boating takes place January 13-22 at Exhibition Place in Toronto.
This show is estimated to attract about 150,000 visitors. All the money, as with all the Canadian National Sportsmen's shows, will go in aid of conservation.
The largest sailboat on display will be the 55 foot Swede for a mere \$145,000 while the largest power cruiser is a 41 foot Chris-Craft.
Of course those boats are strictly for the dreamers but I have been told that the more versatile family and fishing boats have been given a large share of the space. Johnson has a 235 hp outboard motor on display and for a change of pace, the Honda 7.5 hp fishing motor eliminates mixing oil in their four stroke design unit. Whatever your fancy, one thing is for sure - if you are a dreamer, a boater or a fisherman, there is lots to see and do at Canada's largest marine show.
The hours on weekdays are from noon to 10:30 p.m., Saturdays from 10:30 a.m. to 10:30 p.m. and Sundays from 1:00 p.m. to 7:00 p.m. Admission is \$3.00 for adults, youths 13 to 17 \$2.00, children from 5 to 12 \$1.00.

TACKLE BOXES
Now is the time to clean out those tackle boxes. Not only will you get rid of a few pounds of sand and mud that has collected over the past year, but you will also get an idea of what you will need in the coming season. Sportsmen's Show time is not too far off!
Wash your tackle box out with warm water and soap and let it dry thoroughly. Get some metal polish and shine those flat dirty lures. The hooks on most lures can be exchanged for sharp ones or at least sharpened with a small stone.
In the past, I have taken all Bucktails and other wooly contraptions off all my lures. I feel that if you put one of those wet lures into the box, it will give off enough water to rust most of your hooks and spinners. One final word about rubber worms. Be careful as some of them will dissolve the liners of your tackle box and sometimes even the whole box.

Hill wins
The Richmond Hill Minor Atom A's edged Newmarket 2-1 on Saturday but lost 5-1 to Aurora Sunday.
Saturday's game saw Richmond Hill goals by Todd Savoye unassisted; and by Russell Armstrong from Dave Nicol and Danny Jensen.
Derek DiBattista got the lone Richmond Hill goal in the Aurora game from Danny Jensen.

BIRD BOX WORKSHOP
As more and more of Southern Ontario is covered by housing and industrial development, the natural habitat and nesting grounds of our native birds are being destroyed.
With this in mind, the Ministry of Natural Resources is holding its annual Bird Box Workshop at Maple. These workshops are held to give interested individuals a chance to get involved in providing nesting structures for birds.
The workshop will begin with a slide presentation on wildlife habitat in both urban and rural areas. The rest of the time you will spend hammering together prefabricated bird boxes. You may select from boxes for bluebirds, wood
