There's an opportunity now for you to buy into a private enclave of richly appointed Towne Home Residences.

Residences where your privacy is guaranteed by the brick wall that encloses this unusual community.

You will live in remarkable luxury.

Outside, your home will be a reproduction of elegant Georgian design, right down to small details such as weathervanes, cupolas, decorative wrought iron work, and decorative brick work.

Within, today's engineering blends perfectly with the past. These three and four bedroom homes all provide you with well over 2,000 square feet of sumptuous living area, 2 and 3 fireplaces, 3 bathrooms, walkouts to patios, central air conditioning, imported pedestal wash basins, superior quality wall to wall carpet, and numerous other specially obtained features.

A private enclave of richly appointed Towne Home Residences. From \$93,500 to \$106,000. John and Yonge Streets, just North of Steeles Avenue, in Thornhill.

Of course, each home is engineered to exceed today's accepted construction standards, with the inclusion of special energy conservation features. These include a Heat Pump for climate control, and improved insulation.

Careful attention to every detail of every home is evident throughout. Entry ways paved in interlocking stones, cultured marble vanity tops, molded Colonial doors and trim, antique style lever door hardware, built in dishwasher, built in cutting board in the kitchen, and up to 160 foot deep ravine properties, all combine to set these homes apart from the ordinary.

Take advantage of this limited opportunity to buy into a totally private community.

There is none other like it.
