

Soccer clinics underway in Hill

By PAT KELLY
Various members of the Richmond Hill Minor Soccer Club executive are busy getting things ready for the coming season.

More than 20 coaches are attending the soccer clinic as described in last week's Liberal.
Some coaches are already getting their players' skills sharpened in indoor training sessions at school gymnasiums. Others will shortly be contacting players with a view to beginning the pre-season warm-up.

Soccer schools
Plans are going ahead for two separate sessions of soccer schools this summer.

The soccer school sessions will be run by Manitowabing Soccer Camps headed by Jeff Stephen and Ray Clarke and staffed by other professional or semi-

professional players and coaches. Parents and players who appreciate how much these schools can do to supplement the coaches' work and sharpen the players' skills will want to make a note of the dates and place, right now. Sessions will be conducted at Crosby Senior Public School from July 3 to July 7 and from August 27 to 31. Cost will be approximately \$45. More details on the soccer school will be given in future articles in The Liberal.

BOOT EXCHANGE
Every summer some young players discover that their feet have grown faster than the rest of them and are caught in the difficulty of trying to buy new soccer boots just when boots are in short supply.

In hockey, skate exchanges have proven a popular way to cut down costs of outfitting young players. Anyone interested in organizing a book exchange should contact Bill Duncan, Director of Equipment and offer their services. His phone number is 884-4997.

SPONSORS
Clarence Stel, Sponsorship Director, has already contacted some of the 40-odd firms which sponsored soccer teams last season.

He feels sure there are many other firms out there that would like to see their names blazoned across the front of a soccer sweater.

They may not know how to go about getting that done. The solution? Phone Clarence at 884-2560 and learn at what a reasonable cost you can get lots of publicity while helping to promote sport for young people.
